## Appointments are one click away with MyChart

Making an appointment at a clinic is now easier than ever. Use the MyChart patient portal to schedule an appointment, request an appointment or cancel an upcoming visit with your primary care physician. Prior to your scheduled visit with your provider, you can use E-Check In to update insurance information, medications, allergies, fill out questionnaires and sign documents.

4. Fill out Required Information:

5. Or Use Mobile App:
