Act 104 of 1983, Special Session states that student discipline policies are to be provided to parents and students so that they are advised of the rules and regulations by which the school is governed and made aware of the behavior that will call for disciplinary action and the types of corrective actions that may be imposed.

In accordance with Act 104, the Lonoke School District requires parents and students of Lonoke Schools to receive a handbook and to provide documentation of receipt of the same. Parents and students should pay close attention to the attendance policies. Please note: Objection to Publication of Directory Information form may be obtained in main offices.

Failure to file this form within that time is a specific grant of permission to publish such information.

## **FOREWORD**

The Lonoke School District works hard to provide a safe and orderly environment that supports all aspects of learning through effective communication and high expectations of appropriate behavior. Effective and positive discipline preserves the time needed for meaningful instruction necessary for student achievement.

The 2014-2015 Parent/Student Handbook for Student Conduct and Discipline is designed for students, parents, principals, and teachers. Its main purpose is to clearly set forth the standards and limits for behavior established by state law and the Board of Education. It also describes the various administrative actions taken when standards of behavior are violated. The Handbook is annually reviewed and revised as needed by parents, students, and District personnel.

Please review the contents of the Handbook and indicate that you have done so by signing and returning the signature page to the principal's office of your child's school. The review and your signature are a requirement of Act 104 of 1993. If your child fails to return this form, disciplinary action may be necessary.

We sincerely hope that all who use this Handbook do so realizing the importance of the student's responsibility for his/her own acceptable behavior. You can be assured that all District personnel will work diligently to ensure a positive learning environment for all students.

Dr. Suzanne Bailey  
Superintendent

## **TO THE STUDENTS**

This document has been prepared for the purpose of outlining to you the expectations of the Lonoke School District in regard to student conduct.

The district recognizes that students are guaranteed full rights of citizenship by the United States Constitution; and these rights may not be denied except in accordance with due process of law. The district further recognizes that with these rights there are responsibilities which are designed to help all participants acquire the full benefits of the educational program, regardless of race, sex, creed, or national origin.

It is impossible to list in this handbook all of the rules and guidelines for students and staff use. Therefore, the contents of this handbook should not be construed to limit or deny your rights and responsibilities on your own campus as a member of the student body or as a citizen, neither should it be construed as limiting or denying your principal the right and responsibility to develop such necessary rules and regulations that are not inconsistent with federal and state laws and Board of Education policies and regulations.

Each student will receive a copy of the policy handbook and will be required to sign a statement of receipt.

## Parents' Right-To-Know Letter

Dear Parent or Guardian,

In keeping with the guidelines of Section 1111 of the No Child Left Behind Act of 2001, the Lonoke School District will provide information upon request (and in a timely manner) to the parents of students attending any school, within the district, which receives federal funding. Information will be provided regarding the professional qualifications of the student's classroom teachers, including the following:

1. Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
4. Whether the child is provided services by paraprofessionals and, if so, their qualifications.
5. Information on the level of achievement of the parent's child in each of the State academic assessments as required under No Child Left Behind.
6. Timely notice that the parent's child has been assigned, or has been taught for four or more consecutive weeks by, a teacher who is not highly qualified.

This information may be obtained by submitting a written request to the superintendent's office.

Sincerely,

*Amanda Rather*

## LONOKE SCHOOL DISTRICT

### Mission Statement

The mission of the Lonoke School District is to create an environment that provides all students with academic skills and responsible citizenship.

### Vision Statement

The vision of Lonoke School District is for our students to become responsible and effective leaders of society.

### Alma Mata

Here's to Lonoke,  
Dear old Lonoke,  
To the school we love the best,  
With her colors gaily flying  
She will always stand the test.  
When we leave you,  
We will grieve you:  
You'll always be our greatest pride;  
And just to show you how much we owe you,  
We'll always root for you, Lonoke High!

### Lonoke Jackrabbit Sportsmanship Creed

We will always cheer for our Jackrabbits and not against our opponents  
We always treat our athletic opponents and their fans as our friends and guests  
We will accept the decisions of officials and we will applaud our players' efforts rather than hissing and booing  
We will not condone abusive remarks toward the opposition or the officials either from the sidelines or the bleachers  
We will always seek to win with fairness and within the rules of the contest  
We will try to win without boasting and lose without excuses  
We will always remember who we are and what our purposes are whether at home or on the road.

## **WELCOME**

A very cordial welcome is extended to each of you attending Lonoke Middle School. Your educational journey, at this level, will have far-reaching effects on your future and success. As you attend our school, you will receive training designed to prepare you for that future.

## **VISITOR IDENTIFICATION**

Safety and security of our students is of utmost importance to the Lonoke School District. All exit doors are not accessible from the outside. You may gain access to our office through the main entrance once you have initiated the button on the outside wall and identified yourself with proper identification. Upon entrance, please report directly to the office. Visitors with business at the school are welcome. For safety and security, all visitors will register in the school office and obtain the appropriate identification badge. School officials will detain persons on school property without the appropriate identification badge. All persons on school grounds, in school buildings, or at school sponsored events must identify themselves to school authorities upon request.

## **STUDENT DELIVERY TO SCHOOL**

Students are to be delivered to school either by car or bus **no earlier than 7:30 a.m.** each school day.

## **OUR CAMPUS**

The cleanliness of our campus, inside and outside, is a reflection on all of us. All students should do their part to maintain a clean campus. Trash should be disposed of in trash containers. As we have more than one lunch period, it is important for students to pick up after themselves in the dining area.

## **USE OF TELEPHONE**

Students will not be called from classes to answer the telephone except in case of emergency. Students may not use the office telephone without permission from office personnel and then only in case of emergency.

## **FOOD AND DRINK**

Food and drink will not be allowed in buildings during school hours unless authorized by the administration. Gum chewing will not be allowed at Lonoke Middle School.

## **CLOSED CAMPUS**

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day unless given permission to leave the campus by a school official. Students must sign out in the office upon their departure.

## **LEAVING CAMPUS**

No student will leave school or his/her designated area or assigned learning station until he/she has permission from building administrators or designees. Request by parents to checkout students should not be excessive as this may disrupt the education process.

Student(s) may leave only after permission has been granted and after properly signing out in the principal's office. Leaving school without proper permission or properly signing out will be considered an act of truancy. (See "Infractions to Avoid" rule(s) 5 & 6, page 40). Eighteen-year old students living with their parent(s) or guardian(s) are not allowed to check themselves out of school unless parent/guardian has made contact with school personnel.

## **CHECKING IN AND CHECKING OUT**

A parent must accompany students arriving late to school. It is the parents' responsibility to report to the office and sign the check-in sheet in order for students to proceed to class. When being checked out, students will not be summoned to office until parent's arrival to office. Students are not permitted to leave campus for any reason before checking out through the office.

A parent or guardian must grant permission before a student will be allowed to check out. A parent must be present to check the student out. Parents must notify the office in advance of any approved designees who may check in or check out their children. Other students are not permitted to check in or check out middle school students.

Students may not walk home for lunch or check themselves out for lunch. Parents who bring lunch for their child must bring it to the principal's office.

## **PARENT INVOLVEMENT PLAN**

Lonoke Middle School has developed a Parent Involvement Plan through a committee consisting of teachers and parents. Lonoke Middle School will communicate with parents through monthly newsletters, our website, mailing of *Progress Reports* and *Report Cards*, emails, phone calls, and personal contacts. We plan to increase parental involvement and build staff and parent capacity through our preschool orientations, one parent/teacher conference each semester, and encourage parents' participation in various roles within our school. Parents will be provided a list of volunteer opportunities during our orientations. We will raise parent awareness of procedures and related activities when transitioning from Lonoke Elementary School and to Lonoke High School through orientation programs. We will also provide instruction to parents on how to incorporate developmentally appropriate learning activities in the home environment through our Parent Center. We have developed a *School-Parent-Student Compact* outlining the shared responsibilities of improving student achievement. Through the advisement of parent members of our leadership team, decisions will be made regarding our school improvement plan. Resources will be provided to parents through our website, informational packets, Parent Resource Center, and *Student Handbook*. Parents will evaluate our parental involvement efforts through the completion of a survey, and this in turn, will assist in our planning for the next school year. An annual Title I meeting will be held each school year.

## **SECTION 504 OF THE REHABILITATION ACT OF 1973**

Section 504 is a federal law that prohibits discrimination against individuals with a disability in any program receiving federal assistance. The Act defines a person with a disability as anyone who:

1. has a mental or physical impairment which substantially limits one or more major life activities (major life activities include activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working);
2. has a record of such impairment; or
3. is regarded as having such an impairment

The Lonoke School District recognizes its responsibility to avoid discrimination in policies and practices regarding its personnel, students and their parents. No discrimination against any person solely due to his/her disability will knowingly be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and if the child has a current disability and is determined to be eligible under Section 504, to afford access to appropriate educational programs.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) specify rights related to educational records. This Act gives the parent/guardian or eligible student the right to: 1) inspect and review the child's educational records; 2) make copies of these records; 3) receive a list of all persons having access to those records; 4) ask for an explanation of any item in the records; 5) ask for an amendment to any report on the grounds that it is misleading, inaccurate, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment.

If there are any questions, please feel free to contact Cindy O'Riley, Director of Special Programs. 501-676-7066 or email: [cindy.oriley@lonokeschools.org](mailto:cindy.oriley@lonokeschools.org)

## **Lonoke School District-Formal Grievance Procedure §504, ADA**

The Lonoke School District has adopted an internal grievance procedure providing for prompt and equitable resolutions of complaints alleging any action prohibited by the U.S. Department of Health and Human Services regulations (45 C.F.R. Part 84), implementing Section 504 of the Rehabilitation Act of 1973 as amended (29 U.S.C. 794).

### GRIEVANCE PROCEDURE

Any person who believes he/she has a valid basis for grievance under Section 504 or the Americans with Disabilities Act shall be provided a copy of this policy by the school administrator or §504 building coordinator and shall follow the given procedure:

**Step 1:** Complainant shall meet with the administrator and §504 building coordinator of the school where the alleged grievance occurred and informally discuss the alleged grievance and the requested solution. The administrator and/or building coordinator will complete Form A of the Grievance Procedure and submit a copy to the complainant and the district §504 coordinator. If a satisfactory solution is not reached, the administrator/§504 building coordinator shall give a copy of the grievance procedure to the complainant and the complainant shall proceed to Step 2.

**Step 2:** A formal, written complaint should be filed with the District §504/ADA Coordinator, Mrs. Cindy O'Riley, within thirty (30) business days after the complainant meets with the building administrator and §504 coordinator and should include the following information: (1) name and address of person filing the complaint; (2) a brief description of the alleged violation, including a clear, concise statement of the complaint and the regulation(s) for which there is an alleged violation; (3) the decision rendered previously; (4) the remedy sought.

**Step 3:** An investigation, as may be appropriate, will follow the filing of the complaint. The district coordinator will conduct the investigation and will forward to the complainant and appropriate administrators a written determination as to the validity of the complaint and a description of the resolution, if any, no later than fifteen (15) business days after its filing. If the complainant is not satisfied with the proposed resolution, he/she should request, from the district coordinator, a copy of Form B (Reconsideration of the Case) and proceed to Step 4.

**Step 4:** Complainant should submit a completed copy of Form B to the school superintendent no later than (15) business days after receipt of proposed resolution in Step 3. The superintendent will respond to the complainant's request on Form B within fifteen (15) business days of its submission by the complainant. If the complainant is not satisfied with the superintendent's decision, he/she may proceed to Step 5.

**Step 5:** Complainant may pursue other remedies, including filing a complaint with the Office for Civil Rights at:

## SERVICE ANIMALS IN DISTRICT FACILITIES

In accordance with the provisions of the Americans with Disabilities Act and Arkansas statutes, service dogs and trained miniature horses (hereinafter referred to as *service animals*) are permitted for use by individuals with disabilities on district property and in district facilities provided the individuals and their animals meet the requirements and responsibilities covered in this policy.

When an individual with a disability seeks to bring a service animal into a district facility, the district is entitled to ask the individual if the animal is required because of a disability and what work or task the animal has been trained to perform. The district is not entitled to ask for documentation that the animal has been properly trained, but the individual bringing the animal into a district facility will be held accountable for the animal's behavior.

Any service animal brought into a district facility by an individual with a disability must have been trained to do work or perform tasks for the individual. The work or tasks performed by the service animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do **not** constitute work or tasks for the purposes of this policy; no animal brought solely for any of these reasons shall be permitted on school grounds.

Individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of a public entity's facilities where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go.

A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control by means of voice control, signals, or other effective means.

A service animal shall be groomed to prevent shedding and dander and shall be kept clean of fleas and ticks.

District staff may ask an individual with a disability to remove a service animal from the premises if:

1. The animal is out of control and the animal's handler does not take effective action to control it;
2. The animal is not housebroken; or
3. Making reasonable accommodations for the service animal's presence would fundamentally alter the nature of the service, program, or activity.

If the district excludes a service animal due to the reasons listed above, the district shall give the individual with a disability the opportunity to participate in the service, program, or activity without having the service animal on the premises.

The District and its staff are not responsible for the care or supervision of a service animal brought onto district property or into district facilities by an individual with a disability. Students with service animals are expected to care for and supervise their animal. In the case of a young child or a student with disabilities who is unable to care for or supervise the service animal, the parent is responsible for providing care and supervision of the animal. Prior to working in the school, any person responsible for providing care and supervision of the animal must go through the same process for background checks as required of all employees of the school system.

The District shall not ask or require an individual with a disability to pay a surcharge, even if people accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets.

## SECTION II-STUDENT POLICIES

### RESIDENCE REQUIREMENTS

#### **Definitions:**

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside. A student may use the residential address of a legal guardian, person having legal, lawful control of the student under order of a court, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, or other persons having lawful control of the person under an order of a court reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parents or guardians for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parents, guardians, or other persons having lawful control of him or her under an order of a court, the person must actually reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

## ENTRANCE REQUIREMENTS

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.40—HOMELESS STUDENTS or in policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, who will become five (5) years old during the year in which he/she is enrolled in kindergarten, and who meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Home-schooled students shall be evaluated by the District to determine their appropriate grade placement.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child's admission to a District school:

1. The parent, guardian, or other responsible person shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the department of education.
2. The parent, guardian, or other responsible person shall provide the district with one (1) of the following documents indicating the child's age:
  - a. A birth certificate;
  - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
  - c. An attested baptismal certificate;
  - d. A passport;
  - e. An affidavit of the date and place of birth by the child's parent or guardian;
  - f. United States military identification; or
  - g. Previous school records.

3. The parent, guardian, or other responsible person shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another school district to enroll as a student until the time of the person's expulsion has expired.
4. The child shall be age appropriately immunized from poliomyelitis, diphtheria, tetanus, pertussis, red (rubeola) measles, rubella, and other diseases as designated by the State Board of Health, or have an exemption issued by the Arkansas Department of Health. Proof of immunization shall be by a certificate of a licensed physician or a public health department acknowledging the immunization. Exemptions are also possible on an annual basis for religious reasons from the Arkansas Department of Health. To continue such exemptions, they must be renewed at the beginning of each school year. A child enrolling in a district school and living in the household of a person on active military duty has 30 days to receive his/her initial required immunizations and 12 months to be up to date on the required immunizations for the student's age.

A student enrolled in the District who has an immunization exemption may be removed from school during an outbreak of the disease for which the student is not vaccinated at the discretion of the Arkansas Department of Health. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

#### **Uniformed Services Member's Children**

For the purposes of this policy, "active duty members of the uniformed services" includes members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. Section 1209 and 1211; "uniformed services" means the Army, Navy, Air Force, Marine Corps, Coast Guard as well as the Commissioned Corps of the National Oceanic and Atmospheric Administration, and Public Health Services; "veteran" means: a person who served in the uniformed services and who was discharged or released there from under conditions other than dishonorable.

This policy applies to children of: active duty members of the uniformed services; members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

An eligible child as defined in this policy shall:

1. be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
3. enter the District's school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
4. be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;

7. be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

## **HOMELESS STUDENTS**

The Lonoke School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for homeless children and youth whose responsibilities shall include coordinating with the state educational liaison for homeless children and youth to ensure that homeless children are not stigmatized or segregated on the basis of their status as homeless and such other duties as are prescribed by law and this policy.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute. It is the responsibility of the District's local educational liaison for homeless children and youth to carry out the dispute resolution process.

To the extent feasible, the District shall do one of the following according to what is in the best interest of a homeless child. (For the purposes of this policy "school of origin" means the school the child attended when permanently housed or the school in which the child was last enrolled.)

1. continue educating the child who become homeless between academic years or during an academic year in their school of origin for the duration of their homelessness;
2. continue educating the child in his/her school of origin who become permanently housed during an academic year for the remainder of the academic year; or
3. enroll the homeless child in the school appropriate for the attendance zone where the child lives.

If the District elects to enroll a homeless child in a school other than their school of origin and such action is against the wishes of the child's parent or guardian, the District shall provide the parent or guardian with a written explanation of their reason for so doing which shall include a statement of the parent/guardian's right to appeal.

In any instance where the child is unaccompanied by a parent or guardian, the District's local educational liaison for homeless children and youth shall assist the child in determining his/her place of enrollment. The Liaison shall provide the child with a notice of his/her right to appeal the enrollment decision.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the Liaison), to and from the child's school of origin.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and

- (a) are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;
- (b) have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
- (c) are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and includes
- (d) are migratory children who are living in circumstances described in clauses (a) through (c).

## **COMPULSORY ATTENDANCE REQUIREMENTS**

Every parent, guardian, or other person having custody or charge of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy (RESIDENCE REQUIREMENTS), within the District shall enroll and send the child to a District school with the following exceptions.

1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of policy (HOME SCHOOLING) have been met.
3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, guardian, or other person having custody or charge of the child elects not to have him/her attend kindergarten. A kindergarten waiver form prescribed by regulation of the Department of Education must be signed and on file with the District administrative office.
4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.
5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.
6. The child is age sixteen (16) or seventeen (17) and has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).

## **STUDENTS WHO ARE FOSTER CHILDREN**

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (“DHS”), the ADE, and individuals involved with each foster child to ensure that he/she is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise, ensure that the foster child remains in his/her current school, even if a change in the foster child’s placement results in a residency that is outside the district. In such a situation, the District will work to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District’s foster care liaison by a foster child’s caseworker that a foster child’s school enrollment is being changed to one of the District’s schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child’s grades shall not be lowered due to absence from school that is caused by a change in the child’s school enrollment, the child’s attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

## **ABSENCES**

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

### **Excused Absences**

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her returns to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will **not** be accepted.

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of four (4) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family: spouse, child, siblings, parents/guardians, grandparents or any other person living in household;
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal; or
7. Participation in an FFA, FHA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Excessive absences may, however, be the basis for the denial of course credit, promotion, or graduation.

### **Unexcused Absences**

Absences not defined above or not having an accompanying note from the parent or legal guardian, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with eight (8) unexcused absences in a course in a semester shall not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has four (4) unexcused absences, his/her parents, guardians, or persons in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds eight (8) unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, guardian, or persons in loco parentis shall be subject to a civil penalty as prescribed by law.

At any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, guardian, or person in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, guardian, or person in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a "C" average for the previous semester or similar equivalent grading period for which grades are reported as part of the student's permanent record.

### **Make-Up Work**

Students who miss school due to an absence shall be allowed to make up the work they missed during their absence under the following rules:

1. It is the responsibility of the student, parent and teacher to arrange for all make-up work.
2. Teachers are responsible for providing the missed assignments.
3. Make-up tests are to be rescheduled at the discretion of the teacher once the student has received the necessary instruction and substantive review the student missed due to the absence, but must be aligned with the schedule of the missed work to be made up.

4. Students shall have one class day to make up their work for each class day they are absent.
5. Make-up work which is not turned in within the make-up schedule for that assignment shall not receive full credit;
6. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
7. As required/permitted by the Student's Individual Education Program or 504 Plan.

### **Tardiness**

Promptness is an important character trait that District staff is encouraged to model and help develop in our schools' students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement.

## **TRANSFERS**

The Lonoke District shall review and accept requests for transfers into the district on a case-by-case basis at regularly scheduled board meetings throughout the school year. Transfers out of the district are approved only through the School Choice Act 1272 of 2003. The only exception will be transfers of siblings or stepsiblings residing in the same residence of students who had previously been granted transfer approval by the board.

The District may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Department of Education to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school.

Any student transferring from home school or a school that is not accredited by the Department of Education to a District school shall be evaluated by District staff to determine the student's appropriate grade placement.

The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another district to enroll as a student until the time of the person's expulsion has expired.

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

### **When Transferring From Lonoke Schools**

Parents and students are asked to abide by the following procedures when transferring to another school district:

1. Inform the school secretary/registrar at least one week in advance of the expected transfer, if possible to ensure the timely collection of grades and other pertinent information to be included in transfer documents.
2. Turn in all textbooks.
3. Pay all outstanding charges, i.e. lunch fees, lost books, etc.

### **When Transferring from a Non-Accredited or Home School**

Parents or legal guardians desiring to provide a home school for their children must give written notice to the Superintendent of their intent to do so and sign a waiver acknowledging that the State of Arkansas is not liable for the education of their children during the time the parents choose to home school. Notice shall be given:

1. At the beginning of each school year, but no later than August 15;
  2. By December 15 for parents who decide to start home schooling at the beginning of the spring semester;
- or

3. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter.

The parents or legal guardians shall deliver written notice in person to the Superintendent the first time such notice is given and the notice must include:

1. The name, date of birth, grade level, and the name and address of the school last attended, if any;
2. The location of the home school;
3. The basic core curriculum to be offered;
4. The proposed schedule of instruction; and
5. The qualifications of the parent-teacher.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information which might indicate the need for special education services.

Students and parents interested in home schooling need to be aware that:

1. Some college scholarships are based on the student's grade point average. Students receiving "CR" and not letter grades would not be eligible for some scholarships.
2. It is the responsibility of the Lonoke School District to determine the method by which credits are earned in order to receive a high school diploma. Also, there is no requirement that the school must honor the credits earned from home schooling.

Procedure for placement of students who have been receiving home schooling or transferred from a non-accredited school (Grades 1-8):

1. Any student desiring to enter Lonoke School District claiming to have been in a home school must have proof that his/her application for home schooling has been filed with their previous school district.
2. Students will be given a general achievement test to determine if the student is eligible for grade level placement. If the student has participated in the standardized achievement testing or the equivalent, the results can be used in lieu of another test.
3. Should a student not achieve at grade level on the achievement test, grade placement will be determined by the Lonoke School District. A placement conference will be held for any student whose scores fall below grade level on any of the basic battery (reading, language arts, and mathematics). Conference participants shall include an administrator, counselor, parent(s), and other school personnel deemed necessary. The Lonoke School District shall retain the option to reconsider placement at any time during the school year.

## **LONOKE SCHOOL DISTRICT SCHOOL CHOICE POLICY**

### **Definitions:**

For the purpose of this policy, "sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care.

### **School Choice Transfers Out of the District**

The District shall date and time stamp all applications for school choice transfer out of the District as they are received in the District's central office. By August 1, the District shall approve all such applications unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than 3% of the previous year's student enrollment. By June 1 of each year, the ADE shall determine and notify the District of the net number of allowable choice transfers. For the purpose of determining the 3% cap, siblings are counted as one student.

Any applications for transfer out of the District which are denied due to the 3% limitation cap shall be given priority for a choice transfer the following year in the order in which the District received the original application.

### **School Choice Transfers Into the District**

The School Board will adopt a resolution containing the standards the District will use in determining whether to accept or deny a school choice application from another district's resident student. The District is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District is required on August 1 to estimate its student enrollment for the upcoming school year. Therefore, the superintendent shall have the authority to make an estimate based upon prior years of the probable increase of resident student enrollment in determining the capacity of a program, class, grade level or school building.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedures for participation in the program.

### **Application Process**

The student's parent shall submit a school choice application on a form approved by the ADE to both the student's resident district and to this District which must be postmarked or hand delivered on or before June 1 preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications as they are received in the District's central office. Applications postmarked or hand delivered on or after June 2 will not be accepted. By law, siblings (as defined in this policy) of students who are already enrolled in the District must be given priority in accepting choice applicants.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than 3% of its past year's student enrollment due to choice.

The superintendent will consider all properly submitted applications for School Choice. By August 1, the superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

### **Accepted Applications**

Applications which fit within the District's school choice standards shall be accepted, in writing, with the notification letter stating:

- A reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, the acceptance shall be null and void.
- Instructions for the renewal procedure for succeeding school years.

Students whose applications have been accepted and who have enrolled in the District are eligible to continue their enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements and the renewal procedure for succeeding school years is followed. Any student who has been accepted under choice and who either fails to initially enroll under the timelines and provisions provided in this policy or who chooses to return to his/her resident district voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the standards applicable to the year in which the application is considered by the District.

A present or future sibling, as defined in this policy, of a student who continues enrollment in this District may enroll in the District until the sibling of the transfer student completes his/her secondary education. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the standards applicable to the year in which the sibling's application is considered by the District.

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this district shall be borne by the student or the student's parents. The district and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the district, or both.

### **Rejected Applications**

The District may reject an application for a transfer into the District under school choice if its acceptance would cause the District to exceed its capacity in a program, class, grade level or school building. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within 10 days of receiving the rejection letter from the District.

## **PRIVACY OF STUDENTS' RECORDS/DIRECTORY INFORMATION**

Except when a court order regarding a student has been presented to the District to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty-five (45) days of the request. The District forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The District shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of request by such agencies or individuals for access to, and each disclosure of, personally identifiable information (hereinafter "PII") from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of

elected office.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the district determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Lonoke School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the District to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file--marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen (18)) objects, directory information about a student may be made available to the public, military recruiters, post secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor role (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities) the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal Identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's Identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student's name and photograph will only be displayed on the district's or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located In the back of the student handbook

and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission.

The District is required to continue to honor any signed-opt out form for any student no longer in attendance at the District.

The right to opt out of the disclosure of directory information under FERPA does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional e-mail address in a class in which the student is enrolled.

Parents, and students over the age of 18, who believe the District has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

## **PERSONAL PROPERTY**

Students are responsible for their own materials, supplies, personal items, items assigned to them, or any other items brought to and from school. Lonoke School District will not be responsible for restitution of any lost, stolen, or damaged items. As soon as a student has discovered that he/she has a lost, stolen, or damaged item, he/she is to immediately file a report with the school principal.

It is recommended that personal items be kept in your locker or on your person at all times. Students in physical education and/or athletics should keep valuables in the coaches' offices. Students ARE NOT to give out their lock combination to anyone. Students ARE NOT to share lockers.

Any student who finds lost property is to notify a teacher or principal immediately. Assume that it is lost if it does not belong to you. Failure to inform a teacher or principal may result in disciplinary action for theft and/or possession of stolen property.

If a theft occurs during a class, students are to notify the teacher immediately. No reward may be offered for lost or stolen property without permission from the principal.

## **BICYCLES**

The following rules will be followed for those students choosing to ride a bicycle to school:

1. Bicycles must be parked in the bicycle rack.
2. Bicycles are not to be ridden on school sidewalks or on the grass.
3. When a student arrives and parks his/her bicycle, he/she is not to return to it before the end of the school day.

## **ASSEMBLIES**

Assemblies of varying types are scheduled in the Lonoke Schools. Attendance at pay assemblies is voluntary not mandatory, but all students are expected to attend all general assemblies. A fee may be assessed to the student for the assemblies for which the schools must pay. Students are to sit in their assigned areas for all assemblies and are to observe all school regulations.

## **LIBRARY**

Regulations for using the library are posted in the library. Students are to honor the librarian's and student assistants' request concerning library operation. Magazines, newspapers, and reference books are for use within the library only. Books are normally checked out for a two-week period with one renewal permissible. A fine

of ten cents per day is charged against the student for each day or fraction thereof for books which are kept overtime.

## **CONTACT WITH STUDENTS WHILE AT SCHOOL**

### **CONTACT BY PARENTS**

Parents wishing to speak to their children during the school day shall register first with the office.

### **CONTACT BY NON-CUSTODIAL PARENTS**

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.19 and any other policies that may apply.

Unless prior arrangements have been made with the school's principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation.

### **CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER**

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after- hours telephone number.

## **STUDENT VISITORS**

Student visitors in the classroom can be disruptive to the educational process. Student visitation is strongly discouraged. Any visitation to the classroom shall be allowed only with the permission of the school principal.

## **WHO IS RESPONSIBLE FOR STUDENT CONDUCT?**

Freedom is a constitutional right, but it does not mean the absence of reasonable rules and regulations, which serve to guide the actions of individuals. Along with freedom comes the responsibility to act in such a manner as to insure that all participants may enjoy the same freedom. To obtain the greatest possible benefit to the students, teachers, administrators, parents, Board of Education, and the entire community, it is essential that all work together to insure that all persons are treated equally and with dignity in respect to their rights and responsibilities.

## **STUDENTS**

Students have the responsibility to pursue their education in the Lonoke School District in a manner that shows respect for other students, faculty members, parents, and other citizens. Students should be aware that they have a responsibility to cooperate with and assist the school staff in the orderly and efficient conduct of the schools by abiding by rules and regulations established by the Board of Education and implemented by teachers and school administrators. EACH STUDENT is responsible for his/her own conduct at all times.

## **PARENTS OR GUARDIANS**

The term “parent” shall include every parent, guardian, or person in parental relations having control or charge of any student in attendance in the schools of this district. Parents or guardians are responsible for exercising the required controls so that their children’s behavior at school will be conducive to their own progress and not disruptive to the school’s educational program. They are responsible for alerting school personnel when they have reasons to believe that their children are experiencing difficulties at school or at home. Thus, by soliciting the help of the school on their child’s behalf, behavior standards may be maintained. Parents are responsible for notifying school offices of current addresses and phone numbers (Act 159 of 2007).

## **TEACHERS**

All teachers are responsible for the supervision of the behavior of all the students in the school. This includes not only the students who are regularly assigned to the teacher, but all other students with whom the teacher comes in contact. Each teacher is expected to maintain the kind of atmosphere and decorum, which will promote the learning process, and to utilize sound techniques, which seem appropriate. These techniques include conferences with students and parents or referral to the counselor or other support service personnel. The teacher is authorized to administer corporal punishment according to guidelines established by state policy. When the teacher is unable to assist the student in maintaining proper control of his/her behavior, the student is to be referred to the appropriate administrator in the school.

## **PRINCIPALS**

The principal or designee of the school is expected to give to all students at the beginning of the school year and to each new student upon registration the rules and regulations currently in effect for the school. In developing rules and regulations, the principal involves representatives of the teaching staff and the student body. The principal or designee is responsible for conducting continued in-service education for all personnel on a regular basis and to interpret and implement established policies. The principal or designee is authorized to assign students to detention. The principal or designee is authorized to suspend and to recommend the expulsion of students. The principal or designee is expected to inform the parents when their child’s behavior is in serious conflict with established laws, rules, and procedures.

## **SCHOOL RESOURCE OFFICERS**

Lonoke Middle School and Lonoke High School participate in the School Resource Officer (SRO) program. The uniformed police officers are available to students, faculty, and parents as a law enforcement resource. The officers can be utilized to discuss and present topics, including: drug and alcohol abuse, traffic safety, suicide prevention, crime prevention, family violence, and other issues.

## **STANDARDS OF CONDUCT**

The Lonoke Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school sponsored function, activity, or event; going to and from school or a school activity.

Student handbooks outline consequences for violations of school discipline rules and guidelines. Building principals have the discretion to administer consequences from student conferences to expulsions. Principals may administer more severe consequences than those listed in the handbook if necessitated by student behavior.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District's personnel policy committee shall review the student discipline policies annually and may recommend changes in the policies to the Lonoke School Board. The Board shall approve any changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent or legal guardian shall sign and return to the school an acknowledgement form documenting that they have received the policies.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable believe that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The activities listed on the following page are among those defined as "criminal" under the laws of the State of Arkansas. However, criminal activities considered under this regulation are not limited to this list:

1. Arson – the intentional setting of fire.
2. Assault and Battery – threat or physical harm to a person.
3. Burglary and Larceny – stealing of school or personal property.
4. Possession of Explosives – explosives are not permitted on school property or at school-sponsored events. (Fireworks are explosives.)
5. Extortion, Blackmail, or Coercion – obtaining money or property by violence or threat of violence or forcing someone to do something against his/her will by force or threat or force.

7. Larceny – theft.
8. Malicious Mischief – willful destruction of property.
9. Robbery – taking property from an individual by force or threat of force.
10. Sale, Use, or Possession of Alcoholic Beverages or of Drugs.

  - a. By violent, abusive, obscene, or profane language addressed to a teacher or a student.
  - b. By threatening to fight, or challenging to fight, or fighting a teacher or a student.
  - c. By the use of abusive, violent obscene or profane language whether addressed to a specific party or to the public generally.
12. Use of Profane, Violent, Vulgar, or Insulting Language – the use of profane, violent, vulgar, or insulting language toward a person in his/her presence or hearing, which language in its common acceptance is calculated to arouse to anger the person to whom it is spoken.

For the information of all students, infractions to avoid during school hours and at school sponsored events and recommended disciplinary actions are presented on the following pages.

## **VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING**

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as restrooms or dressing areas where an expectation of privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy's following paragraph, the district's video recordings may be erased any time after they were created.

Videos, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

## **INFRACTIONS TO AVOID**

The activities discussed below are considered major infractions of proper conduct and will subject student to disciplinary action including, but not limited to, suspension or expulsion from school, and/or notification of law

enforcement officials. The violation of a rule will occur whether the conduct takes place on the school grounds at any time, off the school grounds at a school-sponsored activity, function, or event, or en route to and from school and school functions.

Below each rule is a standardized list of disciplinary actions to be taken. Normally this list will be adhered to in order listed; however, the administration may exercise more extreme action in severe situations or in situations which a student has been involved in other rule infractions. When a disciplinary referral is received by a building administrator, the disciplinary action may include but may not be limited to the following:

- Parent Call or Letter**
- Conference with Student**
- Parent/Administrator Conference**
- Corporal Punishment**
- Detention Hall**
- Suspended Driving Privilege**
- Saturday School**
- In-School Suspension**
- Suspension**
- Alternative School**
- Recommendation for Expulsion**

The absence of references to codified law does not negate the law or the seriousness of a rule violation nor does the inclusion of references imply that school/district consequences are based on a legal response, except when mandated by the law (e.g. firearms and reporting requirements). As laws and codes frequently change, any incorrect citation does not negate the law or consequences associated with a rule violation or violation of the law. The Lonoke School District believes that a safe, orderly learning environment is essential and the District will respond to inappropriate behavior in a manner deemed fair and consistent with the law, the Arkansas Department of Education, and the goals and expectations of the District. Disciplinary actions will include a range of consequences from a minimum of parent conferences to suspension from school to a maximum of expulsion.

### **LEVEL ONE**

Normally, disciplinary actions for Level One infractions will become progressively more severe if the student chooses to commit continued rule violations; **however, the administrator may choose a more severe penalty at any time based on a student's past disciplinary record or based on the seriousness of the infraction.**

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of state originated tests that are administered as part of the Arkansas Comprehensive, Testing, Assessment and Accountability Program (ACTAAP), no electronic device, as defined in this policy shall be accessible by a student at any time during test administration unless specifically permitted by a student's IEP or individual health plan. This means that when a student is taking an ACTAAP assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions.

As used in this policy, "electronic devices" means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during the school day in any manner other than specifically permitted by the building principal;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to take inappropriate photographs and/or video;

5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student's individualized education program (IEP) or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

The student and/or the student's parent or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school's administration office by the student's parents or guardians. Students have the right to no privacy as to the content contained on any electronic devices that have been confiscated.

Students who use a school issued cell phones and/or computers for non-school purposes, except as permitted by the district's Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

#### **Rule 16. Alcohol, Drugs, and Inhalants**

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the delirious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Lonoke School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy or give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who; is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; is en route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to, alcohol, or any alcoholic beverage, inhalants or any ingestible matter that alter a student's ability to act, think, or respond, LSD, or any other hallucinogen, marijuana, shake, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, "designer drugs," look-alike drugs, or any controlled substance.

No student shall possess, sell, distribute, or attempt to sell or distribute, or use over-the-counter or prescription drugs which are not in accordance with the recommended dosage.

Student due process:

In the event no physical evidence of drugs or alcohol is found in the student's possession and the student and/or his/her parents disagree with the administrator's belief that a student is under the influence, the student may voluntarily submit to an authorized blood alcohol test or drug test within twenty-four hours of the administrator's claim of the student being under the influence. If results of the tests are negative, the claim will be dismissed by the school. Any penalties imposed by the school during the suspension time will be reversed. Records will be expunged. Scheduling and expenses related to the tests will be the responsibility of the student and his/her parent.

### **Consequence - Level II (Possession, Consumption, and/or Use)**

The student will be placed on immediate out-school suspension for up to ten (10) days. After a thorough investigation by the building administrator, a disciplinary hearing will be scheduled with a district administrator. The building administrator, parent(s)/guardian(s) and the student should be present at the hearing. The purpose of this hearing is to determine either placement in the alternative learning environment or expulsion from school. Placement in the alternative learning environment will not exceed one (1) school year and will not be for less than nine (9) weeks. Placement in an alternative learning environment also requires a drug/alcohol assessment by a qualified counseling agent or a practitioner and participation in any treatment program resulting from the assessment. The assessment must be completed and participation in any required treatment must be started before the student may be considered for reinstatement into the regular education program. The cost of the assessment and treatment is the responsibility of the student and family. Failure on the part of the student and his/her parents to complete a recommended drug/alcohol program or failure to attend class and follow the rules in an alternative learning environment will result in the student being recommended for expulsion for up to one (1) school year. Procedures for providing the school with documentation of alcohol/drug treatment participation will be provided to student's parent(s)/guardian(s) at the discipline hearing with the district administrator.

**Any students who violate this policy will be prohibited from participating in or attending any extracurricular activities for the duration of the consequence.**

**A second offense in grades 6-12 will result in disciplinary action under Level III.**

#### **Rule 17. Possession of Fireworks or Ammunition**

No student shall possess, use or threaten to use any fireworks or ammunition. Possession means having fireworks or ammunition, as defined in this policy, on the student's body or in an area under his/her control. If, prior to any questioning or search by any school personnel, a student discovers that he/she has accidentally brought fireworks or ammunition to school and immediately informs school personnel, then the student will not be considered to be in possession. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Students who bully another person shall be held accountable for their actions whether they occur on school equipment or property; off school property at a school sponsored or approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops.

### **Rule 23. Sexual Harassment**

The Lonoke School District is committed to having an academic environment in which all students are treated with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

Believing that prevention is the best policy, the District will periodically inform students and employees about the nature of sexual harassment, the procedures for registering a complaint, and the possible redress that is available. The information will stress that the district does not tolerate sexual harassment and that students can report inappropriate behavior of a sexual nature without fear of adverse consequences. The information will take into account and be appropriate to the age of the students.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment as defined in this policy. Any student found, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Sexual harassment refers to unwelcome sexual advances, requests for sexual favors, or other personally offensive verbal, visual, or physical conduct of a sexual nature made by someone under any of the following conditions:

1. Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual’s education;
2. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
3. Such conduct has the purpose or effect of substantially interfering with an individual’s academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms “intimidating,” “hostile,” and “offensive” include conduct of a sexual nature which has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student’s ability to participate in, or benefit from, an educational program or activity.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances. Depending upon such circumstances, examples of sexual harassment include, but are not limited to: unwelcome touching; crude jokes or pictures; discussions of sexual experiences; pressure for sexual activity; intimidation by words, actions, insults, or name calling; teasing related to sexual characteristics; and spreading rumors related to a person’s alleged sexual activities.

Students who believe they have been subjected to sexual harassment, or parents of a student who believe their child has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will assist them in the complaint process. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

To the extent possible, complaints will be treated in a confidential manner. Limited disclosure may be necessary in order to complete a thorough investigation. Students who file a complaint of sexual harassment will not be subject to retaliation or reprisal in any form.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion.

The School Laws of Arkansas state that “any public school fraternity, sorority, or secret society or organization as defined in this sub-chapter is declared to be inimical to the public free school and therefore unlawful.” The School Laws of Arkansas further expressly prohibit hazing. Gangs are hereby found to be included in the definition of secret society or organization and are therefore expressly prohibited from the Lonoke School District. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization.

Gangs, as defined in this policy, shall mean individuals who associate with each other primarily for criminal, disruptive, and/or other activities as prohibited by law and/or by the School District’s rules and regulations including any type of organization or society which fosters undemocratic practices and seeks to perpetuate itself by taking in additional members from the pupils enrolled in the Lonoke School District on the basis of the decision of its membership rather than upon the free choice of any pupil in the school who is qualified by the rules of the school to fill the special aims of an organization or society. Gang and gang-related activities are not acceptable in the school setting. The Board of Education is aware that the presence of gangs interferes materially and substantially with the educational process and with the requirement of appropriate discipline in the school. Gangs foster anti-social behaviors, attitudes, and practices which may endanger the health, safety, and welfare of our students.   - D. Any willful act on or off the property of the Lonoke School District by one student alone or acting with others in striking, beating, bruising, or maiming; or seriously offering,

threatening, or attempting to strike, beat, bruise, or maim; or to do seriously offer, threaten, or attempt to do physical violence to any student of the Lonoke School District or any other educational institution; or assault upon any such student made for the purpose of committing any of the acts or producing any of the results to such student as defined by this paragraph.

A student shall not engage in conduct which creates a substantial danger of death or serious physical injury to another person (A.C.A. 5-13-204)

**Student will be suspended immediately and recommended for expulsion.**

#### **Rule 35. Assault/Battery on Staff**

No student shall strike or attempt to strike a teacher or other school personnel (A.C.A. 5-13-204 through 5-13-207).

**Student will be suspended immediately and recommended for expulsion.**

#### **Rule 36. Sexual Abuse or Rape**

Students shall not engage in sexual contact with another person by forcible compulsion or engage in sexual contact with another person who is incapable of consent because he/she is physically/mentally helpless; nor shall students engage in sexual intercourse or deviant sexual activity with another person by forcible compulsion or with another person who is incapable of consent because he/she is physically/mentally helpless (A.C.A. 5-14-103 Rape-Y felony).

**Student will be suspended immediately and recommended for expulsion.**

#### **Rule 37. Theft - Student/Staff or School Property**

Students shall not take the property of another person or the school or be in possession of property belonging to another person or the school without permission. If a student steals or is in possession of property belonging to another person or the school worth \$500.00 or more, that student has committed a Level III offense. **Parent must make restitution.**

- a. Suspension - 5 days
- b. Recommendation for Expulsion

**Rule 38. Alcohol, Drugs, and Inhalants (Sell/Distribute Drugs/Alcohol or Second Level II Offense (see Rule 16)**

A student who sells, attempts to sell, or distributes drugs (or any substance he/she claims to be a controlled substance) or alcohol shall be reported to legal authorities.

**Consequence - Level III**

The student will be placed on immediate out-of-school suspension for up to ten (10) days. After a thorough investigation by the building administrator, a disciplinary hearing will be scheduled with a district administrator. The building administrator, parent(s)/guardian(s) and the student should be present at the hearing. The purpose of this hearing will be to determine if placement in alternative school for one (1) calendar year or a recommendation for expulsion for one (1) calendar year would be the most appropriate course of action. Placement in an alternative learning environment also requires a drug/alcohol assessment by a qualified counseling agent or a practitioner and participation in any treatment program resulting from the assessment. The assessment must be completed and participation in any required treatment must be started before the student may be considered for reinstatement into the regular education program. The cost of the assessment and treatment is the responsibility of the student and family. Students under expulsion must fulfill this drug/alcohol assessment requirement in order to be considered for early review.

**Any students who violate this policy will be prohibited from participating in or attending any extracurricular activities for the duration of the consequence.**

**Drug Dog**

Students in the Lonoke School District should be aware that School District Officials have access to a registered drug dog. The dog, while gentle, has been trained to locate marijuana, alcohol, and other illegal drugs. Periodic, unannounced visits to our schools will be made by the dog and its handler. Lockers, automobiles and other areas of the building will be searched. Students will be held responsible for any prohibited items found in their lockers, automobiles or belongings at school. Should prohibited items be found during school checks, the violators will be disciplined under District policies and may be prosecuted under local, state, and federal laws.

**Rule 39. Criminal Mischief/Vandalism**

No student shall purposely and without legal justification destroy or damage any property of another or that belonging to the school district. **The parent/guardian shall be responsible for all damages to property caused by the student** (Ark. Law 6-21-604).

- a. Suspension - 5 days
- b. Recommendation for Expulsion

**Rule 40. Arson**

No student shall deliberately burn or attempt to burn school property.

**Student shall be suspended immediately and recommended for expulsion.**

**Rule 41. Possession of any Firearms, Weapon, Dangerous Instruments, on School Property**

(Act 7446 of 2013)

No student shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon while in school, on or about school property, before or after school, in attendance at school or any school sponsored activity, en route to or from school or any school sponsored activity, off the school grounds at any school bus stop, or at any school sponsored activity or event. Military personnel, such as ROTC cadets, acting in the course of their official duties are excepted.

A weapon is defined as any firearm, knife, razor, ice pick, dirk, box cutter, numchucks, pepper spray or other noxious spray, explosive, or any other instrument or substance capable of causing bodily harm. For the purposes of this policy, "firearm" means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

Possession means having a weapon, as defined in this policy, on the student's body or in an area under his/her control. If, prior to any questioning or search by any school personnel, a student discovers that he/she has accidentally brought a weapon, other than a firearm, to school that is in a vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of not less than one year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

#### **Rule 42. Behavior Not Covered**

The Lonoke School District reserves the right to pursue disciplinary or legal action for behavior which is subversive to good order and discipline in the schools even though such behavior is not specified in written rules. (This may or may not be a Level III offense).

### **DETENTION HALL**

Detention hall meets during respective lunch periods. Students may be assigned to detention hall by a teacher or the principal.

Students will abide by the following rules:

1. Students assigned to detention are expected to go to Detention Room. Lunch will be delivered to room.
2. Students may not talk or sleep.
3. Students will sit up straight and will face the front.
4. Failure to attend detention hall will result in Saturday School.
5. Students will be assigned to Saturday School upon fourth detention assignment.

### **CORPORAL PUNISHMENT**

The Board of Directors recognizes the need for firmness in dispensing with problems calling for disciplinary action in any school building, on any school property, or at any school sponsored event. The Board further

recognizes that the principal and faculty of each school must always be in a position to take disciplinary action if the atmosphere for learning is to be maintained. All disciplinary action should contribute to the general welfare of the school or class as a whole and should be directed toward the positive improvement of citizenship of the group or individual involved.

The Board directs that corporal punishment, when deemed necessary, may be administered by any certified employee provided that such punishment will be administered according to the following requirements:

1. This method may be used only after other alternatives have failed or in unusual circumstances.
2. It will be administered in the presence of at least one certified employee in addition to the person dispensing it.
3. It will neither be administered in the presence of other students, nor in a spirit of malice nor anger nor will it be excessive.
4. It will be administered to the lower posterior only.
5. Refusal to take corporal punishment may result in suspension.
6. The principal will be notified when it is administered.
7. When a female student is paddled, a female certified employee will be present.
8. The appropriate form will be filled out on each incident and given to the principal.

## **SATURDAY SCHOOL GUIDELINES**

- PURPOSE:** The main purpose of this intervention shall be to help students remain in school instead of being suspended. Saturday School will consist of a study period which could be followed by campus clean-up.
- DATE:** Saturday School will be open every Saturday (excluding holiday weekends) during the school year.
- TIME:** Students are required to check in before 8:00 a.m. The Saturday session will begin at 8:00 a.m. and end at 11:30 a.m. No student will be allowed to enter after 8:00 a.m. (no exceptions).
- PLACE:** Any student assigned to Saturday School must report to the designated area.

### **RULES AND GUIDELINES:**

1. At least one parent will bring the student to school and check him/her into the class. Before leaving the student at school, the parent will discuss with the supervisor in charge, the person responsible for picking up the student at the end of the session. There must be an emergency telephone number left with the supervisor.
2. Upon checking in, each student must have at least one (1) school book and any other materials needed for study or school work.
3. Students are expected to wear clothing which is appropriate for school.
4. Any student who fails to attend or follow all guidelines will be removed from the building and may be subject to further disciplinary action.
5. There will be two, ten (10) minute breaks.
6. All classroom/school rules and regulations will be followed during the Saturday School.
7. Failure to attend an assigned Saturday School will result in further disciplinary action.

## **IN-SCHOOL SUSPENSION (ISS)**

The purpose of In-School Suspension (ISS) is to act as an alternative for school administrators who wish to keep out-of-school suspension and expulsions to a minimum.

Guidelines:

1. Students assigned to In-School Suspension (ISS) must report to the ISS facility upon entering campus. Students must arrive no later than 8:00 a.m. and remain in ISS until school is dismissed.
2. Students may use school transportation or provide their own.

3. Lunch will be delivered to the ISS classroom.
4. Two restroom breaks will be permitted during the day, one before lunch and one after lunch.
5. Students will be responsible for bringing the necessary materials to complete assignments. Each student is responsible for his/her own belongings. The supervisors are not liable for lost or stolen items.
6. All assignments must be completed to the satisfaction of the classroom teacher and the ISS supervisor.
7. Students will immediately and courteously obey the direct and reasonable directions of school employees. Students may not speak without permission.
8. Students may read and look at other literature (such as magazines) available in the work area, but only after classroom assignments are completed, checked and turned in.
9. Students will read and follow student guidelines found in the student handbook.
10. Students will not attend or participate in any school functions while serving an In-School Suspension.
11. Days missed must be made up. Students may not return to regular classroom until ISS days have been served.
12. No sleeping is allowed. Students must stay busy working on assigned materials.
13. Work area must be kept clean and neat. Student must not damage (mark on) or destroy school property.
14. Failure to comply with school and ISS rules and regulations may result in extra assigned time or recommendation for suspension or expulsion from school.
15. Other consequences will be considered for students who exceed five (5) assignments to In-School Suspension.

During the period of their suspension, student serving in-school suspension shall be treated as if the student was present at school. The student shall not attend any school-sponsored activities during the imposed suspension nor shall the student participate in any school-sponsored activities. **Students must be reinstated on the following day after serving an In-School suspension. Upon reinstatement, students will then be eligible to participate in school-sponsored activities.**

## SUSPENSION

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days,\* including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school-sponsored function, activity, or event; going to and from school or a school activity. A student may be suspended for behavior including, but not limited to that which:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student.

- The student shall be given written notice or advised orally of the charges against him/her;
- If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts;
- If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s) or to the student if age 18 or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s) or to the student if age 18 or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the parents' or legal guardians' responsibility to provide current contact information to the district which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number
  - The contact may be by voice, voice mail, or text message
- An email address
- A regular first class letter to the last known mailing address

The district shall keep a log of contacts attempted and made to the parent or legal guardian.

During the period of their suspension, students serving out-of-school suspensions shall be treated as unexcused absences and during the period of suspension students shall not be permitted on campus except to attend a student/parent/administrator conference.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board. Suspensions initiated by the Superintendent may be appealed to the Board.

## **EXPULSION**

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for continual misbehavior or for student conduct deemed to be of such gravity that suspension would be inappropriate, or where the student's continued attendance at school would disrupt the orderly learning environment or would pose an unreasonable danger to the welfare of other students or staff. The Superintendent or his/her designee shall give written notice to the parents or legal guardians (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time, and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation. The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation. The President of the Board, Hearing Officer, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent or student if age 18 or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session. During the hearing, the Superintendent will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted. However, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing. The Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm or other weapon prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of

parental responsibility for allowing a child to possess a weapon on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school. The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

## **SEARCH AND SEIZURE**

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into

custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after -hours telephone number.

## **DISCIPLINE FOR STUDENTS with DISABILITIES**

1. Discipline for eligible students with disabilities under the Individuals with Disabilities Act (IDEA), Public Law (PL) 94-142: Students who engage in misconduct are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to a Free Appropriate Public Education (FAPE).
2. Discipline for students found eligible under section 504 of the Rehabilitation Act of 1973: Students with 504 eligibility who engage in misconduct are subject to normal school disciplinary rules procedures unless otherwise stated in an individualized education plan developed by a 504 committee.

## **SCHOOL BUS TRANSPORTATION AND SCHOOL BUS DISCIPLINE PROCEDURES AND CONSEQUENCES**

We believe all students can behave appropriately and safely while riding on a school bus. We will not tolerate students stopping drivers from doing their job or preventing other students from having safe transportation. All buses are covered with liability insurance. All bus drivers have met legal employment requirements. Buses are operated for the benefit of those students who live more than (2) miles from school.

Riding the school bus is a privilege.

The school bus is an extension of the classroom. Students are subject to the same rules of conduct while traveling to and from school as they are while on school grounds. All school board policies that apply to student conduct and other student related activities apply to the school bus.

Bus students are under the supervision of the bus driver from the time they leave school until they arrive at their bus stop in the afternoon. Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating the student's bus transportation privileges.

Buses may be equipped with video surveillance cameras. Students should be aware that their actions and communications could be recorded at any time. Upon review of a video, disciplinary action may be taken.

Parents are urged to cooperate by having the student at the loading point at least 5 minutes before the bus arrival time each day. Young students should be accompanied by an adult and escorted if they have to cross the road.

Students will unload from the bus at their school building in the morning and will be loaded there in the afternoon.

Parents are strongly urged to be consistent with the mode of transportation that their student will take to and from school each day. No student will be allowed to get off the bus anywhere in the afternoon except at the student's regular stop. Students should not ask to ride home on another bus without both the required documentation from their parents and prior approval by their administrator.

Students who live close together will be asked to meet at one stop.

An information packet which includes bus safety procedures, bus conduct regulations and conduct information will be given to your child by the driver on the first day he/she rides. In order for your child to continue riding

the bus, the contact information sheet (last page) must be completely filled out, signed by a parent/guardian and turned in to the driver the next day your child rides.

The driver will explain safety procedures and conduct expectations to the students. Parents should reinforce safe loading and unloading procedures, bus safety procedures and proper bus behavior at home with the student as well.

If a student is suspended from the bus, it is the sole responsibility of the parent/guardian to provide transportation for the student for the period of time suspended. The student will not be permitted to ride any other bus during that period of time.

As a safety precaution, students will not be able to take balloons on the school bus. If you are sending a delivery to your student and he/she rides the school bus home, please make sure you specify “no balloons”. Balloons on the school buses can cause hindrances for the drivers, and your child’s safety is of utmost importance.

**Arkansas State Law:**

- It is illegal to smoke on school buses.
- It is unlawful to threaten, curse, or use abusive language to a school bus driver in the presence of students in this state.
- Act 247 of 2005 restricts entry of a school bus by anyone over 18 who enters a school bus with criminal intent, disrupts driver, or refuses to leave. Warning signs are posted next to school bus entrances.
- When approaching a school bus that is stopped and red warning lights on the bus are activated, all approaching vehicles are required to stop. Regardless of where the driver may be in relation to the bus, whether it’s in same lane of traffic, opposing lane or at an intersection, traffic must come to a complete stop until the school bus turns off the warning lights and begins to move.

**APPEALS PROCEDURE**

The Lonoke Schools Board of Directors recognizes that there are times when parents do not agree with the actions taken or the decisions made by school personnel. If a parent wishes to appeal a decision or action taken by a school official, the parent must begin with the person who made the decision. Further appeals should be made to the next level in the organization. The organizational levels are as follows:

- Level 1: Teacher
- Level 2: Principal
- Level 3: Superintendent
- Level 4: School Board

Appeals will be referred back to the appropriate level if the person at that level has not had an opportunity to hear and respond to the appeal. Appeals for consequences such as Detention Hall, Saturday School, and In-School Suspension should be made to building principals. Appeals for suspensions imposed by building principals may be directed to the superintendent. Appeals for recommendations for expulsion may be made to the Board of Education.

**INFORMATION ON RIGHTS AND RESPONSIBILITIES**

The Lonoke School District recognizes that all students have certain rights and responsibilities and that these rights and responsibilities should be exercised within the framework of upholding the individual dignity of both students and other members of the educational community.

## **EXPRESSION**

Students have the right to express opinions and to support causes without interference from school authorities except when such actions are unlawful or disruptive to learning.

### **A. Oral Expression**

Students have the right to free and dynamic expression of ideas including personal opinion. Students have the right to opportunities for expressing themselves orally within the classroom and through other established settings within the school.

### **B. Written Expression**

Students have the right to distribute or post printed material (pamphlets, posters, leaflets, newspapers, brochures, circulars, and petitions) subject to individual building procedures and accordance with Board of Education policies.

Principals have the responsibility to see that Board of Education policies are adhered to and to develop and make available the building procedures for preparation and distribution of written materials.

### **C. Symbolic Expression**

Students have the right to symbolic expression (wearing of insignia, hair style, clothing, physical gestures) which does not:

- a. cause disruption of the education process,
- b. infringe upon the rights of other students and faculty,
- c. prevent the Board of Education from performing its statutory obligations,
- d. cause accidents or endanger the health or physical well being of students or faculty.

## **USE OF COPYRIGHTED MATERIALS**

### **Use of Copyrighted Work in Face-to-Face Classroom**

The Board of Education encourages the enrichment of the instructional program through the proper use of supplementary materials. To help ensure the appropriate use of copyrighted materials, the Superintendent, or designee, will provide district personnel with information regarding the “fair use” doctrine of the U.S. Copyright Code as detailed in the “Agreement on Guidelines for Classroom Copying in Not-for-Profit Educational Institutions with Respect to Books and Periodicals” and “Guidelines for Educational Uses of Music.”

### **Use of Copyrighted Works in Digital Transmissions**

#### **Definitions**

“Class session” means the length of time provided for students to access the materials necessary for the completion of course assignments and tests. Depending on the copyrighted work's overall importance to the course, which can vary from a single assignment to an entire course focusing on the copyrighted work, the class session will end on:

- The date set by the teacher for an assignment to be submitted; or
- The date on the school calendar for the end of classes.

“Course packs” are premade compilations of book excerpts; newspaper, magazine, and journal articles; and instructor-authored materials.

“Mediated Instructional activities” includes textbooks, workbooks, and course packs.

“Transmission” is the remote accessing, whether on or off campus, by students of a copyrighted work by means of a closed circuit television, an educational television channel, or in a digital format on a password protected secure webpage.

The District recognizes that advances in technology have resulted in the need for guidelines for the use of copyrighted materials that are transmitted to students through a digital network. While the requirements to use a copyrighted work in a digital transmission have many similarities to those required to use a copyrighted work in a face-to-face classroom, Federal law places several additional requirements on the District’s teachers, IT staff, and librarians for the use of a digitally transmitted copyrighted work. The District is dedicated to providing the tools necessary for teachers, IT staff, and librarians to meet these additional Federal requirements.

The District shall make sure the server where materials are stored is secured, whether the server is located locally or remotely.

The District’s Informational Technologies staff shall develop the proper protocols and train teachers on their use in order to ensure:

1. The transmission of the copyrighted work is limited to only the students enrolled in the course;
  - Each student shall have a unique ID and password for accessing digital courses/materials<sup>4</sup>; or
  - Each course shall have a unique password to access course materials; and
  - The password to access the course materials shall be changed immediately following the close of the course.
2. To prevent students from retaining or further disseminating the copyrighted work for more than one class session;
  - The print function will be disabled;
  - A transparency shall be placed over any literary work, sheet music, or photograph;
  - Audio and video transmissions will be set to be streamed; and
  - The link to the webpage with a copyrighted work shall be deactivated at the end of the applicable class session.

Teachers who wish to provide copyrighted works to students through a digital transmission as part of a digital course as well as teachers wishing to supplement a face-to-face classroom course with a digital transmission must meet applicable copyright statutes and policy-5.11 DIGITAL LEARNING COURSES as well as the following requirements in order to use a copyrighted work:

1. The use of the copyrighted work(s), whether in whole or in part, must be a part of regular classroom instruction and must be directly related and of material assistance to the course content;
2. The extent of a copyrighted work that is used must comply with one or more of the following criteria:
  - The entirety of a non dramatic literary or musical work may be used. A non dramatic literary work includes poems and short stories. A non dramatic musical work covers all music that is not part of an opera or musical and does not cover the use of the music video format of a song.
  - Dramatic literary and musical works as well as videos may only be used in limited portions. Dramatic literary and musical works may only be used in the same amount as set forth in the requirements for a face-to-face classroom while videos, including music videos, may only have the portion used that is directly related to the subject of the class session and may not be transmitted in their entirety.
  - Still images or slides that a teacher would have used in the ordinary course of a face-to-face classroom session on a projector or a transparency may be used in a transmission.
  - Works primarily produced or marketed for use in the digital education market may not be transmitted.
  - Works the teacher had knowledge or reasonably believes to be unlawfully made or acquired may not be used.
  - Mediated Instructional activities may not be transmitted.

3. A statement that works may be subject to copyright shall be placed in at least one of the following areas to provide notice to students of copyright status:
  - Course syllabus;
  - Home webpage for the course;
  - Webpage for the particular class session; and/or
  - webpage with the copyrighted work.

The teacher and the District librarian shall work together when making digital copies of copyrighted work from physical or analog versions and shall fulfill the following requirements:

- I. The amount converted is only the amount allowed by law; **and**
- II. The District has no digital copy of the copyrighted work available; **or**

## SECTION III-SAFETY, HEALTH, WELLNESS POLICY & PROCEDURES

### FOOD SERVICE

The Lonoke School District believes good nutrition contributes to the educational success of every child and strives to provide good, nutritious meals every day. The food service staff works hard to ensure quality control and friendly service. Parents and students are asked to cooperate with all policies and procedures in order to ensure continued quality. Any questions or comments regarding food service issues may be directed to Mrs. Elen Smith, Food Service Director at 501/676-7020 or e-mailed at [elen.smith@lonokeschools.org](mailto:elen.smith@lonokeschools.org).

#### Lunch Cards

Lunch cards will be issued to each student at the beginning of the school year. Lunch money will be applied to the lunch card through the cafeteria. A replacement fee of \$5.00 will be assessed to anyone losing a lunch card. Students need to have their lunch card in possession upon entering cafeteria. Students are not allowed to use another student’s lunch card. Students without lunch cards will be sent to the end of the lunch line.

#### Prices

School lunches are reasonably priced and include all nutritional requirements mandated by the Arkansas Department of Education. Students at Lonoke Middle School pay \$1.25 per meal for breakfast (\$.30 per meal for reduced) and \$2.25 per meal for lunch (\$.40 per meal for reduced). Free and reduced meals are offered for students who qualify.

#### Payment for Meals

The district does not offer credit for food items purchased in the school cafeteria; payment for such items is due at the time the food items are received. Parents or students choosing to do so may pay weekly or monthly in advance for students’ meals.

It is understood that emergencies may arise from time to time and that a student may forget lunch money or the parent/student may not realize that there is no balance in the meal account (for those paying in advance). For those situations, the district will permit each student to accrue up to five (5) meal charges during each school year. After the fifth meal charged, students will be offered cereal and milk for breakfast and a sandwich and drink for lunch until charges have been reduced/paid. Charges may only apply to regular meals (no charges for specialty meals will be permitted).

#### EZSchoolPay

For your convenience, you may register to use the EZSchoolPay online system to track meal balances and pay for school meals. Choose the EZSchoolPay link on the district website for more information.

**Point of Service**

Students in each cafeteria will receive meals after they have paid for them or been approved at the cashier's station.

**GENERAL REQUIREMENTS FOR FOOD AND BEVERAGES  
IN PUBLIC SCHOOLS**

As per Standard 5.01.2 of the Arkansas Department of Education rules governing nutrition and physical activity, "effective July 01, 2005, during the declared school day, at middle, junior high and high school sites, schools may not serve, provide access to, through direct or indirect sales, or use as a reward, any Food of Minimal Nutritional Value (FMNV) or competitive food to students anywhere on school premises until 30 minutes after the last lunch period has ended. This includes FMNV and competitive foods given, sold, or provided by school administrators, or staff (principals, coaches, teachers, club sponsors, etc.) students or student groups, parents or parent groups, or any other person, company or organization associated with the school site.

**HEALTH SERVICE**

In case immediate attention of a physician is necessary, the child will be taken to a local physician and the parents contacted. Parents are requested to furnish the school with the name of the family doctor of their choice. If no choice is indicated and immediate attention is necessary, the child will be taken to a doctor at the parents' expense.

**HEALTH – FIRST AID**

A registered nurse is available to meet student health needs. Arrangements for a consultation may be made through the principal's office. First aid supplies are available, and school personnel are familiar with procedures to be followed.

**IMMUNIZATION REQUIREMENTS**

Immunizations must be up-to-date as required by the Arkansas Department of Health. A copy of the required immunizations may be acquired from the school health nurse. If a student does not have the required immunizations, the school nurse, with input from the principal, will establish a deadline for the student to complete the immunizations. If the deadline is not met, the students will not be allowed to attend school.

**PHYSICAL EXAMINATIONS OR SCREENINGS**

The Lonoke School District conducts routine health screenings such as hearing, vision, and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to his/her full potential.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.50F or by providing certification from a physician that he/she has recently examined the student.

A student may be required to pass a physical exam before being allowed to participate in certain extracurricular activities to help ensure they are physically capable of withstanding the rigors of the activity. It is understood that students who refuse to take such an exam will not be allowed to participate in the desired activity.

The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

## **WELLNESS POLICY**

The health and physical well-being of our students directly affects their ability to learn. Childhood obesity increases the incidence of adult diseases occurring in children and adolescents such as heart disease, high blood pressure and diabetes. The increased risk carries forward into their adulthood. Research indicates that a healthy diet and regular physical activity can help prevent obesity and the diseases resulting from it. It is understood that the eating habits and exercise patterns of students cannot be magically changed overnight, but at the same time, the board of directors believes it is necessary to strive to create a culture in our schools that consistently promotes good nutrition and physical activity.

The problem of obesity and inactivity is a public health issue. The board is keenly aware that it has taken years for this problem to reach its present level and will similarly take years to correct. The responsibility for addressing the problem lies not only with the schools and the Department of Education, but with the community and its residents, organizations and agencies. Therefore, the district shall enlist the support of the larger community to find solutions which improve the health and physical activity of our students.

## **SICK POLICY**

Any student who appears to be sick or exhibits unusual behavior, in the opinion of the teacher and/or principal, will be sent home. A student's sickness can be physical, mental or emotional, i.e. unresponsiveness, lack of ability to concentrate, dramatic mood change, loss of motivation, and/or the usual physical symptoms of illness.

If a student is thought to be ill, he/she will be sent to the office. The parents will be notified and asked to report to the principal's office. If the parents will not or cannot come, then they must make arrangements for the student to be sent to a designated place because the student will not be allowed to remain in school.

## **HEADLICE**

No student will be allowed to attend school if he or she is infested with lice or nits.

Examinations of students' hair will be made by school personnel to determine if the student is infested with lice. If a student is infested with lice, information will be sent home with the student instructing the parents on how to treat the problem. If a student is sent to the Health Nurse or a Family Doctor, the principal must receive a note from the Doctor or Nurse stating the student is free of infestation of lice before the student will be admitted to school.

If a student refuses to have his or her hair checked for lice, he or she must have a note from the Health Nurse or a Doctor stating they are free of lice before being admitted to school.

If this condition of lice infestation continues, the following actions shall be taken:

- The school nurse may contact Department of Human Services (DHS) and inform of the family's refusal to take care of the problem.
- The principal shall suspend the student until the student's hair is free of infestation of lice and/or nits.

## **INFECTIOUS – COMMUNICABLE DISEASES**

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students who the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: chicken pox, measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis B or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any bloodborne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

The District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at school. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

## **RIGHT TO PRIVACY**

### PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14<sup>th</sup> calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
  - After consulting with each classroom teacher in which the siblings were placed, the school determines the parent's classroom placement request is:
    - Detrimental to the educational achievement of one or more of the siblings;
    - Disruptive to the siblings' assigned classroom learning environment; or
    - Disruptive to the school's educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings' classroom placement to the Superintendent. The Superintendent's decision regarding the appeal shall be final.

## **ADVANCED MATH PLACEMENT CRITERIA, GRADES 7 - 8**

**Criteria for automatic placement in advanced math courses:**

**Teacher recommendation or**

Score 90% or above in previous year's math course,

Score advanced in math on State benchmark exam from previous year, and

Score at the eighty-fifth percentile or greater on norm-referenced assessment from previous year.

If a student is not placed in advanced math per teacher recommendation or does not meet all three of the listed criteria and a parent requests their enrollment in advanced math, parents will be required to indicate in writing their request is not in compliance with teacher/school recommendation.

The above stated criteria must be met each year in order to advance to the next advanced math course.

### **Criteria for Remaining in Advanced Courses**

The student and parent will sign an agreement that explains the class expectations and requirements. Students earning lower than a "B" in any advanced math course at the end of the 1<sup>st</sup>, 2<sup>nd</sup>, or 3<sup>rd</sup> nine-week grading periods in advanced math courses in grades seven and eight will be reassigned to a regular math class at that time. In grades nine through twelve, reassignment from an advanced math course to a regular math course will be at the recommendation of the math coordinator based on the student's performance.

## **DIGITAL LEARNING COURSES**

**Definitions** - For the purposes of this policy:

"Blended Learning" is education in which instruction and content are delivered through supervised instruction in a classroom and online delivery of instruction with some element of student control over time, place, path, or pace.

"Digital Learning" means a digital technology or internet-based educational delivery model that does not rely exclusively on compressed interactive video (CIV). Digital learning includes online and blended learning.

"Highly Qualified Teacher" means a teacher who holds at least a Bachelor's Degree and has demonstrated subject area competence in each of the core academic subjects in which the teacher teaches. A highly qualified teacher that delivers digital learning courses under these rules is not required to be licensed as a teacher or administrator by the State Board of Education. This definition, however, does not override the fact that Federal laws or regulations may require teachers in certain subject areas to hold a teaching license (e.g., special education teachers who teach core academic subjects).

"Instructional Materials" means:

1. Traditional books, textbooks, and trade books in printed and bound form;
2. Activity-oriented programs that may include:

- a. Manipulatives;
  - b. Hand-held calculators;
  - c. Other hands-on materials; and
3. Technology-based materials that require the use of electronic equipment in order to be used in the learning process.

“Online Learning” is education in which instruction and content are delivered primarily over the Internet. The term does not include print-based correspondence education, broadcast television or radio, videocassettes, compact disks and stand-alone educational software programs that do not have a significant Internet-based instructional component.

### **Digital Course Offerings**

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format and shall be tailored to meet the needs of each student.

All digitally offered courses shall meet or exceed the State Board of Education's curriculum standards and requirements and be capable of being assessed and measured through standardized or local assessments. Additionally, the District shall ensure there is sufficient infrastructure to handle and facilitate a quality digital learning environment.

As an approved digital learning provider, the District shall annually determine what District created digital learning courses it will provide to our students. The District may also choose to provide digital learning courses by contracting with outside providers of such courses, who have been pre-approved by the Arkansas Department of Education (ADE). The School Board shall determine the provider method or combination of methods for the District. The Superintendent shall ensure that all digital learning courses provided to District students, regardless of the source of the course, have been approved by ADE.

District created digital courses and any digital courses the district purchases from outside providers shall adhere to the guidelines for the use of digitally transmitted copyrighted materials set forth in Policy 5.8-USE OF COPYRIGHTED MATERIALS as well as applicable statutory requirements.

The District shall require all outside providers to incorporate Policy 5.8 as a condition of the service contract . Failure of the outside provider to abide by Policy 5.8 shall constitute a breach of contract and the outside provider shall be responsible for any costs resulting from such breach.

Students may take digital blended learning courses through a content area. Students must be physically present for each digital learning class he/she takes.

The District is responsible for providing all instructional materials for each student who enrolls in a District approved digital learning course.

Regardless of any other provisions of this policy, the District may restrict a student's access to digital courses when the student's school principal determines the student's participation in such a course would not be academically appropriate based on the student's past performance in digital courses. Furthermore, the student's school principal may revoke a student's eligibility to continue taking a digital learning course if the student's performance during the semester indicates the student is not succeeding in the course.

### **GRADUATION REQUIREMENTS**

Students have the responsibility to meet the requirements of graduation and/or plan of study, to seek counsel and direction in determining educational goals, and to work with school personnel to try to resolve any conflict

which may arise. School staff members have the responsibility to recognize the individuality of those students seeking their advice and counsel to make known to students and the community the broad scope of special instructional programs available in the district, and to work with students to try to resolve conflicts. In selecting a course of study, students are to keep in mind the requirements for graduation, required subjects which may need to be made up, and post-secondary career plans. All regular students will be enrolled in seven (7) academic subjects. Students must gain the required credits toward graduation through an accredited educational institution. Credits received through a foreign exchange program will not be recognized by the Lonoke School District as applying toward graduation. Any credit not earned at Lonoke High School is subject to administrative approval. Summer school, correspondence, and Nova Net courses must be pre-approved by the building principal before any subsequent credit is awarded.

### **COMMUNITY SERVICE HOURS**

All Arkansas High School students are encouraged to volunteer and participate in community service projects. Students who can show documentation of one hundred hours of community service will receive a special seal on their diplomas to recognize their commitment to community service.

### **EARLY GRADUATION**

It is strongly recommended that students be in attendance four years in grades nine through twelve in order to graduate from Lonoke High School. In the event a student chooses early graduation and completes the necessary units of credit prior to four years, he/she will be issued a diploma by the School Board. The student by his/her decision to terminate student status prior to the completion of four years in attendance in grade nine through twelve forfeits his/her eligibility to participate in all senior class activities except the graduation ceremony. He/she will not be ranked with the senior class and may not be an honor graduate. To participate in all senior activities the student must have been enrolled at Lonoke High School during the entire school year. Requests for early graduation must be filed in principal's office. Requests must be signed by the student's parents. If a senior wants to participate in the graduation ceremony he/she must let the principal know by March 1<sup>st</sup> of that year.

### **EVALUATION/REPORTING TO PARENTS/SENDING PROGRESS REPORTS**

Parents or guardians shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine-week grading period to keep parents / guardians informed of their student's progress.

The evaluation of each student's performance on a regular basis serves to give the parents / guardians, students, and the school necessary information to help effect academic improvement. Students' grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

The grades of a child in foster care shall not be lowered due to an absence from school due to<sup>1</sup>:

1. A change in the child's school enrollment;
2. The child's attendance at a dependency-neglect court proceeding; or
3. The child's attendance at court-ordered counseling or treatment.

The grading scale for students in grades 1-12 shall be as follows:

- A = 100 – 90
- B = 89 – 80
- C = 79 – 70
- D = 69 - 60
- F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be

- A = 4 points
- B = 3 points
- C = 2 points
- D = 1 point
- F = 0 points

The grade point values for Advanced Placement (AP), International Baccalaureate (IB), and approved honor courses shall be one point greater than for regular courses with the exception that an F shall still be worth 0 points.

A mastery of skills checklist will be used to document progress at the kindergarten level.

The final grades of students who transfer in for part of a semester will be determined by blending the grades earned in the district with those earned outside the district. Each final grade will be the sum of the percentage of days in the grading period transferred from outside the district times the transferred grade from outside the district plus the percentage of days in the grading period while in the district times the grade earned in the district.

For example: The grading period had 40 days. A student transferred in with a grade of 83% earned in 10 days at the previous school. The student had a grade of 75% in our district's school earned in the remaining 30 days of the grading period. 10 days is 25% of 40 days while 30 days is 75% of the 40 days. Thus the final grade would be  $.25 (83) + .75 (73) = 75.5\%$

Each nine weeks a report of progress (report card) is sent home with each student for his/her parents to review. Any parent desiring another form of notification may make arrangements with the principal. Parents are welcome to visit the school by appointment for a conference with appropriate school personnel. Interpretation of standardized test scores is available by the counselor. Regularly scheduled parent – teacher conferences are held each 1<sup>st</sup> and 3<sup>rd</sup> nine weeks. Interim progress reports will be prepared for all students and mailed to parents at the end of the fifth week of each nine week period.

### **CONDUCT GRADES**

If given, conduct grades will be recorded on report cards by letters. The following will be used.

O	=	Outstanding
S	=	Satisfactory
N	=	Needs Improvement
U	=	Unsatisfactory Behavior

### **HOMEWORK POLICY**

Homework is considered to be part of the educational program of the Lonoke School District. Assignments shall be an extension of the teaching/learning experience that promotes the student's educational development. As an extension of the classroom, homework must be planned and organized and should be viewed by the students as purposeful. Teachers should be aware of the problem students may have completing assignments from multiple teachers and vary the amount of homework they give from day to day. Homework or other activities shall never account for more than twenty-five (25%) of a student's grade.

### **HONOR ROLL**

Academic excellence is recognized by the use of honor rolls. In order to be recognized on the **"A" Honor Roll**, a student must have all "A's." In order to be recognized on the **Honor Roll**, a student must have at least a 3.5 GPA and no grade below a "B". In order to be recognized on the **Merit Roll**, the student must have a 3.0 GPA and no grade less than a "C".

**Any parent or student who does not want to have the student identified as an honor student or listed on the honor roll shall submit a written request to the school principal.**

## PROMOTION/RETENTION/COURSE CREDIT FOR GRADES 6-8

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria.

### Middle School:

- Students must obtain at least 2.5 units from the four (4) core classes in order to be promoted to the next grade. The units obtained must include the following:
  - .5 of Literacy/Language Arts
  - .5 of Social Studies
  - .5 of Math or Advanced Math
  - .5 of Science

While the child's learning progress is a prime consideration, other factors such as emotional maturity and social adjustment are considered in making promotional decisions. In the final analysis, the foregoing factors used in promotional decisions must be considered in terms of the question, "What is best for the child?"

If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference between the building principal, the student's teacher(s), counselor, a 504/special education representative (if applicable), and the student's parents shall be held before a final decision is made. The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Regardless of the student having earned passing grades, a student who falls under one of the following categories shall be considered for retention or shall not receive credit for the course associated with the assessment. The student:

- does not take the State mandated assessment for the student's grade level or course within the time frame specified by the State;

The Superintendent or designee may waive this provision when the student's failure was due to exceptional or extraordinary circumstances.

Students who do not score proficient or above on their grade level State Mandated Exams shall be required to participate in an Academic Improvement Plan (AIP). Each AIP shall be developed by school personnel and the student's parents and shall be designed to assist the student in attaining the expected achievement level. The AIP shall also state the parent's role as well as the consequences for the student's failure to participate in the plan, which shall include the student's retention in their present grade.

All students must successfully pass all end-of-course (EOC) assessments they are required to take unless exempted by the student's individualized education program (IEP). To receive academic credit on his/her transcript in a course requiring a student to take a EOC assessment, the student must either receive a passing score on the initial assessment or successfully participate in the remediation program identified in his/her

Individualized Academic Improvement Plan (IAIP) which shall focus on the areas in which the student failed to meet the necessary passing score. Additionally, the lack of credit could jeopardize the student's grade promotion or classification.

To the extent required by the State Board of Education, students in grade eleven (11) and below who do not meet the required score on a college and career readiness measurement shall participate in the remediation activities prescribed in his/her IAIP which may include additional opportunities to retake the measurement.

Such remediation shall not require the student to pass a subsequent college and career readiness measurement in order to graduate from high school.

Promotion/retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

In addition to the possibility of retention or withholding of course credit, students who fail to participate or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following State mandated assessment, as applicable, or completes the required remediation for the assessment. The Superintendent or designee may wave this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

## **STUDENT ACTIVITIES**

All activities must be approved by the principal who must be given a date and time. All activities must have school sponsors present as well as other sponsors that the principal or director of activities may require.

Students at school-sponsored, off-campus events shall be governed by school district rules and regulations and are subject to the authority of school district personnel. Failure to obey reasonable instructions of school district personnel shall result in loss of eligibility to attend school sponsored, off-campus events and may result in disciplinary action applicable under the regular school program.

No extracurricular activities are to be held the day before mid-term or final examinations.

All school activities must end at the time specified by the principal and sponsor.

The school will not be responsible for students after 12 o'clock midnight.

## **STUDENT ORGANIZATIONS**

A variety of organizations are available for students. Each is sponsored by a faculty member. Each has rules, regulations or bylaws concerning membership requirements. These are on file in principal's office.

Participation in organizations should not conflict with academic areas. Parents and students are encouraged to visit with organization/club sponsors in order to review all requirements for participation to prevent any conflicts with academic areas.

Our club program is designed to make opportunities available to students for leadership and collaborative effort. The plans, activities, and functions of each club are decided upon and carried out by the members and their elected officers, with the help of an advisor. Participation in clubs will be determined by charters and any other requirements as determined by advisors. The success of each activity depends upon the loyalty and work of the members and capabilities of the officers. A club is only as good as the members make it. Help make your club and your time fruitful by participating actively.

Art Club (Grades 6-8)  
Cheerleaders (Grade 8)  
FBLA (Grades 7 & 8)  
FCCLA (Grade 7 & 8)  
Bilingual Club (Grades 6 - 8)

## **EXTRACURRICULAR ACTIVITIES--SECONDARY SCHOOLS**

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student's educational experience. At the same time, the Board believes that a student's participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments excepted). Additionally, a student's participation in, and the District's operation of, extracurricular activities shall be subject to the following policy. All students meeting this policy's criteria are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

Any student who refuses to participate in a State assessment or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following state mandated assessment, as applicable, or completes the required remediation for the assessment. The superintendent or designee may wave this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

### **Interscholastic Activities**

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

#### **Definitions:**

"Academic Courses" are those courses for which class time is scheduled, which can be credited to meet the minimum requirements for graduation, which is taught by a teacher required to have State licensure in the course or is otherwise qualified under Arkansas statute, and has a course content guide which has been approved by the Arkansas Department of Education (ADE). Any of the courses for which concurrent high school credit is earned may be from an institution of higher education recognized by ADE. If a student passes an academic course offered on a block schedule, the course can be counted twice toward meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

"Extracurricular activities" are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the

purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.

“Supplemental Improvement Program (SIP)” is an additional instructional opportunity for identified students outside of their regular classroom and meets the criteria outlined in the current Arkansas Activities Association (AAA) Handbook.

### **ACADEMIC REQUIREMENTS: Junior High**

A student promoted from the sixth to the seventh grade automatically meets scholarship requirements. A student promoted from the seventh to the eighth grade automatically meets scholarship requirements for the first semester. The second semester eighth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester, three (3) of which shall be in the core curriculum areas specified by ADE’s Standards for Accreditation of Arkansas Public Schools.

The first semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester, three (3) of which shall be in the core curriculum areas specified by ADE’s Standards for Accreditation of Arkansas Public Schools.

The second semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed (4) academic courses the previous semester which count toward his/her high school graduation requirements.

Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate the fall semester of their tenth-grade year.

### **ACADEMIC REQUIREMENTS: Senior High**

In order to remain eligible for competitive interscholastic activity, a student must have passed (4) academic courses the previous semester and either:

- 1) Have earned a minimum Grade Point Average (GPA) of 2.0 from all academic courses the previous semester; or
- 2) If the student has passed four (4) academic courses the previous semester but does not have a 2.0 GPA the student must be enrolled and successfully participating in an SIP to maintain their competitive interscholastic extracurricular eligibility.

## **STUDENTS WITH AN INDIVIDUAL EDUCATION PROGRAM**

In order to be considered eligible to participate in competitive interscholastic activities, students with disabilities must pass at least four (4) courses per semester as required by their individual education program (IEP).

## **ARKANSAS ACTIVITIES ASSOCIATION**

In addition to the foregoing rules, the district shall abide by the rules and regulations of AAA governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities that are enrolled in school. As a matter of District policy, no student may participate in an AAA governed extracurricular activity unless he or she is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.

### **Intrascholastic Activities**

#### **AAA Governed Activities**

Students participating in intrascholastic extracurricular activities that would be governed by AAA if they were to occur between students of different schools shall meet all interscholastic activity eligibility requirements to be eligible to participate in the comparable intrascholastic activity. The District will abide by the AAA Handbook for such activities to ensure District students are not disqualified from participating in interscholastic activities.

#### **Non-AAA Governed Activities**

Unless made ineligible by District policies, all students shall be eligible to participate in non-AAA governed intrascholastic extracurricular activities. Intrascholastic activities designed for a particular grade(s) or course(s) shall require the student to be enrolled in the grade(s) or course(s).

## **ACCIDENTS AND STUDENT INSURANCE**

The schools do not carry accident insurance on students, and are generally immune from civil liability. **It is strongly recommended that parents purchase student insurance to cover their child while at school, particularly if no other health coverage is in force.**

## **EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS**

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone as permitted by this policy. Although not guaranteed participation in an interscholastic activity home-school student who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in interscholastic activities without discrimination.

The District shall abide by this policy and by the rules contained in the Arkansas Activities Association (AAA) Handbook governing interscholastic activity participation of students who are home-schooled. Areas of eligibility criteria, such as a student's age and semesters of eligibility, are the same for home-schooled and traditional students and are governed by the current AAA Handbook.

Home-schooled student means a student legally enrolled in an Arkansas home school and who meet or have met the criteria for being a home-schooled student, as established by A.C.A. 6-15-503.

Interscholastic activity means an activity between schools subject to regulations of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

The parent of any student wishing to participate in an interscholastic activity shall mail or hand delivers a completed application form 5.32.2F to his/her child's school's principal before the signup, tryout or participation deadline established for traditional students. The Superintendent shall approve those applications which meet the enrollment application requirements identified in this policy and AAA Rules and shall deny those that don't meet the requirements.

Approved applications shall apply only for the semester in which the student enrolls in the student's resident school zone. The student shall regularly attend the class in which the student is enrolled beginning no later than the eleventh (11) day of the semester in which the student's interscholastic activity participation is desired. If the student's desired interscholastic activity begins prior to the first day of the semester in which the student is enrolled, to maintain eligibility, the student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A home-schooled student whose application has been approved; who has met the try out criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;
- permission slips, waivers, physical exams; and
- participation or activity fees.

A student whose application for eligibility to participate in an interscholastic activity is accepted is required to enroll in no more than one course in the District's school where the student is intending to participate in an interscholastic activity. Home-schooled students shall meet the same enrollment criteria as are required for traditional students in policies 4.1—RESIDENCE REQUIREMENTS and 4.2—ENTRANCE REQUIREMENTS and the parent or guardian's shall sign a form acknowledging receipt and understanding of the school's student handbook and to be bound by the applicable portions thereof.

If the student's desired interscholastic activity is associated with a specific class or course that meets during the school-day that the traditional students of the district are required to take, the home-schooled student shall take the required class or course to be eligible for the interscholastic activity.

If the student's desired interscholastic activity is **not** associated with a specific class or course that meets during the school-day, to be eligible to participate in the student's desired interscholastic activity, the home-schooled student shall enroll in a class or course that is age and grade appropriate for the student.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from interscholastic activities on the same basis as other students are transported.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

**Students must adhere to the following state and district guidelines: ACT 675 OF 2003, A.C.A. 6-18-211**

Students in grades 9-12 shall be required to schedule and attend a full day of school. Students must be enrolled in no fewer than 350 minutes of planned instructional time each day as a requirement for graduation. Students are to be assigned no more than one class period a day for a study hall period which the student shall be required to attend and participate in a full class period of self-study or organized tutoring in the school building.

No more than one class period per day may be scheduled for organized and scheduled extracurricular classes to be included as planned, instructional time. If the extracurricular class is related to a seasonal activity, the class must continue to meet after the season ends to be counted toward the requirement of planned instructional time.

## **ADDITIONAL EXTRACURRICULAR GUIDELINES**

Absenteeism will affect participation. If a student is absent from school, participation in that day's activity will be prohibited without prior approval of the principal. (Extracurricular activities include practice). Disciplinary action, such as Saturday School, in-school suspension, and out-of-school suspension may affect a student's future eligibility for participation in activities, student groups, and special school functions.

### **Drug Testing**

The Lonoke School District requires random drug testing for students participating in extracurricular activities. Consequences of refusal to submit to these screenings will result in removal from said activities.

#### **For a positive test:**

1. The parent and student will be notified of the positive test. The administration will not inform anyone but the parent and student.
2. The student will be on probation for twenty days and not be allowed to participate in any activities. After twenty-one days the student will be tested again at his/her own expense and a written copy of the results will be given to administration. If the test is negative, probation will be lifted. If the test is positive, the student will not be allowed to continue participating in any extracurricular activities for the remainder of the year. To participate in extracurricular activities the following year, the student must have a negative screening test. This test will be administered at the student's expense.
3. Positive test results shall not be provided to the police or other law enforcement agencies.

#### **Consequences for Second Positive Result**

For the second positive result in the same year or any two consecutive calendar years, the student will be suspended from participating in any extracurricular activities for the remainder of the school year. If this positive test is in the spring semester, the student will not be able to participate during the following fall semester.

#### **Consequences for a Third Positive Result**

For the third positive result, the student will be suspended from participating in any extracurricular activities for the remainder of his enrollment with the school. (Decision may be appealed to the board).

## **ATHLETICS**

Every student participating in school athletics is covered by school insurance. If the family has insurance, the school is secondary coverage. If the parents do not have insurance, the school insurance becomes the primary coverage. It provides coverage that is usual and customary.

Any student enrolled in K-12 is eligible to participate in athletic activities as long as he/she meets program requirements. Students in grades 7-12 must also meet the eligibility requirements of the Arkansas Activities Association. To be eligible without qualification, students must pass a minimum of four (4) academic classes from the previous semester.

To be eligible for participation in athletics, a student must participate in tryouts if held by the sport or enrolled in an off-season conditioning program prior to the season.

## **CHEERLEADER TRYOUT ELIGIBILITY**

### **Senior High and Middle School**

All tryout candidates and squad members must meet all eligibility requirements of the AAA, as well as those stated below. A student who is found ineligible for any reason may not practice, attend practice, perform, or appear in uniform during the period of ineligibility. In order to tryout, candidates must:

- A. Have at least a 2.0 GPA for the semester immediately prior to tryouts or what the AAA sets forth.
- B. Have no more than one (1) out-of-school suspension for the current school year.

2. After they receive permission to walk from the girls, they turn these names into the head coach and principal; this will be done by Tuesday. Names turned in on this date are the official homecoming court. Any invitations to walk prior to this date will not be officially recognized.
3. The head coach and principal will prepare a list of 12<sup>th</sup> grade and 9<sup>th</sup> grade girls to be voted on for Queen. (Only 12<sup>th</sup> grade and 9<sup>th</sup> grade girls that have been asked to walk will be eligible to be selected Queen and Maid). This will be done no later than Wednesday.

5. The 12<sup>th</sup> grade girl and the 9<sup>th</sup> grade girl receiving the most votes will be the Queen. The Maid of Honor will be the girl receiving the second most votes. (In case of a tie, there will be a run-off. The girl receiving the second most votes will be the maid).

## **TEXTBOOKS**

Basic textbooks are furnished students at no cost to the student. Each teacher assigns books to students. When students transfer to another school or withdraw from Lonoke School District for any reason, they must return books to the teacher who issued them. Fines will be assessed for books with excessive writing or for books which have been damaged. Lost textbooks must be paid for. Students will pay the replacement value of the book.

## **CLASSIFICATION OF STUDENTS**

Students will be classified according to the number of units of credits earned in high school. The following scale will be used to determine a student's classification:

Tenth Grade	4.5---9.0 units of credit

Eleventh Grade	9.5---15.0 units of credit
Twelfth Grade	15.5 and above

## SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are 18 years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, both a *Smart Core Informed Consent Form* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh grade, or when a 7-12 grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent records. This policy is to be included in student handbooks for grades 6-12 and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

## GRADUATION REQUIREMENTS

The number of units that students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of 22 units is required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the 22 units required for graduation by the Arkansas Department of Education, the Lonoke School District requires one-half (1/2) unit in word processing or one (1) unit of Computerized Business Applications for a total number of 22.5 units for graduation<sup>6</sup>. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

Unless exempted by a student's IEP, all students must successfully pass all end-of-course (EOC) assessments they are required to take or meet the remediation required for the EOC assessment to receive academic credit for the applicable course and be eligible to graduate from high school.

## Digital Learning Courses

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format. In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

Any student that does not meet the satisfactory pass level on the initial assessment shall participate in an individualized academic improvement plan that shall include remediation activities and multiple opportunities for a student to take and pass subsequent end-of-course assessments *(d)(1)(B)*.
