Lonoke School District

Mission Statement

The mission of the Lonoke School District is to create an environment that provides all students with academic skills and responsible citizenship.

Vision Statement

The vision of the Lonoke School District is for our students to become responsible and effective leaders of society.

Alma Mater

Here's to Lonoke,
Dear old Lonoke,
To the school we love the best,
With her colors gaily flying
She will always stand the test.
When we leave you,
We will grieve you:
You'll always be our greatest pride;
And just to show you how much we owe you,
We'll always root for you, Lonoke High!

Lonoke Jackrabbit Sportsmanship Creed

We will always cheer for our Jackrabbits and not against our opponents
We always treat our athletic opponents and their fans as our friends and guests
We will accept the decisions of officials and we will applaud our players' efforts rather than hissing and booing
We will not condone abusive remarks toward the opposition or the officials either from the sidelines or the bleachers
We will always seek to win with fairness and within the rules of the contest
We will try to win without boasting and lose without excuses
We will always remember who we are and what our purposes are whether at home or on the road.

A hostile educational environment for one (1) or more students or public school employees due to the severity, persistence, or pervasiveness of the act; or Substantial disruption of the orderly operation of the school or educational environment.

Examples of "Bullying" may also include but are not limited to a pattern of behavior involving one or more of the following: Sarcastic comments "compliments" about another student's personal appearance or actual or perceived attributes, Pointed questions intended to embarrass or humiliate, Mocking, taunting or belittling, Non-verbal threats and/or intimidation such as "fronting" or "chesting" a person, Demeaning humor relating to a student's race, gender, ethnicity or actual or perceived attributes, Blackmail, extortion, demands for protection money or other involuntary donations or loans, Blocking access to school property or facilities, Deliberate physical contact or injury to person or property, Stealing or hiding books or belongings, Threats of harm to student(s), possessions, or others, Sexual harassment, and/or Teasing or name-calling based on the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether the student self-identifies as homosexual. Electronic acts of bullying are prohibited whether or not the electronic act originated on school property or with school equipment, if the electronic act is directed specifically at students or school personnel and maliciously intended for the purpose of disrupting school, and has a high likelihood of succeeding in that purpose.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form. Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. In determining the appropriate disciplinary action, consideration may be given to other violations of the student handbook, which may have simultaneously occurred. District Parent Involvement Policy

The Lonoke School District and its schools understand the importance of involving parents and the community in promoting higher student achievement and general good will between the District and those it serves. Therefore, the District shall strive to develop and maintain the capacity for meaningful and productive parental and community involvement that will result in partnerships that are mutually beneficial to the school, students, parents, and the community. The District schools shall work to:

- 1. Involve parents and the community in the development of the long range planning of the District/school;*
- 2. Give the support necessary to enable them to plan and implement effective parental involvement activities;*
- 3. Have a coordinated involvement program where the involvement activities of the district enhance the involvement strategies of other programs such as Head Start, HIPPPY, Pre-K programs, and other programs;*
- 4. Explain to parents and the community the State's content and achievement standards, state and local student assessments and how the District/school curriculum is aligned with the assessments and how parents can work with the District to improve their child's academic achievement;*
- 5. Provide parents with the materials and training they need to be better able to help their child achieve. The District may use parent resource centers or other community based organizations to foster parental involvement and provide literacy and technology training to parents.*
- 6. Educate District staff, with the assistance of parents, in ways to work and communicate with parents and to know how to implement parent involvement programs that will promote positive partnerships between the school and parents;*
- 7. Keep parents informed about parental involvement programs, meetings, and other activities they could be involved in. Such communication shall be, to the extent practicable, in a language the parents can understand;*
- 8. Find ways to eliminate barriers that work to keep parents from being involved in their child's education. This may include providing transportation and child care to enable parents to participate, arranging meetings at a variety of times, and being creative with parent/teacher conferences;*
- 9. Find and modify other successful parent and community involvement programs to suit the needs of our district;*
- 10. Train parents to enhance and promote the involvement of other parents;*
- 11. Provide reasonable support for additional parental involvement activities as parents may reasonably request.*

To ensure the continued improvement of the District's parental/community involvement program, the District/school will conduct an annual review of its parental involvement policies to examine their effect on promoting higher student achievement. The review shall be done by a committee consisting of parents and other community members, certified and classified staff, and member(s) of the administration.

This policy shall be part of the school's Title I plan and shall be distributed to parents of the District's students and provided, to the extent practicable, in a language the parents can understand.

FOREWORD

The Lonoke School District works hard to provide a safe and orderly environment that supports all aspects of learning through effective communication and high expectations of appropriate behavior. Effective and positive discipline preserves the time needed for meaningful instruction necessary for student achievement.

The Parent/Student Handbook for Student Conduct and Discipline is designed for students, parents, principals, and teachers. Its main purpose is to clearly set forth the standards and limits for behavior established by state law and the Board of Education. It also describes the various administrative actions taken when standards of behavior are violated. The Handbook is annually reviewed and revised as needed by parents, students, and School District personnel.

Please review the contents of the Handbook and indicate that you have done so by signing and returning the signature page to the principal's office of your child's school. The review and your signature are a requirement of Act 104 of 1993.

We sincerely hope that all who use this Handbook do so realizing the importance of the student's responsibility for his/her own acceptable behavior. You can be assured that all District personnel will work diligently to ensure a positive learning environment for all students.

Dr. John Tackett, Superintendent

A MESSAGE TO STUDENTS AND PARENTS

This document has been prepared for the purpose of outlining to you the expectations of the Lonoke School District in regard to student conduct.

The district recognizes that students are guaranteed full rights of citizenship by the United States Constitution; and these rights may not be denied except in accordance with due process of law. The district further recognizes that with these rights there are responsibilities which are designed to help all participants acquire the full benefits of the educational program, regardless of race, sex, creed, or national origin.

It is impossible to list in this handbook all of the rules and guidelines for students and staff use. Therefore, the contents of this handbook should not be construed to limit or deny your rights and responsibilities on your own campus as a member of the student body or as a citizen, neither should it be construed as limiting or denying your principal the right and responsibility to develop such necessary rules and regulations that are not inconsistent with federal and state laws and Board of Education policies and regulations.

State law (6-18-505) requires documentation of student and parent receipt of student discipline policies. Each school principal will provide the required forms that students and parents must sign. By doing so, parents and students are signifying that they have received the Parent/Student Handbook including Conduct and Discipline and are aware of the District's rules, policies and procedures. Parents will also have the option of downloading the Handbook from the Lonoke School District website at www.lonokeschools.org.

Dr. John Tackett, Superintendent
Lonoke School District Administration

Inquiries concerning application of this policy may be referred to:

Lonoke School District

In keeping with the requirements of federal law, state law and applicable court order, the District will strive to remove any vestige of discrimination in the employment, assignment and promotion of personnel; in educational opportunities and services offered students; in student assignment to schools and classes; in student discipline and in location and use of facilities.

No student in the Lonoke School District shall, on the grounds of race, color, religion, national origin, sex, age, or disability be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District.

I. STANDARDS OF CONDUCT

The Lonoke Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school sponsored function, activity, or event (including travel to and from school events). School staff has the authority and the responsibility to take customary and reasonable measures to maintain proper control and discipline among students placed under their care and supervision. Such measures may include the use of reasonable force in the exercise of lawful authority to restrain or correct students and maintain order. **Any student who gives false information or wrongfully accuses another student or staff member may be subject to disciplinary action.** The standards of conduct are broken down into four major categories, Levels I, II, III, and IV.

Consistent application of these standards of conduct by teachers, staff and administrators should result in fairness for all students (offenders and victims alike) and help each school to better achieve our ultimate goal--educating the students.

The following activities are considered major infractions of proper conduct and will subject the student to disciplinary action including, but not limited to, suspension or expulsion from school and notification of law enforcement officials. **The violation of a rule will occur whether the conduct takes place on the school grounds at any time, off the school grounds at a school-supervised activity, function or event, or on School District transportation.**

Below each rule is a standardized list of disciplinary actions to be taken. Normally this list will be adhered to in alphabetical order after each occurrence. **However, the administration may exercise more extreme action in severe situations or in situations, which a student has been involved in other rule infractions.** Additionally, school administration may use restorative practices when appropriate to minimize the loss of instruction.

Reporting Requirement: Violations of Level I rules will be reported by the teacher or staff member to the school administrators. Violations of Level II rules will be reported by teachers or staff to the school administrators. The school administrators shall **use their discretion in deciding whether to report the offense to law enforcement officials.** Violations of Level III rules will be reported immediately by teachers or staff to school administrators. The school administrators will report such incidents to law enforcement officials, when necessary. **Violations of Level IV rules will be reported immediately by teachers or staff to school administrators. The school administrators will report such incidents to law enforcement officials.** (A.C.A. 6-17-113 [Rule 412 exception]).

PARENT/STUDENT PROCESS FOR COMPLAINTS/APPEALS

The process for appealing an administrative decision is as follows:

1. Contact the building Principal
2. Contact the Assistant Superintendent

A. LEVELS OF INFRACTIONS

Disciplinary penalties may range from a minimum of a reprimand to a maximum of an expulsion. Infractions are categorized into the following four levels of offenses:

Level	Category Definitions
Level I	Violation of General School and/or Classroom Rules -Level I consists of minor offenses that generally occur in the classroom that can be corrected by the teacher.
Level II	Conduct Requiring Administrative Intervention -Level II consists of offenses that are more serious in nature; or persistent Level I infractions.
Level III	Suspension -Level III consists of offenses that significantly disrupt the educational process, school environment, and/or school-related activities; or persistent Level I or II infractions.
Level IV	Expulsion - Level IV consists of serious offenses which include willful or malicious acts that have the effect of materially and substantially disrupting the educational environment in the school or at school activities; or Level I, II or III infractions depending on the severity or persistence of the act.

Response to Intervention (RTI)

After a student has demonstrated a pattern of negative/disruptive behavior, administration will implement the response to intervention (RTI) process for the student. RTI is a problem-solving approach that uses a three-tier model of intervention based on an integrated system of assessment and data collection that informs instructional and/or behavioral support at each tier. Each school should create a RTI committee at the beginning of each school year. The responsibility of the RTI committee is to:

- Identify the learning and/or behavioral needs of students who are struggling or may be at-risk of school failure
- Provide students with the academic, behavioral and/or social support needed to succeed in school
- Provide strategies and interventions within the school setting

The RTI committee shall be comprised of Teachers, Counselor, Administrator or Designee and other school personnel involved with students within the school setting.

Alternative Learning Class (ALC) SCREENING COMMITTEE

Exemplary practice 7.1 from the national alternative education association states: --the alternative education program has a screening committee to ensure that the alternative placement is most appropriate for the student's specific academic, behavioral, life skills, service coordination, transitional and vocational needs (individual student, individual placement decision).

Each school should create a screening committee at the beginning of each school year. The responsibility of the screening committee shall be as follows:

- To determine eligibility of students for ALC
- Ensure that interventions are implemented prior to the student's recommendation to ALC
- Consider the appropriateness of interventions
- Ensure that due process is followed
- Ensure student and parent are aware of possible placement
- Ensure behavior contract follows student to ALC

The screening committee shall be comprised of : Teacher, Counselor, ALC Representative, Parent or Guardian, Administrator or Designee.

III. DISCIPLINARY IMPLEMENTATION PROCEDURES

A. DETENTION HALL

Detention hall meets during respective time periods: 6th grade lunch; 7-12th grades- 7:30-8:00 a.m..

4. Failure to attend detention hall will result in Saturday School.
5. Students will be assigned to Saturday School upon fourth (4) detention assignment.

B. SATURDAY SCHOOL

The main purpose of this intervention shall be to help students remain in school instead of being suspended. Saturday School will consist of a study period which could be followed by campus clean-up.

Saturday School will be open every Saturday (excluding holiday weekends and inclement weather) during the school year. Students are required to check in before 8:00 a.m. The Saturday session will begin at 8:00 a.m. and end at 11:30 a.m. No student will be allowed to enter after 8:00 a.m. (no exceptions). Any student assigned to Saturday School must report to the designated area.

RULES AND GUIDELINES:

Failure to attend an assigned Saturday School will result in a three (3) day in-school suspension (ISS) assignment.

C. IN SCHOOL SUSPENSION (ISS)

The purpose of In-School Suspension (ISS) is to act as an alternative to keep out-of-school suspensions and expulsions to a minimum. The assignment may be in lieu of an out-of-school suspension.

RULES AND GUIDELINES:

- a. Students assigned to In-School Suspension (ISS) must report to the designated area in the cafeteria upon arrival. Students will be escorted to ISS by the ISS supervisor. The student must arrive no later than 8:00 a.m. and remain in ISS until school is dismissed.

During the ISS assignment period, students shall not attend any school sponsored activities nor shall the student participate in any school sponsored activities. **Students must be reinstated on the following day after serving an in-school suspension. Upon reinstatement, students will then be eligible to participate in school sponsored activities.**

D. SUSPENSION

Students who are not present at school cannot benefit from the educational opportunities the school environment afford. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days,* including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment;
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts;
3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s) or to the student if age 18 or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s) or to the student if age 18 or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practical.

When a student has been notified that he is suspended, he shall remain away from school premises until the principal or designee reinstates him, except when the student is accompanied by his parent for the student-parent-principal conference. In the event of an unsatisfactory student-parent-administrator conference, the suspension may be treated procedurally as a recommendation for expulsion, and notice will be sent to the parent as provided under the policy for expulsion.

It is the parents' or legal guardians' responsibility to provide current contact information to the District which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number (the contact may be by voice, voice mail, or text message) .
- An email address
- A regular first class letter to the last known mailing address

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of suspension.

Note: A notation of all suspensions of a student is made on the student's disciplinary record, his days of absence from school are recorded on the school's attendance register, and the student should understand that continuing acts of misconduct which cause suspension may lead to a recommendation for expulsion. (ACA 6-18-507). Suspensions initiated by the principal or designee may be appealed to the superintendent, but not to the Board. Suspensions initiated by the superintendent may be appealed to the Board.

E. PROBATION

The Principal, or his/her designee, may place any student who has been involved in an act of Level I, II, or III misconduct on probation in addition to being suspended. School personnel must provide formal notice to the student and parent/guardian(s),

and an opportunity for a parent/guardian conference. Probation should be for a definite period during which critical examination

and evaluation of the student's progress is to take place.

F. EXPULSION

1. When a student is suspended by a principal and recommended for expulsion the parent(s) or guardian will promptly be notified in writing, by a certified letter to the last known address or a letter delivered by a school employee, of the reason(s) therefore, and the procedure to be followed if readmission is sought. When a school employee delivers the letter, the parents, legal guardians or persons having lawful control of the student, or persons standing in loco parentis, will be required to sign a statement of receipt. The principal must sign the expulsion recommendation.
2. The Hearing Officer will hold a hearing on the recommendation for expulsion, if a request is made in writing within ten (10) calendar days from the date of the aforesaid notice. The Hearing Officer will consider the appeal brought by parents and the position of the administration making the recommendation and then make a decision based upon equitable factors. This hearing will normally be conducted within five (5) days after receiving the request for a hearing; another date may be mutually agreed upon between the two parties. A form and a stamped-addressed envelope, which may be used to request a hearing, will be enclosed with the aforesaid notice.
3. The findings and recommendation of the Hearing Officer will be final unless modified or rejected by the Superintendent and/or Board of Education. The Hearing Officer will furnish to the student or his representative complete instructions on his right to appeal to the Superintendent and/or Board of Education and the procedures to be followed. A form, which may be used for this purpose, will also be furnished if requested or if an appeal is indicated. (The appeal request must be made in writing within five (5) calendar days.)
4. No appeal will be heard by the Board unless the student has appeared before the Hearing Officer and presented a written notification of appeal to the Superintendent at least five (5) days prior to the next regular Board meeting, with the exception of students who are in possession of a firearm or who are involved in a fight with any weapon or other dangerous instrument. In these cases a written notification of appeal to the Board must be made to the Superintendent at least five (5) calendar days prior to the next regular Board meeting.
5. An appeal hearing before the board will be conducted as follows:
 - a. General statement concerning the allegation(s) will be made by the School Administration.
 - b. General statement on behalf of the student.
 - c. Presentation of evidence by the administration.
 - d. Presentation of evidence by the student or his representative in defense or mitigation of the allegation(s)
 - e. Rebuttal evidence by the Administration if so desires
 - f. The Board will then make a finding concerning the validity of the allegation(s). If the Board finds the allegation(s) not to be true this will terminate the hearing and no further action because of this matter will be taken against the student.

- g. If the Board finds the allegation(s) to be true, the Administration will make a recommendation and may offer additional factor evidence in support thereof. The recommendation need not necessarily be the same as the original recommendation.
- h. The student or his representative may elect to make a final statement in mitigation of the allegation(s) and recommendation of the administration.
- i. The Board of Education will take final action on the recommendation of the administration and may approve, modify or reject the recommendation.
- j. In the absence of a request for a hearing before the Hearing Officer, the Board will act upon the Superintendent's recommendation.
- k. When, because of the circumstances, time is of the essence the Board and the Superintendent may waive and modify the time and notice provisions of this subsection when such action would be in the best interest of fairness and the furtherance of justice. (ACA 6-18-507)

When a student has been notified that he has been recommended for expulsion, he will remain away from the school premises pending resolution of the recommendation.

6. All students who are expelled by the school board will be placed on a board-issued probation upon return. Prior to returning to school, the student and guardian shall meet with campus administration to review the conditions of the student's return. The duration of the probation will align with the term of the expulsion.
- A student who is expelled for one semester will be placed on one semester of probation upon return to Lonoke School District. .
 - A student who is expelled for two semesters will be placed on probation for two semesters upon return to Lonoke School District.
 - A student who is expelled for one calendar year will be placed on probation for one calendar year upon return to Lonoke School District.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion.

G. Corporal Punishment

LPSD has adopted a no corporal punishment policy, except for when it is the parent's request and meets legal stipulations.

IV. WHO IS RESPONSIBLE FOR STUDENT CONDUCT?

Freedom is a constitutional right, but does not mean the absence of reasonable rules and regulations that serve to guide the actions of individuals. Along with freedom comes the responsibility to act in such a manner as to insure that all participants may enjoy the same freedom. To obtain the greatest possible benefit to the students, teachers, administrators, support staff, bus drivers, parents, Board of Education and the entire community, it is essential that all work together to insure that all persons are treated equally and with dignity in respect to their rights and responsibilities.

A. Students

Students have the responsibility to pursue their education in the Lonoke School District in a manner that shows respect for other students, faculty members, parents and other citizens. Students should be aware that they have a responsibility to cooperate with and assist the school staff in the orderly and efficient conduct of the schools by abiding by the rules and regulations established by the Board of Education and the school of attendance, and implemented by teachers and school administrators. Each student is responsible for his own conduct at all times.

B. Parents or Guardians

Parents should carefully read the pages of this handbook and assume a leading role in advising their children of appropriate and inappropriate behavior at school. Parents should stress the importance of a good education and conduct necessary to achieve it. Without the support of the parents/guardians, this attempt to promote good citizenship and success in life may not succeed and the student will be the one to suffer the consequences of struggling through life without the benefit of an education.

ACA 6-17-106 states that it is unlawful for any person to use profane, violent, vulgar, abusive or insulting language toward any public school employee during the course of his duties. Said person shall be guilty of a misdemeanor and upon conviction be liable for a fine of not less than \$100 no more than \$1,500.

No unauthorized person (non-student) shall purposely enter or remain unlawfully in a school or vehicle on the school premises. (Criminal trespass — A.C.A. 5-39-203)

C. Teachers/Staff Members

All teachers/staff members are responsible for the supervision of the behavior of all the students in the school. This includes not only the students who are regularly assigned to the teacher/staff member, but also all other students with whom the teacher/staff member comes in contact. Each teacher/staff member is expected to maintain the kind of atmosphere and decorum that will promote the learning process, and to utilize sound techniques, which seem appropriate. These techniques include conferences with students and parents, referral to counselors at the school or referral to other supportive service personnel of the District (nurse, attendance caseworker, educational examiner, and psychologist). When the teacher/staff member is unable to assist the student to maintain proper control of his behavior, the student is to be referred to the appropriate administrator in the school.

D. School Administrators

An administrator of each school will disseminate and explain to all students at the beginning of the school year, and will disseminate to each new student upon registration, the rules and regulations currently in effect for that school. In developing rules and regulations the administrator is expected to involve representatives of the teaching staff, the student body and the patrons of the school. The administrator of each school is responsible for conducting continued in-service education for all personnel on a regular basis to interpret and implement established policies. Each principal, or the principal's designee, is authorized to assign students to detention, work detail (with parent permission), probation status, and to suspend or recommend expulsion of students. The principal is expected to inform the parents or guardians of any student whose behavior is in serious conflict with established laws, rules and procedures.

E. School Resource Officers

Lonoke Middle and Lonoke High Schools participate in the School Resource Officer (SRO) program. The uniformed police officers are available to students, faculty and parents as a law enforcement resource. The officers can be utilized to discuss and present topics, including drug and alcohol abuse, traffic safety, suicide prevention, crime prevention, family violence and other issues. SROs are also present to ensure a safe, secure and orderly environment.

F. Superintendent

The Superintendent is responsible to ensure that District administrators are knowledgeable on the provisions of the Handbook for Student Conduct and Discipline, policies of the Board of Education, and state and federal laws applicable to the discipline of students. Be familiar with District operations and regularly attend school functions. Communicate knowledge of best practices in relation to student discipline. Ensure that the District maintains staff with appropriate education and certification. Communicate District activities to the community through means such as publications, announcements, and community meetings and forums. Inform the Board on current issues and trends in student discipline. Support staff by ensuring appropriate student discipline procedures consistent with District policies and Arkansas law.

G. Board of Education

The Board of Education of the Lonoke School District, acting through the Superintendent, holds all school employees responsible for the supervision of the behavior of students while legally under the supervision of the school. The Board expects all employees to be concerned with student behavior and when and where unacceptable behavior occurs, to take appropriate action.

V. INFORMATION ON RIGHTS AND RESPONSIBILITIES

The Lonoke School District recognizes that all students have certain rights and responsibilities, and that these rights and responsibilities should be exercised within the framework of upholding the individual dignity of both students and other members of the education community.

A. Nondiscrimination

It is the policy of the Lonoke School District to provide equal opportunities without regard to age, race, creed, color, sex, religion, national origin, handicap, or veteran status in its educational programs and activities, educational services, financial aid and employment. Inquiries concerning the application of this policy may be referred to:

Lonoke School District
401 W Holly ST
Lonoke, Arkansas 72086
Telephone Number: 501-676-2042

In keeping with the requirements of federal law, state law and applicable court order, the District will strive to remove any vestige of discrimination in the employment, assignment and promotion of personnel; in educational opportunities and services offered students; in student assignment to schools and classes; in student discipline, and, in location and use of facilities.

Any student, or parent, who feels aggrieved under the above policy, may secure information concerning filing grievance procedures from the principal of a District school or from the Superintendent's office.

B. Student Procedure for Filing Sexual Harassment Complaints

It is the policy of the District that none of its students will be subjected to sexual harassment by any school employee, including teachers and administrators, any volunteer, visitor, or other students. Sexual harassment is any unwelcome sexual advance, request for sexual favors and other verbal or physical conduct of a sexual nature.

Any student who has a complaint of sexual harassment at school by anyone should bring the problem to the attention of a school employee. If the complaint involves the principal the complaint may be made to the Assistant Superintendent.

The complaint will be investigated and the complainant will be advised of what action, if any, has been taken to resolve the complaint.

If the student is not satisfied with the principal's resolution of the complaint, he may appeal to the Assistant Superintendent. The appeal must be made in writing within ten (10) days from the decision of the principal.

C. School Visitors

The Board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office. All visitors must be issued a visitor's pass.

Parents and other adults interested in the school are WELCOME and are required to register at the principal's office upon entering the building for directions and assistance regarding the nature of the visit.

D. Contact with Students While at School

Parents wishing to speak to their children during the school day shall register first with the office.

Contact by Non-Custodial Parents

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered —no contact or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file- marked court order.

Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.11 and any other policies that may apply.

Unless prior arrangements have been made with the school's principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation.

Contact by Law Enforcement, Socials Services, or by Court Order

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a —72-hour hold without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

Contact by Professional Licensure Standards Board Investigators

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

E. Compulsory Attendance Ages

Every parent, guardian, or other person having custody or charge of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy, within the District shall enroll and send the child to a District school with the following exceptions:

1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of policy have been met.
3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, guardian, or other person having custody or charge of the child elects not to have him/her attend kindergarten. A kindergarten waiver form prescribed by regulation of the Department of Education must be signed and on file with the District administrative office.
4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.
5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.
6. The child is age sixteen (16) or seventeen (17) and has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).

F. Entrance Age Requirements

To enroll in a school in the District, the child must be a resident of the District as defined in District policy and meet the criteria outlined in policy.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, who will become five (5) years old during the year in which he/she is enrolled in kindergarten, and who meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed 30 a state-accredited kindergarten program shall be evaluated by the District and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Home-schooled and private school students shall be evaluated by the District to determine their appropriate grade placement.

The District shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child's admission to a District school:

1. The parent, guardian, or other responsible person shall furnish the child's social security number, or if they request, the District will assign the child a nine (9)-digit number designated by the Department of Education.
2. The parent, guardian, or other responsible person shall provide the District with one (1) of the following documents indicating the child's age:
 - a. A birth certificate;
 - b. A statement by the local registrar or county recorder certifying the child's date of birth;
 - c. An attested baptismal certificate;
 - d. A passport;

- e. An affidavit of the date and place of birth by the child's parent or guardian;
- f. United States military identification; or
- g. Previous school records.

3. The parent, guardian, or other responsible person shall indicate on school registration forms whether the child has been expelled from school in any other school District or is a party to an expulsion proceeding. The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another school District to enroll as a student until the time of the person's expulsion has expired.

4. The child shall be age appropriately immunized, or have an exemption issued by the Arkansas Department of Health.

Uniformed Services Member's Children

For the purposes of this policy:

"active duty members of the uniformed services" includes members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. Section 1209 and 1211;

"uniformed services" means the Army, Navy, Air Force, Marine Corps, Coast Guard as well as the Commissioned Corps of the National Oceanic and Atmospheric Administration, and Public Health Services;

"veteran" means: a person who served in the uniformed services and who was discharged or released there from under conditions other than dishonorable.

ELIGIBLE CHILD MEANS THE CHILDREN OF:

- Active duty members of the uniformed services;
- members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and
- members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

An eligible child as defined in this policy shall:

1. be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
3. enter the District's school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
4. be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. Be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the District by a custodial parent on active military duty.

G. School Admissions

All persons seeking admission to the elementary and secondary schools of the District must satisfactorily meet eligibility prerequisites for the school or program to which they seek admission.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education to a school in this District shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party

unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;

- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation ; this includes evidence:
 - Whether obtained from a party or other source,;
 - The District does not intend to rely upon in reaching a determination regarding responsibility; and
 - That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10) days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10) days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
 - a. Any notifications to the parties;
 - b. Interviews with parties and witnesses;
 - c. site visits;
 - d. Methods used to gather other evidence,; and
 - e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions imposed on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or

- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- a. The existence of a procedural irregularity that affected the outcome of the matter;
- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- d. An appeal of the disciplinary sanctions from the initial determination.

For all appeals, the District shall:

1. Notify the other party in writing when an appeal is filed;
2. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
3. Implement appeal procedures equally for both parties;
4. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
6. Issue a written decision describing the result of the appeal and the rationale for the result; and
7. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.

Except as listed above, the District shall keep confidential the identity of:

- Any individual who has made a report or complaint of sex discrimination;
- Any individual who has made a report or filed a formal complaint of sexual harassment;
- Any complainant;
- Any individual who has been reported to be the perpetrator of sex discrimination;
- Any respondent; and
- Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Emergency removal

The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

Retaliation Prohibited

Students, or the parents/legal guardians/ other responsible adult of a student, who submit a report or file a formal complaint of sexual harassment, testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for code of conduct violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any student who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
 - The basis for the District's conclusion that its response was not deliberately indifferent; and
 - Document:
 - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
 - If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator, Mrs. Amanda Rather, in person or by using the mailing address, telephone number, or email address provided (401 Holly Street, Lonoke, AR 72086; 501-676-2042; amanda.rather@lonokeschools.org). A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

W. Student Records – Notice of Privacy Rights

Except when a court order regarding a student has been presented to the District to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty- five (45) days of the request. The District forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The District shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of personally identifiable information (PII) from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is not considered an education record if it meets the following tests:

- it is in the sole possession of the individual who made it; or, it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person;
- except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing Pupil Identification Information (PII) to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18)).

For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Lonoke School District does not distinguish between a custodial and noncustodial parent, or a non-parent, such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the District to the contrary, the fact of a person's status as a parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order, which directs that a parent not have access to a student or his/her records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court, which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the

appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his/her designee.

A parent/guardian shall be allowed to review their child's record in the presence of a school official but not released to make copies.

The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements.

—Directory information includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others.

If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District.

"Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student's name and photograph will only be displayed on the District or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school.

Failure to file an objection by that time is considered a specific grant of permission. The District is required to continue to honor any signed opt-out form for any student no longer in attendance at the District.

The right to opt out of the disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the District has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education (DOE) at:

Family Policy Compliance Office
U.S. Department of Education 400 Maryland Avenue, SW
Washington, DC 20202

X. Due Process/Grievance

Students have the right to be immediately informed of alleged violations of standards of behavior as established by Board policy and/or school regulations, and to be informed of appeal procedures.

Students have the responsibility to know and obey school rules, to express grievances in a polite and hospitable manner, and to give parents correct information concerning misconduct. Principals and teachers have the responsibility to follow Board-established procedures in disciplinary actions against students. Principals are responsible for notifying and conferring with parents and students in cases involving suspension and expulsion recommendations. Parents have the responsibility to call principals for conference when needed, and to arrange with proper school authorities for desired student hearings.

Y. Parent/Student Process for Complaints/Appeals

If a student and/or the parent of the student involved in a disciplinary ruling wishes to contest a disciplinary ruling or a condition or circumstance imposed by a teacher or school administrator, the procedure, which follows, should be used by the person filing the complaint. All complaints must be submitted in writing.

1. The complaint must be directed to the person who originally took the action upon which the complaint is based. The person shall reconsider his action and give his decision to the complainant.
2. If the complainant is not satisfied with the decision, the complaint must be directed to the immediate superior of the person who took the original action. If the complaint is directed to a teacher, the immediate superior would be the building principal. If the complaint is directed to a principal and involves an academic problem, the immediate superior would be the Assistant Superintendent. If the problem involves a disciplinary action, the principal's immediate superior would be the Assistant Superintendent.

The superior or his designee shall review the original action, which was taken, and render a decision or suggest a solution, which might be mutually satisfactory to all parties.

If either party is not satisfied with the decision of the superior, the complaint may be directed to the Superintendent.

3. The Board of Education delegates to the Superintendent the authority to review the complaint and issue a decision regarding the complaint. In regard to suspension and due process, the decision of the Superintendent will be final.

Note: Only the Board of Education may expel a student from school on concurrence of the Superintendent with the principal's recommendation and only through due process proceedings. (See Expulsion) The Board of Education may expel a student for the remainder of the semester or for the remainder of the school year or permanently.

- At an off-site school sponsored activity.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or combination does not require him/her to have such on his/her person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or any combination on his/her person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Dietary supplements and other items not approved by the FDA need parental consent for students to have at school.

Students may use sunscreen and it may be applied to them by staff. School nurses or trained staff members may administer albuterol in emergency situations. School nurses or trained staff members may administer anti-opioids.

Emergency Administration of Glucagon and Insulin

Students may be administered Glucagon, insulin, or both in emergency situations by the school nurse or, in the absence of the school nurse, a trained volunteer school employee designated as a care provider, provided the student has:

1. An IHP that provides for the administration of Glucagon, insulin, or both in emergency situations; and
2. A current, valid consent form on file from their parent or guardian.

When the nurse is unavailable, the trained volunteer school employee who is responsible for a student shall be released from other duties during:

- A. The time scheduled for a dose of insulin in the student's IHP; and
- B. Glucagon or non-scheduled insulin administration once other staff have relieved him/her from other duties until a parent, guardian, other responsible adult, or medical personnel has arrived.

A student shall have access to a private area to perform diabetes monitoring and treatment functions as outlined in the student's IHP.

Emergency Administration of Epinephrine

The school nurse or other school employees designated by the school nurse as a care provider who have been trained and certified by a licensed physician may administer an epinephrine auto-injector in emergency situations to students who have an IHP that provides for the administration of an epinephrine auto-injector in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee(s) certified to administer auto-injector epinephrine to administer auto-injector epinephrine to the student when the employee believes the student is having a life-threatening anaphylactic reaction.

Students with an order from a licensed health care provider to self-administer auto-injectable epinephrine and who have written permission from their parent or guardian shall provide the school nurse an epinephrine auto-injector. This epinephrine will be used in the event the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes the student is having a life-threatening anaphylactic reaction and the student is either not self-carrying his/her /epinephrine auto-injector or the nurse is unable to locate it.

The school nurse for each District school shall keep epinephrine auto-injectors on hand that are suitable for the students the school serves. The school nurse or other school employee designated by the school nurse as a care provider who has been

trained and certified by a licensed physician may administer auto-injector epinephrine to those students who the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes is having a life-threatening anaphylactic reaction.

Emergency Administration of Albuterol

The school nurse or other school employees designated by the school nurse as a care provider who have been trained and certified by a licensed physician, advanced practice registered nurse, or physician assistant may administer albuterol in emergency situations to students who have an IHP that provides for the administration of albuterol in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee(s) certified to administer albuterol to administer albuterol to the student when the employee believes the student is in perceived respiratory distress.

The school nurse for each District school shall keep albuterol on hand. The school nurse or other school employee designated by the school nurse as a care provider who has been trained and certified by a licensed physician, advanced practice registered nurse, or physician assistant may administer albuterol to those students who the school nurse, or other school employee certified to administer albuterol, in good faith professionally believes is in perceived respiratory distress.

Emergency Administration of Anti-opioid

The school nurse for each District school shall keep anti-opioid injectors on hand. The school nurse, other school employee, volunteer, or student may administer anti-opioid in accordance with the District's procedures to a student who the school nurse, or other observer, in good faith believes is having an opioid overdose.

Administration of Prescription Medications at School

For prescription medications to be administered to students by school nurses during school hours, a current, written prescription from a licensed physician and written parental consent are required. Prescription medications must be supplied to the school in the container dispensed by the pharmacy. The container dispensed by the pharmacy must contain the name of the prescribing medical provider, the student's name, name of the medication, dosage, and time(s) to be given. The pharmacy label is acceptable as the physician's order only if the prescription was filled within thirty (30) days prior to the time the prescription medication is brought to school. As noted above, a signed parental consent must accompany the prescription medication. Prescription medication that is prescribed to be given less than three times per day will not be administered at school unless a licensed prescriber orders the medication to be administered at a specific time during the school day. The morning dose of all prescription medications must be administered at home unless the medication is prescribed to be administered after 8:00 a.m.

Administration of Over-the-Counter Medications at School

Over-the-counter medications may be administered by school nurses during school hours in limited situations as determined by the school nurse and with written parent/guardian consent. Over-the-counter medication must be supplied by the parent to the school in the container in which it was purchased. No loose pills in "baggies", envelopes or taped to a note will be accepted.

Non FDA approved products, herbal/dietary products, medications purchased in foreign countries, or non-traditional preparations (including but not limited to: vitamins, 65 supplements, homeopathic remedies and essential oils) may not be administered by school personnel. The parent/guardian may administer the products so long as the use does not interfere with the health or well-being of other students.

This policy does not prohibit a parent or guardian from administering an over-the-counter medication to their child or ward at school.

Narcotic Pain Medications

Narcotic pain medications may cause many side effects that hinder a student's ability to learn, as well as create a safety risk for students and faculty. Medications, such as but not limited to: hydrocodone, oxycodone, vicodin, Percocet, Tylenol with codeine, etc., will not be administered at school unless approved in writing by the nurse supervisor.

Students who have recently had surgery or other medical procedure should not return to school until the student's pain can be managed during school hours without the use of narcotic pain medication.

Medication Administration

The initial dose of any new medication must be given by the parent/guardian outside of the school setting. The parent or guardian must also certify in writing that at least one dose of the medication has been previously administered to the student and no adverse reactions were experienced by the student. The parent or guardian must bring the initial medications to the school nurse in order to complete the MARF. A parent, guardian, or designated adult may bring in medication refills. The amount of medication brought by the parent, guardian, or designated adult should not exceed the amount of medication needed for one month.

Maintenance of Student Medications

All medications dispensed at school will be kept in a school designated locked drawer, cabinet or file. Medications are not to be carried by students. Students are not permitted to have medication in their possession on school property or on the school bus. No medicine will be sent home with a student, except inhalers. The only exceptions to this are those developed by a team that includes the parent(s), the principal and the school nurse following strict district guidelines.

C. Communicable Diseases and Parasites

The Board recognizes that all children have a right to a free, appropriate education. However, the Board reserves the right to remove or exclude any students or staff whose physical condition exposes others during the period of communicability as established by the Arkansas Department of Health (Rules and Regulations Pertaining to Communicable Disease, A.C.A. § 20-7-101 et. seq.)

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students who the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parents or guardian. Specific examples include, but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any blood-borne, food-borne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57 – IMMUNIZATIONS, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at school. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

If a student or staff member has presented with evidence of a serious infectious disease (such as but not limited to Hepatitis B or C, or Acquired Immune Deficiency Syndrome [AIDS]), the Superintendent will establish an advisory committee to review the medical information and make appropriate recommendations. Department of Health guidelines will be followed as occurs with all communicable diseases.

D. Head Lice

Because of the highly contagious nature of head lice among students, the following steps will be followed by the school nurse or administrators upon discovery of head lice or nits (eggs).

When head lice is suspected, the school nurse or designee will discreetly check any student suspected of having lice. If a student is found with active head lice and/or nits, parent/guardian will be notified and information regarding treatment for head lice will be sent home with the student. Student must be properly treated with an approved pediculicide such as Rid® or Nix®, or the generic equivalent. The student will be excluded from school until appropriate proof is provided that the student has been adequately treated and no live bugs are present. The student will not be excluded from school because of nits in the hair after treatment has been administered unless the amount of nits are considered to be excessive. Decisions concerning head lice will be made by the school nurse or designee. A parent should accompany the student to school to be re-admitted after a determination of head lice has been made. The student will not be allowed on the school bus until the parent has received clearance from the school nurse or designee.

One (1) day excused absence will be allowed for the treatment of head lice. Any days afterwards will be considered unexcused absences. After more than two occurrences of head lice, or after ten (10) days unexcused absences due to lice/nits, a referral may be made to the local Department of Human Services.

The American Academy of Pediatric Physicians does not recommend conducting routine screenings of the entire school population, nor any school wide notification when a student has head lice. Therefore, the school district does not recommend school wide screenings/notifications. However, each school may conduct screenings of students for head lice as needed. The screenings shall be conducted in a manner that respects the confidentiality of each student.

E. Flu Shot Clinics

In conjunction with Lonoke County Health Unit, and according to the guidelines set forth by the state of Arkansas, flu shot clinics are held at each school within the school district. This is on a voluntary basis and written parental permission is required to take part in this clinic. Please contact the appropriate school nurse with any questions regarding flu shot clinics on campus.

F. Student Illness/Accident

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student's emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

G. Acute/Chronic Illness

Acute Illness

If the school nurse determines that a student is too ill to remain in class and/or could be contagious to other students, the school nurse or designee will notify the student's parent or legal guardian or emergency contact. The student will remain in the school's health room or a place where he/she can be supervised until the parent/legal guardian can check the student out of school.

The following criteria will be used as a guide before notifying parents. Additionally, the following criteria should be used at home and a child exhibiting the following symptoms should be kept home. Sick children should not be sent to school.

- A temperature of 100.4 degrees or above;
- Diarrhea and/or vomiting;
- Rash of an unknown origin;
- Symptoms of contagious conjunctivitis;
- Symptoms of contagious diseases;
- Serious injuries;
- Symptoms of head lice; or
- Symptoms that the teacher, principal and/or school nurse deem as a possible health or safety risk to the student and/or to the other students in school.

Students should be symptom free for 24 hours **without requiring medication** for fever, vomiting, diarrhea, or other symptoms prior to returning to school. A doctor's note and/or proof of treatment may be required in order for a student to return to school after an acute illness.

If a student has been ill and should not participate in physical activities, a note will be required from the parent. Continued limitations, (over 3 days), will require a medical doctor's written excuse and kept on file.

Chronic Illness

There are occasions where a student may have a chronic condition that requires the student to miss school more than is allowed under the attendance policy. Contact your school nurse if your student has a diagnosis of Asthma, Diabetes, Seizures, Anaphylaxis, or any other medically diagnosed chronic health condition. If such a condition exists, the parents/guardians, the physician and the school may work together to develop an Individual Health Care Plan that addresses the illness and modifies the attendance policy.

Special arrangements must be made with the school nurse concerning medically ordered procedures for children. It will be necessary for the school, the parents and the physician to work together to develop a plan for the care of any student requiring medically ordered procedures for children with disabilities or specific medical needs.

Please contact your appropriate school nurse with any questions or concerns regarding chronic illness.

H. Physical Examinations/Screenings

The Lonoke School District conducts routine health screenings such as hearing, vision, and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. The intent of the exams or screenings is to detect

defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to his/her full potential.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

A student may be required to pass a physical exam before being allowed to participate in certain extracurricular activities to help ensure they are physically capable of withstanding the rigors of the activity. It is understood that students who refuse to take such an exam will not be allowed to participate in the desired activity.

The rights provided to parents under this policy transfer to the student when he/she turns eighteen (18) years old.

VIII. ACADEMIC INFORMATION

A. Envision

Envision classrooms will be located at the Lonoke High School campus. There are limited positions available for these classrooms. Students who have not registered for Envision will be placed in a traditional classroom.

- Once students are placed in an Envision classroom, they cannot be moved to a traditional classroom until semester.
- Students who are in a traditional classroom cannot be moved to an Envision classroom until the semester change and space is available.
- In the event we are not complete with Envision classrooms for the following year, students who were in Envision classrooms this year will be given first choice to stay in the Envision classroom.

Middle School

Math and literacy for 6th and 7th grade will be offered to a limited number of students through the *OnFire* platform of our Envision program. Math, literacy, science, and social studies will be offered to a limited number of 8th grade students through the *OnFire* platform. The Envision program allows students opportunities to have some control over pace through the specified courses, and the expectations include students completing an identified percentage of work by a designated date.

B. Grading Assessment System

The Board directs that letter grades be used to measure and report academic progress for grades 6-12. Secondary grades will be reported by computer printout. Grades assigned to students for performance in a course shall reflect only the extent to which a student has achieved the expressed academic objectives of the course. Grades that are aligned with other educational objectives such as the student learning expectations contained in the curriculum frameworks may also be given as prescribed by Standard VII 12.02 of the —Rules Governing Standards for Accreditation of Arkansas Public Schools and School Districts (2009).

The Superintendent is directed to provide guidelines to be used by teachers in reporting grades. These guidelines will include values for regular course work as well as for advanced placement courses.

1. The responsibility for arriving at term grades rests with the individual teacher, but the procedures for arriving at the grade will be fully explained to students and parents and conform to the following percentage scale:

- A 90- 100
- B 80- 89
- C 70- 79
- D 60- 69
- F 59 and below

2. For purposes of conversion of grade points into letter grades, quality points will be rounded to the nearest whole number.

3. The grades of a child in foster care shall not be lowered due to an absence from school due to:
 1. A change in the child's school enrollment;
 2. The child's attendance at a dependency-neglect court proceeding; or
 3. The child's attendance at court-ordered counseling or treatment.

Middle School

1. To pass a course a student must have the arithmetic mean using the following formula that results in a 60% or above in order to pass a semester/class.

2. In regular courses student grade points are based on the numerical value of grades as follows:

A = 4.0
B = 3.0
C = 2.0
D = 1.0
F = 0

3. Students will be assessed using nine-week tests at the end of each grading period as opposed to semester exams. The weight of the nine-week tests will correspond to the test category in each class.

High School

1. To pass a course a student must have the arithmetic mean using the following formula that results in a 60% or above in order to pass a semester/class. Quarter (9-weeks) Grade (2/5) + Quarter (9-weeks) Grade (2/5) + Semester Test (1/5)/5 = Final/Semester Percentage.

EXAMPLE: 84 third nine weeks + 91 fourth nine weeks and a test score of 88 would result in: $84 + 84 + 91 + 91 + 88$ equals 438 divided by 5 equals 88 for the final grade. Semester grades are computed in the following manner: first nine weeks – 40% (2/5), second nine weeks – 40% (2/5), and semester test – 20% (1/5).

Advanced placement, International Baccalaureate, and other ADE Approved Honors Courses

Awarding of weighted grades for Advanced Placement (AP), International Baccalaureate (IB), and other ADE approved honors courses is contingent upon teacher completion of appropriate training/approval and students completing the corresponding exam. Grades earned in AP courses, the IB Diploma Program and other state approved Honors courses will have the numerical values as follows if the student completes the AP, IB, or other Honors course and appropriate test exam. The course shall be offered by a teacher who meets College Board, International Baccalaureate, and the Arkansas Department of Education licensure guidelines.

A = 5.0
B = 4.0
C = 3.0
D = 2.0
F = 0

—Advanced placement course refers to courses which use a college level syllabus or textbook as the course content and which are intended to prepare students to take an Advanced Placement test offered by the College Board.

2. As a reward for excellent attendance, academic performance and conduct, students in grades nine (9) through twelve (12) are eligible for semester examination exemptions as specified:

- Students with suspensions (in-school or out-of-school) are ineligible for test exemption.
- Students with outstanding fines are ineligible for test exemption (does not include meal fines).
- Students with an A or B semester average may miss a total of 3 days, not including school functions.
- Students must show growth on their ACT composite score in order to be eligible for test exemption for semester exams.
- Students are able to exempt from 50 % of their coursework semester exams (half core/ half electives)
 - If a student has 7 courses, a student can exempt from 2 core classes and 2 elective classes.
 - If a student has 6 courses, a student can exempt from 2 core classes and 1 elective classes.
 - If a student has 5 courses, a student can exempt from 2 core classes and 1 elective classes.
 - If a student has 4 courses, a student can exempt from 1 core class and 1 elective class.
 - If a student has 3 courses, a student can exempt from 1 core class and 1 elective class.

- If a student has 2 courses, a student can exempt from 1 core class or 1 elective class.

C. Report Cards/Progress Reports

The Board believes that student performance is a joint responsibility of the school and the home and that students are best served when there is open and frequent communication between the two. Personal communication between the teacher and parent may be through grade reports, parent-teacher conference, telephone conference, home visit, and notes of commendation or suggestion for improvement. All teachers will be encouraged to use these and similar means for communication.

Interim reports will be sent to parents of all students at the end of the fifth week of each nine-week period. Regularly scheduled parent-teacher conferences are held each first (1) and third (3) nine weeks. Each nine weeks a report of progress (report card) is sent home with each student for his/her parents to review. Any parent desiring another form of notification may make arrangements with the principal. Parents are welcome to visit the school by appointment for a conference with appropriate school personnel.

At least once each semester, the parents of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

D. Promotion and Retention of Students

The Lonoke School District requires standard levels of achievement for students at each grade level as a prerequisite for promotion to the next grade level. A disservice is done to students through social promotion and is prohibited by State Law (A.C.A. 6-15-2005).

Students graduating in 2011 and after will meet the following requirements: A student in grade (9) must have a minimum of five (5) academic credits at the beginning of the fall semester to be promoted to grade ten (10). A student must have (10) academic credits at the beginning of the fall semester to be promoted to grade eleven (11), and fifteen (15) academic credits at the beginning of the fall semester to be promoted to grade twelve (12).

Students graduating in 2022 and after will meet the following requirements: A student in grade (9) must have a minimum of five and a half (5.5) academic credits at the beginning of the fall semester to be promoted to grade ten (10). A student must have eleven (11) academic credits at the beginning of the fall semester to be promoted to grade eleven (11), and sixteen and a half (16.5) academic credits at the beginning of the fall semester to be promoted to grade twelve (12).

At the middle school level, it is expected for a student to progress annually from grade to grade. A student that has not passed both semesters of language arts and math, and does not have two or more passing semester grades in either science and/or social studies shall be referred to the retention committee. However, if in the judgment of the professional staff, a student is at risk of not reaching proficiency in sufficient basic skills to be potentially successful at the next grade level, the local school retention committee will be convened. This committee will look at all the available data and determine the grade placement that is in the best educational interest of the student. Data examined will include but not be limited to: teacher recommendation, medical history, grades, work samples, prior educational history, age and attendance. The committee decision will be explained by the principal and teacher to parents of the students. A modification plan, attached to the Student Academic Improvement Plan, will be created for each retained student that is reviewed by the retention committee.

The school shall, at a minimum, evaluate each student annually in an effort to help students who are not performing at grade level. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades and sent home to each parent/guardian or the student if eighteen (18) or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria:

Middle School

- Students must obtain at least 2.5 units each semester for a year's total of five (5 units) from the four (4) core classes in order to be promoted to the next grade. The units obtained must include the following:
 - .5 of Literacy/Language Arts
 - .5 of Social Studies
 - .5 of Math or Advanced Math
 - .5 of Science

If a student does not meet the aforementioned criteria, he/she will be required to attend summer school for the classes in which he/she failed. Summer school class(es) requirement(s)/passing grade(s) must be met in consideration for promotion.

High School

- Students will be classified according to the number of units of credits earned. A student will meet the following requirements: A student in grade nine (9) must have a minimum of five and a half (5.5) academic units of credit at the beginning of the fall semester to be promoted to grade ten (10). A student must have eleven (11) academic units of credit at the beginning of the fall semester to be promoted to grade eleven (11), and sixteen and a half (16.5) academic units of credit at the beginning of the fall semester to be promoted to grade twelve (12).

If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference between the building principal, the student's teacher(s), counselor, a 504/special education representative (if applicable), and the student's parents shall be held before a final decision is made. In order to determine promotion or retention of a student, the school-based committee shall meet at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. Promotion or retention, as discussed by the committee, shall be primarily based on the following criteria:

- a. Academic achievement
- b. School attendance
- c. Achievement test scores
- d. Physical maturity and age
- e. Social and emotional maturity
- f. Teacher recommendation
- g. Medical history
- h. Work samples
- i. Prior educational history

If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or principal's designee.

Promotion/retention or graduation of a student with an Individual Educational Plan (IEP) shall be based on the student's successful attainment of the goals as set forth in the IEP.

Regardless of the student having earned passing grades, a student who falls under one of the following categories shall be considered for retention or shall not receive credit for the course associated with the assessment if the student:

- Does not take the State mandated assessment for the student's grade level or course within the time frame specified by the State;
- Takes the State mandated assessment but does not put forth a good faith effort on the assessment as determined by the assessment administrator/proctor.

The Superintendent or designee may waive the provision when the student's failure was due to exceptional or extraordinary circumstances.

E. Credit Recovery Program/Distance Learning

Lonoke School District's online learning environment provides students in grades nine (9) through twelve (12) an instructional alternative to the traditional in-class setting for credit recovery, blended learning, digital instruction and advancement. The

online learning consists of three (3) areas: Credit Recovery, ACT 1280 and Advancement/Envision. Courses that fall under ACT 1280 are blended courses (traditional instruction blended with online instruction). The courses are held during the school day and free of charge. The courses may require some written and digital assignments done outside of class.

Credit recovery is available to students in grades 9-12 for classes in which the student was unsuccessful. The following are guidelines for participation:

- For admission, students must receive approval from the principal, The enrollment form must be signed by the principal, counselor, the parent, student and teacher of record.
- Seniors receive priority for admission.
- Additional assignments may be required. Offline assignments will be averaged with online course work when determining the grade.
- Credit recovery courses are to be used as a last resort. The school principal may consider exceptions (scheduling conflicts, major credit deficits) with regard to enrollment. Any exceptions must be approved by the principal.

F. Graduation Requirements (Smart Core Curriculum)

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of 22 units are required for graduation for a student participating in either the Smart Core or Core curriculum. There are some distinctions made between Smart Core units and graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

Digital Learning Courses

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format. In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

Personal and Family Finance

All students shall receive credit in a course covering the Personal and Family Finance Standards in order to graduate.

2) Geometry or Geometry A & B* which may be taken in grades 8-9 or 9-10;

* A two-year algebra equivalent or a two-year geometry equivalent may each be counted as two units of the four-unit requirement for the purpose of meeting the **graduation** requirement, but only serve as one unit each toward fulfilling the **Smart Core** requirement.

3) Algebra II; and

4) A fourth unit may be either:

- A math unit approved by ADESE beyond Algebra II; or
- A computer science flex credit may be taken in the place of a fourth math credit.

TOTAL GRADUATION REQUIREMENTS FOR LONOKE: 22 units

H. Graduation Exercises

To establish guidelines for determining student eligibility to participate in graduation exercises.

1. Students must complete all graduation requirements that are in effect at the time of graduation to be eligible to participate (walk) and receive their diploma at graduation ceremonies.
2. Students who plan to graduate early (less than eight (8) semesters), must meet all graduation requirements. Requests for early graduation must be filed in the principal's office and be signed by the student's parents/guardians. The student must be enrolled at Lonoke High School during the entire school year. Students planning to participate in graduation exercises must inform the principal by March 1st of that year.

I. Class Rankings

For the purposes of designation of student honors (valedictorian, etc.) and for college admission information, students will be ranked at the end of the third nine weeks of the graduating year. The number of Advanced Placement (AP) and regular courses a student takes creates a statistical difference (either positive or negative) in grade point average and rank in class. As a first priority, students are encouraged to select AP and regular courses based on their abilities and future plans. Rank in class and grade point average should be of secondary consideration. Questions on this topic should be addressed to the school counselor.

The class rank placed on the student's permanent record card will be the rank achieved at the end of the last semester of the graduating year.

Class rank for the designation of student honors will be determined at the end of the eighth semester for graduating seniors. Students will be ranked at the end of the first semester of the graduating year for college admission and scholarship purposes.

Class rank is to be determined by assigning the highest average a rank of number one (1); the second highest, the rank of number two (2); etc. In cases where more than one student has the same numeral average, all students with that average will be given the same rank. The next highest average will assume the next rank position that will indicate the number of students having a higher rank.

Early graduates will not be considered for valedictorian or salutatorian but will be ranked of honor graduate purposes. Virtual Arkansas may be used to advance through curriculum requirements for early graduation.

VALEDICTORIAN/ SALUTATORIAN

In order to qualify for valedictorian or salutatorian, students must successfully complete the minimum core of high school courses recommended by the State Board of Higher Education and the State Board of Education. To qualify as an honor graduate students must meet the following criteria:

- successfully complete the minimum core of high school courses with a minimum cumulative grade point average of 3.5 by the end of the first semester of their senior year;
- Enrolled in Lonoke High School for the last three semesters beginning with the spring semester of his/her junior year; if transferring into the District after the deadline but meets other criteria may be recognized as an honor graduate but will not be ranked.
- Must successfully pass with a least a "C" average, eight (8) PreAP, AP, honors or concurrent credit classes

The student with the highest- class rank will be valedictorian. In instances when more than one student holds the numerical one rank, all students holding the rank will be declared co-valedictorians. Salutatorian: The student with the second highest class rank will be declared salutatorian. In instances when more than one student holds the numerical two rank, all students holding the rank will be declared co-salutatorians.

In computing class rank of students, the following system will be used: Regular Classes: Each grade will be given the indicated value, A=4, B=3, C=2, D=1, F=0. Advanced Placement Classes: Each advanced placement grade will be given the indicated value, A=5, B=4, C=3, D=2, F=0. Students who fail to take the corresponding Advanced Placement Exam will receive the same value as regular classes.

J. The Arkansas Academic Challenge Scholarship Program (ACS)

The Arkansas Academic Challenge Scholarship Program is a college scholarship plan to promote academic achievement and encourage academically prepared Arkansas high school graduates to enroll in the state's colleges and universities. Students who are initially awarded the Arkansas Academic Challenge Scholarship for the 2014- 2015 or 2015-2016 academic years will be awarded on a graduated schedule. The scholarship is renewable for up to three (3) more years provided the student maintains a cumulative college grade point of 2.5 on a 4.00 scale and complete twenty-seven (27) semester hours the first academic year and thirty (30) semester hours each year thereafter.

The award is based on the applicant meeting minimum standards with regard to the ACT composite-score, attaining a grade point average in the Pre-Collegiate Core Curriculum defined by the Arkansas Higher Education Coordinating Board. For students graduating after December 31, 2009, the applicant must meet one of the following criteria:

1. Graduate from an Arkansas public high school and successfully complete the Smart Core curriculum established by the Arkansas Department of Education; and either
 - a. Achieve at least a 2.5 HIGH SCHOOL GPA; or
 - b. Achieve a minimum composite score of nineteen (19) on the ACT or the equivalent score on an ACT equivalent.
2. Applicant who has a disability identified under the Individuals with Disabilities Act, 20 U.S.C. § 1400 et seq., as it existed on July 1, 2009 and graduates from an Arkansas public high school but did not complete the Smart Core curriculum because the applicant's individualized education program under § 6-41-217 did not require it, shall achieve at least a 2.5 high school GPA; and either
 - a. Achieve a minimum composite score of nineteen (19) on the ACT or the equivalent score on an ACT equivalent; or
 - b. Score proficient or higher on all state-mandated end-of- course assessments, including without limitation, end-of- course assessments on: a. Algebra I; b. Geometry; c. Biology; and d. Literacy, beginning with the 2013- 2014 school year.
3. Achieve a minimum composite score of nineteen (19) on the ACT or the equivalent score on an ACT equivalent; and
 - a. Graduate from a private high school, an out-of-state high school, or a home school high school; or
 - b. In the year in which the student would have been a junior or senior in high school, completed the requirements for high school graduation and obtained a General Educational Development certificate instead of receiving a diploma. Applications are available online at www.adhe.edu.

K. Concurrent Credit

A student who successfully completes a college course(s) from an institution approved by the Department of Elementary and Secondary Education shall be given credit toward high school grades and graduation at the rate of one high school credit for each three semester hours of college credit.

In order to enroll in a concurrent credit course, a student must meet course requirements in reading and in the area in which he/she is attempting to take a concurrent credit course, prior to the beginning of the semester that the course is taken. Students are responsible for having the transcript from the institution of higher education for the concurrent credit course(s) sent to the high school in order to receive credit for the course(s). The transcripts should be received at the school by the date senior grades are due in the high school office. Students may not receive credit for the course(s) or the credit may be delayed if the transcripts are not received on time or at all which may jeopardize a student's eligibility for extracurricular activities or graduation.

A student transferring to Lonoke High School shall retain credit applied toward a course(s) required for high school graduation from a previously attended, accredited public school.

Any and all costs of higher education courses taken for concurrent credit are the student's/parent's responsibility. Students who sign up for concurrent credit course(s) must pay the registration fee by the due date set by the institution of higher education. Students who do not pay will be dropped from the course(s) and placed in a regular class.

L. Community Service Hours

All Arkansas High School students are encouraged to volunteer and participate in community service projects. Students who can show documentation of one hundred hours of community service will receive a special seal on their diplomas recognizing their commitment to community service. All hours must be earned outside of the school day except with administrator approval. Donations, such as canned food drives, are limited to twenty (20) percent of the total community service hours earned.

M. Honor Roll

Lonoke Middle School

Academic excellence is recognized by the use of honor roll. To be recognized on the "A" Honor Roll, a student must have all A's for the first three (3) nine-week grading periods. To be recognized on Honor Roll, a student must have at least a 3.5 GPA and no grade below a "B" for the first three (3) nine-week grading periods. To be recognized on the Merit Roll, a student must have a 3.0 GPA and no grade less than a "C" for the first three (3) nine-week grading periods.

Lonoke High School

To be named to the Honor Roll, a student must earn all A's in all classes for the first three (3) nine weeks and have no grade below an "A" in any class. To be named to the Merit List, a student must earn A's and/or B's in all classes for the first three (3) nine weeks and have no grade below a "B" in any class.

Any parent/guardian or student who does not wish to have the student identified as an honor student or listed on the honor roll shall submit a written request to the school principal.

N. Grade 8, Algebra I Criteria

Students will automatically be scheduled in Grade 8, Algebra I if they meet the following criteria:

- ACT Aspire data reflects an exceeding score for the previous two school years

- Score 90% or above in previous year's math course
- Teacher recommendation

If a student does not meet the aforementioned criteria and the parent desires for their child to be scheduled in Algebra I, the request must be made in writing to the principal. A meeting will be scheduled with math team, parents and administration to determine placement.

Students scheduled in Grade 8 Algebra I will receive instruction in this course through our *OnFire* platform, which is the platform for our Envision program.

Students scheduled in Grade 8 Algebra I will receive a high school math credit upon successful completion of the course. Students must maintain a 'C' average to remain in this course.

Students taking this course are required to take the 8th Grade Math ACT Aspire assessment.

O. Schedule Changes/Dropping Courses

The pre-registration process is designed to provide students with sufficient opportunity to carefully select courses/electives offered.

Counselors are available during the process to assist students and provide guidance along the way. Students are encouraged to review schedules immediately upon receipt to check for major errors. If errors are found, school procedures should be followed to notify administrators or counselors. Administrators and counselors will try to find all such errors after the first two (2) weeks of each semester.

High School

All schedule changes should be initiated in the counselor's office but must be approved by the principal in order to maintain class balance. Except in extreme cases, no changes will be made in a student's schedule after the first week of each semester. Emergency situations will be considered at any time if discussed with the counselor and the principal. Any student dropping a course after the first two weeks of the semester will receive an "F" for the course for that semester. Extenuating circumstances will be addressed as needed, if deemed necessary by Administration.

Students requesting to drop a PreAP, AP or Concurrent credit class must fill complete the PreAP, AP or ConCurrent Drop form located on the Counselor's website. The form must be signed by their parent/guardian and teacher and returned to the counselor's office.

Middle School

A schedule change request for elective classes may be submitted to the principal through the first two (2) weeks of each semester. A request form must be completed and signed by a parent/guardian for consideration. Emergency situations will be considered at any time through administration.

P. College Day

Juniors and seniors will be permitted to schedule one day per academic year to visit a college of interest. It is the student's responsibility to complete the pre-approved form and ensure the form is signed by all of his/her teachers. The student shall submit the signed form to a building administrator at least one day prior to the scheduled visit. Any junior or senior who has lost credit in any of his/her classes will not be allowed to take a college day.

College days will be considered school approved absences. To be counted as a college as a college day, the student must submit documentation of the visit upon return. Students may meet with the principal to request an additional college day.

IX. DISCIPLINING STUDENTS WITH IDEA DISABILITIES INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA)

A. Summary and Background

The Individuals with Disabilities Education Act (IDEA) Amendments of 2004, provides children identified as having disabilities with special due process procedural safeguards relative to long-term removal from school (suspension, expulsion, etc.). While IDEA is clear that children with disabilities are not immune from disciplinary procedures, neither are those procedures identical to those children without disabilities. The guidelines governing disciplinary actions for children with disabilities are outlined in the remainder of this section.

B. Who Is Affected, and What Are the Rules?

The children primarily affected are those who have been identified as having a disability under IDEA that has an "adverse effect on educational performance" exists. This information will be contained in the child's due process file and on the annual report of all special education children to the Arkansas Department of Education. In addition children who are being considered for the referral of special education services, or children who may be suspected of being a child with a disability fall into the category of "children suspected of having disabilities but are not yet identified." Thus, the same procedural safeguards should be afforded for these children.

1. Rule for Removal from Educational Services (Suspensions) for Ten (10) Days or Less.

IDEA students may be removed (suspended) from educational services for a total of ten (10) days or less throughout the course of the school year without the provisions of procedural safeguards having to be utilized. Therefore, due process notice is not required as ten (10) days is not considered to be a change in placement under IDEA and a Manifestation Determination Review does not have to be conducted unless the removal from services is not more than ten (10) days.

However, should children display patterns of behavior problems that warrant repeated removal from services school officials are advised to collect data on the behavior displayed and conduct a Functional Behavioral Assessment (FBA). The purpose of an FBA is to assist the multi-disciplinary team in determining the antecedent to the displayed behavior, the actual behavior and the consequence (or negative reinforcement) as a result of the behavior. The FBA serves as the basis of data for developing an appropriate Behavior Intervention Plan (BIP). The purpose of the BIP is to replace negative behavior with positive desired behavior.

2. Rule for Exceeding Ten (10) Days of Removal from Educational Services (Suspension or Expulsion).

Prior to students with disabilities being removed from educational services for more than ten (10) days annually, due process procedures are to be strictly followed. The eleventh (11) day of removal from services for disciplinary reasons constitutes a change of placement and due process procedural safeguards are to be invoked. **REFER TO SECTION C (IDEA Disciplinary Procedures - Change in Placement Procedures).**

3. Rule for 45-Day Exclusion Involving Weapons, Drugs or Serious Bodily Injury.

IDEA students who bring weapons or drugs to or cause serious bodily injury to another student at school or at a school function may be placed in an interim alternative educational setting for up to forty-five (45) school days. An interim alternative placement must be decided by the IEP team in accordance with due process requirements. In order for the team to meet, the school has the option of removing the student from the school, using other in-school discipline or suspension up to ten (10) school days. Refer to IDEA change in placement procedures.

Compliance with GFSA (Gun-Free School Acts) for students with disabilities under IDEA will be with the provision of an alternative educational placement – as a disciplinary measure.

C. IDEA Disciplinary Procedures (Change in Placement Procedures)

A removal from school (suspension) of more than ten (10) days or exclusion from school is considered to be a change in placement. Before any change in placement can be implemented, the school must conduct a conference with appropriate committee members, including the parents. The following guidelines must be followed:

1. Notify the parents in writing, in their native tongue and language they can understand, of a Manifestation Determination Review Conference.
 2. The conference must be conducted prior to the eleventh (11) day of removal. Include the parents, teachers, therapists, evaluators, student (if appropriate) and anyone else closely involved with or knowledgeable of the student's placement or education.
 3. Use all available school and evaluation data, along with input from committee members, when conducting the Manifestation Determination Review. The committee is responsible for the following:
 - a. conduct a functional analysis of behavior or review the one previously completed.
 - b. develop a behavior plan or review/revise the current behavior plan.
 - c. conduct a manifestation determination review.
 - d. determine the interim/alternative placement, if necessary.
- Thus, exclusion or suspension of more than ten (10) days cannot be imposed as a disciplinary action without an investigation and documentation of the appropriateness of both the program and placement. The investigation/review has all evaluation and due process requirements; therefore, there could be a potential delay in recommending exclusion – even with the provision of an alternative educational placement – as a disciplinary measure.
4. Indicate the decision of the Manifestation Determination Review Committee relative to the following:
 - a. The purpose of the Manifestation Determination Review is to systemically review if the student's current Individual Education Program (IEP) (this includes a Behavior Intervention Plan (BIP) should one exist) and to determine if a relationship exists between the specific act of misconduct and the student's disability. If the IEP and/or BIP has not been followed the child returns to his current placement except in cases involving drugs, weapons or serious bodily injury.
 - b. If the behavior **is related** to the disability, the student cannot be excluded from school or suspended for more than ten (10) days as a disciplinary action except in cases involving drugs, weapons or serious bodily injury. However, an alternative educational placement can be recommended by the committee as long as the student is provided education services to allow for progression in the general curriculum and toward achievement of IEP goals and/or objectives. Schools are advised to obtain parental consent prior to implementing a recommended change in placement. If parental consent cannot be obtained, due process for notification of change in placement is required.
 - c. If the committee determines the behavior **is not related** to the disability, it must be documented by the committee. Following such determination, the administration can then recommend disciplinary action through regular administrative procedures. The student can still be removed from services from school consistent with disciplinary actions issued to non-disabled students. However, the student must still be provided some type of services to allow for progression in the general curriculum and toward the achievement of IEP goals and/or objectives.
 5. If the parent **agrees** with the recommended change in placement the decision can be implemented.
 6. If the parent **disagrees** with the manifestation determination or recommended change in placement, the parent may file a written request for an expedited due process hearing.
 - a. "Stay put" for the student during the hearing process is the current educational placement.
EXCEPTION: For disciplinary infractions involving weapons/drugs or serious bodily injury, the 45-day rule for interim alternative placement applies. If the parent disagrees with the 45-day interim placement, or manifestation determination, the parent may initiate a hearing. In this case, —stay put is the student's 45-day interim placement.
 7. Minimally IDEA requires that the parent must be provided a copy of "Your Right's Under IDEA" on an annual basis. However, in situations where placement is an issue, parents should be provided an additional copy of rights including the right to disagree with any conference decision or recommendation of the school. Should parents request to file for a due process hearing with the State Education Agency it is the responsibility of the District to provide appropriate documentation of the hearing process.

NOTE: These procedures are subject to immediate revision and/or interpretation when federal/state regulations are finalized.

X. DISCIPLINING STUDENTS UNDER SECTION 504 OF THE REHABILITATION ACT OF 1973

A. Summary and Background

The Rehabilitation Act of 1973 governs the District's obligations to provide FAPE (Free Appropriate Public Education) and reasonable accommodations to students with disabilities as defined in Section 504. Section 504 is a civil rights law that prohibits discrimination and guarantees protection for students with disabilities. The Americans with Disabilities Act of 1990 (ADA), including changes made by the ADA Amendments Act of 2008 extends Section 504's prohibition of discrimination on the basis of disability to all school or District activities. In disciplinary situations, due process is required. Purposes of Section 504 include:

1. School Districts receiving federal financial assistance must guarantee students their civil rights and are prohibited from discrimination of students on the basis of their disability.
2. Assurance that the states will provide all students with disabilities with a —free appropriate public education (FAPE).
3. Due process for the parents of students with disabilities, prior to any change in placement or program.

B. Who Is Affected, and What Are the Rules?

Students who have been formally identified as disabled under Section 504 *prior* to the disciplinary infraction are subject to due process rights and procedures. A student's permanent file will indicate whether he/she has been identified as a student with a disability according to 504. Such students will have written documentation of 504 eligibility in their file

1. Rule for Suspensions of Ten (10) Days or Less.

Special due process notice is not required for suspensions of ten (10) days or less. They are not considered a change in placement. Students with disabilities may be suspended from school for ten (10) days or less. Suspensions of ten (10) days or less do not require that a determination be made regarding the relationship between the misconduct and disability or placement.

However, if 504 students have patterns of behavioral problems that warrant repeated suspensions, schools are advised to conduct a 504 discipline review conference to review the student's program to make a determination as to the need for a behavior management plan or other accommodations that may address current or prevent future misconduct.

2. Rule for Exceeding Ten (10) Days of Suspension or Expulsion.

Section 504 students whose behavior is related to their disability may not be suspended for more than ten (10) days or excluded from school as a disciplinary action without following all due process and procedural safeguards. Such suspension or exclusion constitutes a change in placement. (See change in placement procedure)

- a. If the behavior is related to the 504 disability, educational services (FAPE) must be provided
- b. If the behavior is not related to the 504 disability, no educational services must be provided.

3. Rule for Suspension for Weapons/Drugs.

Section 504 students who bring weapons/drugs to school may be subject to regular disciplinary actions. However, prior to the disciplinary action the school has the option of removing the student from school using other in-school discipline or suspending the student for up to ten (10) school days. Within the ten (10) days, a 504 discipline review conference must be held in accordance with due process procedures. The 504 committee must conduct a

manifestation determination to determine the causal relationship between the misconduct and the disability. (See change in placement procedure)

- a. If the behavior is related to the 504 disability, educational services (FAPE) must be provided.
- b. If the behavior is not related to the disability, no educational services must be provided.

C. Section 504 Disciplinary Process (Change in Placement Procedures)

A suspension of more than ten (10) days or exclusion from school is a change in placement. Before any change in placement can be implemented, the school must:

1. Notify the parents in writing, in their native tongue and language they can understand, of a Section 504 discipline review conference.
2. Conduct a meeting with the parents, teachers, therapists, evaluators, student (if appropriate) and anyone else closely involved with or knowledgeable of the student's placement or education.
3. Use all available school and evaluation data, along with input from committee members, when conducting the Section 504 team review. Disruptive behavior due to a disability may be evidence that the student's program is inappropriate. Thus, exclusion or suspension of more than ten (10) days cannot be imposed as a disciplinary action without an investigation and documentation of the appropriateness of both the program and placement. The investigation/review has all evaluation and due process requirements. A behavior management plan should be included in the accommodation plan for students who exhibit serious or chronic misconduct.
4. Complete the Section 504 worksheet to make a manifestation determination. Based on the manifestation review the committee will determine:
 - a. If the behavior is *related* to the disability, the exclusion of the student for more than ten (10) days requires the provision of FAPE (Free Appropriate Public Education). An alternative educational placement can be recommended by the committee and implemented by the District. The parent will be informed of the recommended change of placement.
 - b. If the behavior is *not related* to the disability, the student may be excluded from school and no educational services provided. The administration recommends disciplinary action through regular administrative procedures.
5. If the parent disagrees with the relationship between behavior and disability they may file a written request for a hearing, grievance or complaint. However, the disciplinary action or change in placement can be implemented during the due process proceedings for students with 504 only eligibility. There is no automatic right to remain in the current placement under 504.
6. Inform parents of their due process rights at all conferences.

XI. OTHER BOARD POLICIES AFFECTING STUDENTS

A. Supervision of Students

1. Teachers and principals stand in the place of the parent during the time that students are under their supervision. Teachers will have the responsibility and authority to maintain proper discipline in classrooms and in the school at large, as well as specific areas of duty assigned by principals.
2. All students are required to be supervised while in classrooms or on school grounds during school hours. Students are not permitted to occupy classrooms or to make use of playgrounds at any time during school hours without supervision.

B. Emergency Drills

All schools in the District shall conduct fire drills at least monthly. Tornado drills shall also be conducted not fewer than three (3) times per year, with at least one each in the months of September, January and February. Students who ride school buses shall also participate in emergency evacuation drills at least twice each school year.

The District shall annually conduct an active shooter drill and school safety assessment for all District schools in collaboration with local law enforcement and emergency management personnel. Students will be included in the drills to the extent that is developmentally appropriate for the age of both the students and the grade configuration of the school.

Drills may be conducted during the instructional day or during non-instructional time periods.

Other types of emergency drills may also be conducted to test the implementation of the District's emergency plans in the event of violence, terrorist attack, natural disasters, other emergencies or the District's Panic Button Alert System. Students shall be included in the drills to the extent practicable.

C. Crisis Management Plan

A district-wide crisis plan has been developed. The plan includes:

1. Crisis Communication Procedures
2. Emergency Telephone Numbers
3. Procedures for Dealing with the Media, Abduction, Bomb Threat
4. Weapons on Campus, Hostage Situation, Gang Violence, Riots
5. Chemical Leaks or Spills, Nuclear Threat, Fire, Explosion
6. Suicide, Homicide, Death, Sexual Assault
7. Natural Disasters, Accident Off-Campus, Accident or Illness On-Campus, Poisoning

D. School Evacuation

In order to be better prepared in case of an emergency, Lonoke School District has diligently formed an evacuation plan to be used by each school of the District. In the event students need to be moved from a school, the sites used will be:

<u>SCHOOL</u>	<u>ALTERNATE SITE</u>
Primary	New Testament Baptist Church 1600 Lincoln Street, Lonoke
Elementary	New Testament Baptist Church 1600 Lincoln Street, Lonoke
Middle School	Lonoke Baptist Church 406 W. Front Street, Lonoke
High School	Lonoke Baptist Church 406 W. Front Street, Lonoke
Career Center	Lonoke Baptist Church 406 W. Front Street, Lonoke

E. Emergency Closings

Closings will be announced on TV Channels 4, 7 and 11.

F. Student Transfers

The Lonoke School District shall review and accept requests for transfers into the district on a case by case basis at regularly scheduled board meetings throughout the year. Transfers out of district are approved only through School Choice Act 1272 of 2003. The only exceptions will be transfers of siblings or step siblings residing in the same residence of students who had previously been granted transfer approval by the board, or for extenuating circumstances up to September 1 of the same school year. The superintendent of schools may grant transfers throughout the school year when there are extenuating circumstances.

The District may reject a non resident application for admission if its acceptance would necessitate the addition of staff or classrooms exceed the capacity of the program, class, grade level or school building or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school.

The Board reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another district to enroll as a student until the time of the person's expulsion has expired.

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents/guardians. The District and the resident district may enter into a written agreement with the student or student's parents/guardians to provide transportation to or from the District, or both.

G. School Choice

Standard School Choice

Exemption

The District is under an enforceable desegregation court order/court-approved desegregation plan that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE). As a result of the desegregation order/desegregation plan, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act (Opportunity School Choice). The District shall notify the superintendent of each of its geographically contiguous school districts of its exemption. The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.

Definition

"Sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care.

Transfers into the District

Capacity Determination and Public Pronouncement

The Board of Directors will adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public

pronouncements shall state the application deadline and the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made in the spring, but in no case later than March 1.

Application Process

The student's parent shall submit a school choice application on a form approved by ADE to this District along with a copy to the student's resident district. Except for students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, the transfer application must be postmarked or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, applications postmarked or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

The May 1 deadline is waived for students of military families. Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student's application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student's resident district to determine if the resident district's three percent (3%) cap has been met.

The Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who fails to initially enroll under the timelines and provisions provided in this policy; chooses to return to his/her resident district; or enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School Choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the District.

An application may be provisionally rejected if the student's application was beyond the student's resident district's three percent (3%) cap. The student's resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student's application was provisionally rejected due to the student's resident district having reached its three percent (3%) cap and the student's resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

Transfers Out of the District

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 1 of the immediately preceding year. By December 15 of each year, DESE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) cap if the student transfers:

- Through Opportunity School Choice due to the school receiving a rating of "F" or a district classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Due to the district's identification of Facilities Distress under A.C.A. § 6-21-812; or
- Through the Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect. The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

When the last successful application requesting to transfer out of the District before the District's three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District, the District shall allow all members of the individual's sibling group to transfer out of the District even though these applications are beyond the District's transfer cap.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences:

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the May 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District

For the purposes of this section of the policy, a "lack of capacity" is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student's assigned school to another school in the District¹⁰ or from the student's resident district into the District if either:

- The student's resident district has been classified by the state board as in need of Level 5 — intensive support; or
- The student's assigned school has a rating of "F"; an
 - By May 1 of the year before the student intends to transfer, the student's parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student's request to transfer to the:
- DESE;
- Sending school district; and
- Receiving school district.

A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base. The student may transfer at any time if the student's application:

- a. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
- b. Includes the parent's or guardian's military transfer orders; and
- c. Includes the parent's or guardian's proof of residency on the military base.

Within thirty (30) days from receipt of an application from a student seeking admission under this section of the policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student's enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate

the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

Transfers out of, or within, the District

If a District school receives a rating of "F" or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify the parents, guardians, or students, if over eighteen (18) years of age, as soon as practicable after the school or district designation is made of all the options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in a school district that has not been classified by the State Board as in need of Level 5 Intensive Support or in a public school that does not have a rating of "F".

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by DESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

H. Non-curricular Activities/Equal Access

1. A student or a group of students who wish to conduct a meeting on school premises before or after the instructional day will file an application for permission for the meeting with the principal of the school building at which the meeting is to be held. The application will be filed one (1) calendar week prior to the date of the meeting and will state:

- a. The name and address of the student or students and an affirmation by the person preparing the application that the student(s) has (have) voluntarily initiated the meeting.
- b. A description of the type of meeting, statement of purpose, estimate of expected attendance, and a copy of any material used to advertise the meeting.
- c. The name and address of any non-school person to be in attendance, and the organization with whom he is affiliated, if any. If the meeting is a religious one, the non-school attendee will furnish an affirmation that he is not directing, conducting or regularly attending the activity.
- d. The name and address of faculty monitor, if any, and affirmation that the faculty member is not directing, conducting or controlling the meeting. (If an employee is assigned to be present in a supervisory capacity, the principal will secure the affirmation.)

2. The principal will approve the meeting and select the meeting site for it to be held if the application is completed and if it's determined that:

- a. The meeting is voluntary and student initiated.
- b. There is no sponsorship of the meeting by the school, the government or its agencies or employees.
- c. The meeting will not materially and substantially interfere with the orderly conduct of the school's educational activities.
- d. Employees of the District are present in a non-participatory capacity.
- e. Non-school persons are not directing or regularly attending the activity.
- f. There is no school influence on the form or content of any prayer or other religious activity during a meeting.
- g. No person will be required to participate in prayer or other religious activities during the meeting or activity.
- h. No funds will be expended by the school for any such meeting beyond the incidental cost associated with providing meeting space.
- i. No meeting will be conducted which excludes a student solely because of race, religion or national origin.
- j. All forms are completed and submitted according to the stated time schedule.

3. Other considerations

- a. The principal will not assign any employee to attend a meeting if the purpose of speech of the meeting is contrary to the employee's beliefs.
- b. Principals will use discretion in determining maximum numbers of students allowed to participate based upon space available and the safety of the students.
- c. Principals may approve meetings to be conducted before or after regular school hours.
- d. The principal retains his or her responsibility for order and discipline, for the protection of students and faculty on school premises, and is not required to sanction any meetings that are otherwise unlawful.

I. Student Eligibility for Interscholastic Activities in Secondary Schools

Each school shall post on its website its schedule of interscholastic activities, including sign-up, tryout and participation guidelines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in a AAA governed extracurricular activity unless he/she is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.

The AAA eligibility rules do not apply until the student reaches the seventh (7th) grade; however, students who enter late or are retained by failing grades or a mutual decision between the school and the parent/guardian could become ineligible under the age rule in later years.

The AAA age rules are as follows:

1. A middle school student whose sixteenth (16th) birthday is on or before September 1 may not participate in middle school interscholastic events.
2. A senior high school student whose nineteenth (19th) birthday is on or before September 1 may not participate in senior high interscholastic events.

NOTE: In the year a student in middle school becomes too old for middle school participation, he/she may be allowed to participate for the senior high, and the number of allowable senior high semesters shall begin.

The AAA academic requirements are as follows:

Junior High

1. The second semester eighth (8th) grade student meets scholarship requirements for junior high if he/she successfully passed four (4) academic courses the previous semester.
2. The first semester ninth (9th) grade student meets scholarship requirements for junior high if he/she successfully passed four (4) academic courses the previous semester.
3. The second semester ninth (9th) grade student meets scholarship requirements for junior high if he/she successfully passed four (4) academic courses that count toward his/her high school graduation requirements the previous semester.
4. Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate in the fall semester of their tenth grade year.

Senior High

1. In order to remain eligible for competitive interscholastic activity, a student must have passed four (4) academic courses the previous semester and either:
 - Have earned a minimum Grade Point Average (GPA) of 2.0 from all academic courses the previous semester; or
 - Must be enrolled and successfully participating in a SIP program if the student has passed four (4) academic courses the previous semester but does not have a 2.0 GPA.

Students with an Individual Education Plan

In order to be considered eligible to participate in competitive interscholastic activities, students with disabilities must pass at least four (4) courses per semester as required by their IEP.

J. Accidents and Student Insurance

Lonoke School District schools do not carry accident insurance on students and are generally immune from civil liability. **It is strongly recommended that parents purchase student insurance to cover their child while at school, particularly if no other health coverage is in force.**

K. Cheerleader Tryout Eligibility

All tryout candidates and squad members must meet all eligibility requirements of the AAA, as well as those stated below. A student who is found ineligible for any reason may not practice, attend practice, perform or appear in uniform during the period of ineligibility. In order to tryout, candidates must:

1. Have at least a 2.0 GPA for the semester immediately prior to tryouts or what the AAA sets forth.
2. Have no more than one (1) out-of-school suspension for the current school year.
3. Provide proof of passage of a physical examination by a medical doctor prior to tryout date.
4. Provide proof of accident insurance and written parental permission to tryout.
5. Be currently enrolled in the Lonoke School District.
6. Maintain a 2.0 GPA each grading period.
7. Attendance for the full day of participation in any activity, or practice unless permission to be absent is granted by the principal.

L. Homecoming Royalty Selection

1. On the Monday which falls two weeks before Homecoming, each senior and ninth grade football player will ask a girl to allow him to escort her in the homecoming exercises. (Seniors may ask 12th, 11th, or 10th grade girls. Ninth graders may ask 9th or 8th grade girls). Any invitations to walk prior to this date will not be officially recognized.
2. The Tuesday (following the aforementioned Monday) after they have received permission to walk from a girl, each player will submit the name of the girl to the head coach and principal. Names turned in on this date will form the official homecoming court and cannot be changed.
3. The head coach and principal will prepare a list of 12th grade and 9th grade girls to be voted on for Senior and Junior High Homecoming Queen. (Only 12th grade and 9th grade girls that have been asked to walk will be eligible to be selected as Queen and Maid). This will take place no later than Wednesday.
4. The entire team of each squad may vote on Queen. The vote will be conducted by secret ballot. (Each player must sign indicating he has voted eliminating any chance of players voting more than once). The head coach and principal will count the votes. (The ballots will be kept in the principal's office for one month after homecoming).
5. The 12th grade girl and the 9th grade girl receiving the most votes will be named Queen. The Maids of Honor will be the girls receiving the second most votes. (In case of a tie for Queen, a runoff vote will be held and the girl receiving the second most votes will be the Maid).
6. The principals will announce the Queens, Maids and their courts as soon as the votes have been verified. The announcements will be made no later than Thursday the week before the homecoming game for junior high and no later than Friday the week before the homecoming game for senior high.
7. Only active or injured 12th grade or 9th grade players will be allowed to walk in the ceremonies.
8. Players will walk with the girls in the afternoon and night ceremonies.

Tickets are \$25 for individuals and \$45 for a couple. The tickets are only valid for the school year during which they are purchased. Student and guest names will be recorded at time of purchase. Students must attend prom with their documented guest. Students who are members and fulfill all obligations of the Prom Committee at the end of their junior year will receive one complimentary ticket to prom in their senior year at no cost. Prior to Prom night, nominations for King and Queen will be submitted by juniors. Students must be current seniors in order to be nominated for King or Queen. The top four (4) male and top four (4) female students will be placed on the ballot. Seniors who attend prom will elect the King and Queen from the ballot on Prom night.

NOTE: Students currently suspended or expelled cannot attend prom.

N. Student Welfare-Reporting Child Abuse

The Board directs full compliance by the District with the child abuse and neglect reporting laws. Any school official or District personnel who knows or has reasonable cause to suspect that a child has been subjected to abuse, sexual abuse, or neglect, or observes the child being subjected to conditions or circumstances which would reasonably result in abuse or neglect will immediately be responsible for making a report to the Arkansas State Police, Crimes Against Children Division, Child Abuse Hotline.

It will not be the responsibility of the school official or District personnel who initiated the report to prove that the child has been neglected or abused. Any person who, in good faith, participates in making a child abuse or neglect report or in any resulting proceeding will be immune from civil or criminal liability.

The Superintendent or his designee will establish procedures necessary to accomplish the intent of the policy and of the law. (Adopted 9/11/83)

Guidelines

1. All District personnel are included in the list of persons required by law to report if they have reasonable cause to suspect that a child has been subjected to abuse, sexual abuse or neglect or observe the child being subjected to conditions or circumstances which would reasonably result in abuse.
2. All District personnel shall immediately notify the Child Abuse Hotline at 1-800-482-5964 and may notify the school principal or designee. Cases of sexual abuse or severe maltreatment will be investigated by the State Police. All other cases will be investigated by the Department of Human Services.
3. Notification to parents, legal guardians, or other persons having lawful control, is not required if school personnel makes a report or files a complaint based on suspected child abuse or neglect as required under A.C.A.12-15-507 or if student access is granted to law enforcement personnel for purposes of investigation of suspected child abuse or neglect. (Act 1217 of 2001)

Students are to be delivered to school either by car or bus **no earlier than 7:30 a.m.** each school day.

P. Student Nutrition/Food Service

The Lonoke School District believes in good nutrition contributes to the educational success of every child and strives to provide good, nutritious meals every day. The staff works hard to ensure quality control and friendly service. Parents and students are asked to cooperate with all policies and procedures in order to ensure continued quality. Any questions or comments regarding food service concerns or questions regarding a student's meal account may be directed to Mrs. Elen Smith, Food Service Director at (501) 676-7062 or via email at elen.smith@lonokeschools.org.

It is the policy of the Lonoke School District to allow no more than \$20 for students and \$50 for families to charge in the cafeteria. It is the responsibility of each household to ensure adequate funds are available for school lunch and breakfast. The child Nutrition Department will reach out to families with a negative balance by sending out payment reminders. Positive and negative cafeteria balances will follow the student when advancing to the next grade each school year. When a student drops from Lonoke School District, that student is still responsible for unpaid balances. Attempts will be made to collect charges. Unpaid balances will be forwarded to debt collection services. All dropped student unpaid meal charges will be consolidated and turned over to debt collection services at the end of each school year.

In order to close out yearly account balances students will not be allowed to charge meals after the end of April. Meals served in each cafeteria abide by the rules set forth by the National School Lunch Program. Any substitutions to the planned menu will be allowed if correct documentation is on file. Contact the Child Nutrition Office for a Special Dietary Needs form."

Prices

School lunches are reasonably priced and include all nutritional requirements mandated by the Division of Elementary and Secondary Education. Students pay \$1.25 per meal for breakfast (\$.30 per meal for reduced) and \$2.50 per meal for lunch (\$.40 per meal for reduced). Free and reduced meals are offered for students who qualify.

Food Allergy

A student with a food allergy to any item on the menu must provide a doctor's statement to be filed with the cafeteria manager and the school nurse stating the student's allergies to all such foods and the appropriate alternative.

Q. Collection Process

The LPSD uses CheckRedi to collect insufficient checks that are returned to the district. Fees will be assessed, and parents/guardians will be responsible for payment.

R. Appropriate Use of Computers and Networks

Using District-owned computers and/or accessing information using District-owned computer networks are privileges which may be denied if a student fails to follow the established rules of conduct. **Acts of computer misuse or distribution of computer documents containing vulgar or obscene materials may lead to suspension or expulsion from school.** Student use of District-owned computers is for educational purposes only. (A.C.A. 6-21-107) No student shall be granted Internet access until and unless an Internet and electronic device use agreement, signed by both the student and parent, legal guardian (if the student is under the age of eighteen (18) is on file.

G Suite for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more. Lonoke Public Schools will create/maintain a G Suite for Education account for the students in High School and Middle School. That access is for his/her use in any educational and instructional business that they may conduct. Personal use of electronic mail is permitted as long as it does not violate Lonoke Public Schools' policy and/or adversely affect others.

Bullying means the intentional harassment, intimidation, humiliation, ridicule, defamation, or threat or incitement of violence by a student against another student or a school employee.

Bullying may occur through written, verbal, electronic or physical act that causes or creates a clear and present danger of physical harm or damage to school or student property. Bullying is NOT ALLOWED and can get you in trouble, suspended, or expelled. If someone bullies you or you see someone being bullied, get help by telling an adult.
