LONOKE SCHOOL DISTRICT

Mission Statement

The mission of the Lonoke School District is to create an environment that provides all students with the academic skills and responsible citizenship needed to be competitive in the 21st century.

Vision Statement

Our vision is to create learning experiences that prepare graduates to be responsible members of society with marketable job skills in a global economy. We will accomplish this in the following manner:

- All students will be valued as contributing members of the learning process in every classroom, every day.
- All activities and systems of support will be designed to encourage the well-being of every student, including their social, emotional, and academic growth.
- Faculty and staff will model responsible citizenship and will guide students to accept increasing responsibility for their learning, decisions, and actions in order to become responsible citizens.
- All teaching and learning sequences will reflect attention to research-based practices, including but not limited to student engagement in relevant learning experiences that encourage critical thinking and problem solving, attention to diverse learning styles, cooperative learning, and differentiation to account for individual differences, interests, and abilities.
- Instructional practice will be intentional, aligned to state standards, and will reflect the integration of technology to support outcomes.
- Assessments of learning will be frequent, on-going, and used as a means to provide substantive feedback to students and teachers for improvement.
- Curriculum, instruction, and assessment will reflect commitment to innovative practice and continuous improvement.
- Personnel will work collaboratively across schools to scaffold learning experiences for all students.

FOREWORD

The Lonoke School District works hard to provide a safe and orderly environment that supports all aspects of learning through effective communication and high expectations of appropriate behavior. Effective and positive discipline preserves the time needed for meaningful instruction necessary for student achievement.

The 2012-13 Parent/Student Handbook for Student Conduct and Discipline is designed for students, parents, principals, and teachers. Its main purpose is to clearly set forth the standards and limits for behavior established by state law and the Board of Education. It also describes the various administrative actions taken when standards of behavior are violated. The Handbook is annually reviewed and revised as needed by parents, students, and District personnel.

We sincerely hope that all who use this Handbook do so realizing the importance of the student's responsibility for his/her own acceptable behavior. You can be assured that all District personnel will work diligently to ensure a positive learning environment for all students.

Mrs. Suzanne Bailey
Superintendent

Dear Parents:

This handbook has been prepared especially for you. Its real purpose is to help you and your child get ready for his or her school experience. You will be informed of school activities through notes/letters sent home with your child as well as information posted on school marquees and school web pages.

We have tried to include as many important aspects of school life as possible, and we sincerely hope that it will serve as a means of easing any and all transitions.

We look forward to having your child with us and we dedicate ourselves to making his or her experience both enjoyable and helpful.

Sincerely,
Primary and Elementary Staff

Alma Mater

Here's to Lonoke,

Dear old Lonoke,

To the school we love the best,

With her colors gaily flying

She will always stand the test.

When we leave you,

We will grieve you:

You'll always be our greatest pride;

And just to show you how much we owe you,

We'll always root for you, Lonoke High!

Lonoke Jackrabbit Sportsmanship Creed

- △ *We will always cheer for our Jackrabbits rather than against our opponents*
- △ *We always treat our athletic opponents and their fans as our friends and guests*
- △ *We will accept the decisions of officials and we will applaud our players' efforts rather than hissing and booing*
- △ *We will not condone abusive remarks toward the opposition or the officials either from the sidelines or the bleachers*
- △ *We will always seek to win with fairness and within the rules of the contest*
- △ *We will try to win without boasting and lose without excuses*
- △ *We will always remember who we are and what our purposes are whether at home or on the road*

PHILOSOPHY OF LONOKE PUBLIC SCHOOLS

While each teacher has certain goals and attitudes which are important, it is felt that the school can more effectively serve its purpose if the entire staff clearly understands the overall philosophy of the school system.

From the time a student enters kindergarten in Lonoke until his/her graduation, he/she is a part of the system that operates on the premise that the worth of the individual cannot be over-estimated. Because of this, each faculty member, regardless of his/her title, must recognize his/her role as a counselor in the building of desirable citizens.

It is essential, first of all, that we have a thorough understanding of education - its background, its cardinal principals, and its present day implications.

We believe, too, that although it is wise to keep abreast of the times and offer an ever broadening curriculum, we must never be guilty of minimizing the need for adequate instruction in basic courses such as reading, spelling, English usage, mathematics, and science. Likewise, we place special emphasis on training in the social studies, designed to reflect the principles of our American way of life and the democratic ideals that support it.

We feel strongly that a student is entitled to individual consideration that takes into account such factors as home life, abilities, and rate of learning, expert instructions in basic subject matter enhanced by offerings in music, dramatics, physical education and other valuable fields, and a safe, orderly environment conducive learning and teaching.

Keeping in mind that learning and living are synonymous, we are concentrating our educational processes on enriched living for everyone.

It shall be the policy of the Lonoke School District that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided the parent(s) of the student, or the student if 18 years of age or older have acknowledged receipt of the controlling language.

Principals shall review all changes to student policies and ensure that such changes are provided to students and parents, either in the Handbook or, if changes are made after the handbook is printed, as an addendum to the handbook.

A fully licensed pre-kindergarten program is available to all four year olds who have reached their fourth birthday on or before August 1. The program is available for \$75.00 a week. Vouchers are being accepted for tuition. The Pre-K program is led by certified teachers and is State Accredited and Quality Approved. The Pre-K program follows the same hours and calendar as the K-12 district schools. There will be a \$50 registration fee upon enrollment. For more information about the Pre-K program, contact the Lonoke Primary School office at 676-3839.

PLACEMENT

Placement into a classroom is at the discretion of the building principal. The building principal has the option to reassign classes if a need such as Special Education placement arises. Any concerns about placement should be expressed in writing to the building principal prior to the end of April in the current school year for consideration. No specific requests for classroom placements will be accepted.

RESIDENCE REQUIREMENTS

Definitions:

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside. A student may use the residential address of a legal guardian, person having legal, lawful control of the student under order of a court, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, or other persons having lawful control of the person under an order of a court reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parents or guardians for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District's schools separate and apart from his or her parents, guardians, or other persons having lawful control of him or her under an order of a court, the person must actually reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

ENTRANCE REQUIREMENTS

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.49—HOMELESS STUDENTS or in policy 4.58—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, who will become five (5) years old during the year in which he/she is enrolled in kindergarten, and who meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Home-schooled students shall be evaluated by the District to determine their appropriate grade placement.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child's admission to a District school:

1. The parent, guardian, or other responsible person shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the department of education.
2. The parent, guardian, or other responsible person shall provide the district with one (1) of the following documents indicating the child's age:
 - a. A birth certificate;
 - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
 - c. An attested baptismal certificate;
 - d. A passport;
 - e. An affidavit of the date and place of birth by the child's parent or guardian;
 - f. United States military identification; or
 - g. Previous school records.
3. The parent, guardian, or other responsible person shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding.
4. The child shall be age appropriately immunized from poliomyelitis, diphtheria, tetanus, pertussis, red (rubeola) measles, rubella, and other diseases as designated by the State Board of Health, or have an exemption issued by the Arkansas Department of Health. Proof of immunization shall be by a certificate of a licensed physician or a public health department acknowledging the immunization. Exemptions are also possible on an annual basis for religious reasons from the Arkansas Department of Health. To continue such exemptions, they must be renewed at the beginning of each school year. A child enrolling in a district school and living in the household of a person on active military duty has 30 days to receive his/her initial required immunizations and 12 months to be up to date on the required immunizations for the student's age.

A student enrolled in the District who has an immunization exemption may be removed from school during an outbreak of the disease for which the student is not vaccinated at the discretion of the Arkansas Department of Health. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

STUDENT TRANSFERS

The Lonoke School District shall review and accept requests for transfers into the district on a case by case basis at regularly scheduled board meetings throughout the year. Transfers out of the district are approved only through the School Choice Act of 1272 of 2003. The only exceptions will be transfers of siblings or stepsiblings residing in the same residence of students who had previously been granted transfer approval by the board, or for extenuating circumstances up to September 1 for the same school year.

The District may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Department of Education to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school.

Any student transferring from home school or a school that is not accredited by the Department of Education to a District school shall be evaluated by District staff to determine the student's appropriate grade placement.

The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another district to enroll as a student until the time of the person's expulsion has expired.

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

SCHOOL CHOICE

Standard School Choice

The superintendent will consider all applications for School Choice postmarked not later than the July 1 proceeding the fall semester the applicant would begin school in the District. The superintendent shall notify the parent or guardian and the student's resident district, in writing, of the decision to accept or reject the application within 30 days of its receipt of the application.

The District shall advertise in appropriate print and broadcast media to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedure for participation in the program. Such pronouncements shall be made in the spring, but in no case later than June first.

When considering applications, priority will be given to applications from siblings or stepsiblings residing in the same residence or household of students already attending the District through school choice.

The District may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation. Letters of rejection shall state the reason(s) for the rejection.

The Board of Directors reserves the right, after a hearing before the board, not to allow any person who is currently under expulsion from another district to enroll in a District school.

Students admitted under this policy shall be entitled to continued enrollment until they graduate or are no longer eligible for enrollment in the District's schools. Any student admitted to this district under the provisions of this policy who chooses to return to his/her resident district during the school year voids the transfer and must reapply for a school choice admission if desiring to return to this district in the future.

Opportunity School Choice

Unless there is a lack of capacity at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student who is eligible for transfer from a school identified as a category level 1 school under A.C.A. § 6-15-2103(c)(1) may enroll in a the District's school closest to the student's legal residence that has a performance category level 3 or higher as defined by A.C.A. § 6-15-2103(a) provided the student's parent or guardian, or the student if over the age of eighteen (18), has successfully completed the necessary application process by July 30 preceding the year of desired enrollment.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection.

For the purposes of this section of the policy, a “lack of capacity” is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the Rules for the Standards of Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for opportunity school choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

A student’s enrollment under the opportunity school choice provision is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment.

The District may provide transportation to and from the transferring district. If a District school has been identified as a category 1 school under A.C.A. § 6-15-2103(c)(1), the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

HOME SCHOOLING

Parents or legal guardians desiring to provide a home school for their children must give written notice to the Superintendent of their intent to do so and sign a waiver acknowledging that the State of Arkansas is not liable for the education of their children during the time the parents choose to home school. Notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. By December 15 for parents who decide to start home schooling at the beginning of the spring semester; or
3. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter.

The parents or legal guardians shall deliver written notice in person to the Superintendent the first time such notice is given and the notice must include:

1. The name, date of birth, grade level, and the name and address of the school last attended, if any;
2. The location of the home school;
3. The basic core curriculum to be offered;
4. The proposed schedule of instruction; and
5. The qualifications of the parent-teacher.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information which might indicate the need for special education services.

Students and parents interested in home schooling need to be aware that:

1. Some college scholarships are based on the student's grade point average. Students receiving "CR" and not letter grades would not be eligible for some scholarships.
2. It is the responsibility of the Lonoke School District to determine the method by which credits are earned in order to receive a high school diploma. Also, there is no requirement that the school must honor the credits earned from home schooling.

ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement. In recognition of the need for students to regularly attend school, the district's policy governing student absences is as follows.

Students shall not be absent, as defined in this policy more than ten (10) days in a semester. When a student has five (5) absences, his/her parent, guardian, or person in loco parentis shall be notified that the student has missed half the allowable days for the semester. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds ten (10) absences in a semester, the District shall notify the prosecuting authority and the parent, guardian, or person in loco parentis shall be subject to a civil penalty as prescribed by law.

Students with eleven (11) absences in a course in a semester shall not receive credit for that course. If the student fails to receive credit for a sufficient number of courses and at the discretion of the principal after consultation with persons having knowledge of the circumstances of the absences, the student may be denied promotion or graduation. Excessive absences, however, shall not be a reason for expulsion or dismissal of a student.

It is the Arkansas General Assembly's intention that students having excessive absences due to illness, accident, or other unavoidable reason be given assistance in obtaining

credit for their courses. Therefore, at any time prior to when a student exceeds the number of allowable absences (unless unable to do so due to unforeseen circumstances), the student, or his/her parent, guardian, or person in loco parentis may petition the school or district's administration for special arrangements to address the student's absences. If formal arrangements are granted, they shall be formalized into a **written agreement** which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, guardian, or person in loco parentis, and the school or district administrator or designee. Unless a student's excessive absence is due to an unforeseen circumstance, the District will not accept a doctor's note for a student's excessive absence.

Days missed due to in-school or out-of-school suspension shall not count toward the allowable number of days absent.

Additional Absences

Additional absences that are not charged against the allowable number of absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement upon his/her return to school from the parent, guardian, person in loco parentis, or appropriate government agency stating such reason:

- 1) To participate in an FFA, FHA, or 4-H sanctioned activity;
- 2) To participate in the election poll workers program for high school students;
- 3) To serve as a page for a member of the General Assembly;
- 4) To visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting; and
- 5) For purposes pre-approved by the school administration such as visiting prospective colleges, to obey a subpoena, or to attend at an appointment with a government agency ;

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the code.

Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a "C" average for the previous semester or similar equivalent grading period for which grades are reported as part of the student's permanent record.

CLOSED CAMPUS

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day unless given permission to leave the campus by a school official. Students must sign out in the office upon their departure.

PRIVACY OF STUDENTS' RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (hereinafter "PII") from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Lonoke School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, directory information about a student may be made available to the public, military recruiters, post secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor role (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities,

among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under FERPA does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional e-mail address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

NOTES:

Districts may release directory information (DI) (as presently defined by the district) of former students to the extent there is not a signed prohibition against such release. As the definition of DI changes over time (for example, the addition of email addresses to the definition of DI), districts may release DI according to the current definition. It also applies to the release of information that is now defined as DI for students who left the district prior to 1974, when there was no such thing as DI.

As stated in this policy, once a student turns 18, the rights to his/her educational records transfers to the student. The release of educational records to a parent becomes permissive and not a right. At that point, the school gets to decide if it wants to release educational records to parents. The student, however, doesn't

have the right to object one way or the other. If the parents don't establish dependency, once the student turns 18, the parents don't have an absolute **right** to see their student's educational records. "Dependency" in this regard is defined according to the IRS; if the student is claimed by either of their parents (regardless of custody issues, or filing jointly or separately) as a dependent, then the rights of the parent once the student turns 18 is as described. Without dependency, the parents have no right to see their student's educational records once the student turns 18.

HOMELESS STUDENTS

The Lonoke School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for homeless children and youth whose responsibilities shall include coordinating with the state educational liaison for homeless children and youth to ensure that homeless children are not stigmatized or segregated on the basis of their status as homeless and such other duties as are prescribed by law and this policy.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute. It is the responsibility of the District's local educational liaison for homeless children and youth to carry out the dispute resolution process.

To the extent feasible, the District shall do one of the following according to what is in the best interest of a homeless child. (For the purposes of this policy "school of origin" means the school the child attended when permanently housed or the school in which the child was last enrolled.)

1. continue educating the child who become homeless between academic years or during an academic year in their school of origin for the duration of their homelessness;
2. continue educating the child in his/her school of origin who become permanently housed during an academic year for the remainder of the academic year; or
3. enroll the homeless child in the school appropriate for the attendance zone where the child lives.

If the District elects to enroll a homeless child in a school other than their school of origin and such action is against the wishes of the child's parent or guardian, the District shall provide the parent or guardian with a written explanation of their reason for so doing which shall include a statement of the parent/guardian's right to appeal.

In any instance where the child is unaccompanied by a parent or guardian, the District's local educational liaison for homeless children and youth shall assist the child in

determining his/her place of enrollment. The Liaison shall provide the child with a notice of his/her right to appeal the enrollment decision.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the Liaison), to and from the child's school of origin.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and

(a) are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

(b) have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

(c) are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and includes

(d) are migratory children who are living in circumstances described in clauses (a) through (c).

STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services ("DHS"), the ADE, and individuals involved with each foster child to ensure that he/she is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise, ensure that the foster child remains in his/her current school, even if a change in the foster child's placement results in a residency that is outside the district. In such a situation, the District will work to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District's foster care liaison by a foster child's caseworker that a foster child's school enrollment is being changed to one of the District's schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is

required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
- After consulting with each classroom teacher in which the siblings were placed, the school determines the parent's classroom placement request is:
 - Detrimental to the educational achievement of one or more of the siblings;
 - Disruptive to the siblings' assigned classroom learning environment; or
 - Disruptive to the school's educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings' classroom placement to the Superintendent. The Superintendent's decision regarding the appeal shall be final.

Section 3

Student Conduct and Discipline

WHO IS RESPONSIBLE FOR STUDENT CONDUCT?

Freedom is a constitutional right, but it does not mean the absence of reasonable rules and regulations which serve to guide the actions of individuals. Along with freedom comes the responsibility to act in such a manner to ensure that all participants may enjoy the same freedom. To obtain the greatest possible benefit to the students, teachers, administrators, parents, board of education, and the entire community, it is essential that all work together to ensure that all persons are treated equally and with dignity in respect to their rights and responsibilities.

STUDENTS

Students have the responsibility to pursue their education in the Lonoke School District in a manner that shows respect for other students, faculty members, parents, and other citizens. Students should be aware that they have a responsibility to cooperate with and assist the school staff in the orderly and efficient control of the schools by abiding by rules and regulations established by the board of education and implemented by teachers and school administrators. Each student is responsible for his/her own conduct at all times.

PARENTS OR GUARDIANS

The term "Parent" shall include every parent, guardian, or person in parental relation having control or charge of any student in attendance in the schools of this district. Parents or guardians are responsible for exercising the required controls so that their children's behavior at school will be conducive to their own progress and not disruptive to the school's educational program. They are responsible for alerting school personnel when they have reason to believe that their children are experiencing difficulties at school or at home. This, by soliciting the help of the school on their child's behalf, behavior standards may be maintained.

TEACHERS

All teachers are responsible for the supervision of the behavior of all the students in the school. This includes not only the students who are regularly assigned to the teacher, but all other students with whom the teacher comes in contact. Each teacher is expected to maintain the kind of atmosphere and decorum which will promote the learning process, and to utilize sound techniques which seem appropriate. These techniques include

conferences with students and parents or referral to the counselor or other support services personnel. The teacher is authorized to administer corporal punishment according to guidelines established by district policy. Teachers may also assign students to recess detention. When the teacher is unable to assist the student in maintaining proper control of his/her behavior, the student is to be referred to the appropriate administrator in the school.

PRINCIPALS

The principal of the school is expected to give to all students in the beginning of the school year and to each new student upon registration the rules and regulations currently in effect for the school. In developing rules and regulations, the principal involves representatives of the teaching staff. The principal is responsible for conducting continued in-service education for all personnel on a regular basis and to interpret and implement established policies. The principal is authorized to suspend and to recommend the expulsion of students. The principal is expected to inform the parents when their child's behavior is in serious conflict with the established laws, rules, and procedures.

“It is unlawful during regular school hours and in a place where a public school employee is required to be in the course of his or her duties for any person to address a public school employee using language that in its common acceptance is calculated to: A) Cause a breach of the peace; B) Materially and substantially interfere with the operation of the school; or C) Arouse the person to whom it is addressed to anger to the extent likely to cause imminent retaliation. A person who violates this section shall be guilty of a violation and upon conviction be liable for a fine of not less than one hundred dollars (\$100) nor more than one thousand five hundred dollars (\$1,500). Each school district shall report to the Department of Education any prosecutions within the school districts under this section.” A.C.A. 6-17-106

“Any persons who shall, by any boisterous or other conduct, disturb or annoy any public or private school in this state or any person not a student who after being notified to keep off the school grounds during school hours by the board of directors, the superintendent, or principal in charge of any such school shall continue to trespass on or go upon school grounds, whether at recess or during the sessions of the school, shall be guilty of a violation and upon conviction shall be fined in any sum not exceeding one hundred dollars (\$100.00), payable into the general school fund of the county.” A.C.A. 6-21-606

STUDENT DISCIPLINE

The Lonoke Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students

are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school sponsored function, activity, or event; going to and from school or a school activity.

Student handbooks outline consequences for violations of school discipline rules and guidelines. Building principals have the discretion to administer consequences from student conferences to expulsions. Principals may administer more severe consequences than those listed in the handbook if necessitated by student behavior.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District's personnel policy committee shall review the student discipline policies annually and may recommend changes in the policies to the Lonoke School Board. The Board shall approve any changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent or legal guardian shall sign and return to the school an acknowledgement form documenting that they have received the policies.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable believe that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

PROHIBITED CONDUCT

Students and staff require a safe and orderly learning environment that is conducive to high student achievement. Certain student behaviors are unacceptable in such an environment and are hereby prohibited by the Board. Prohibited behaviors include, but shall not be limited to the following.

1. Disrespect for school employees and failing to comply with their reasonable directions or otherwise demonstrating insubordination;
2. Disruptive behavior that interferes with orderly school operations;
3. Willfully and intentionally assaulting or threatening to assault or physically abusing any student or school employee;
4. Possession of any weapon that can reasonably be considered capable of causing bodily harm to another individual;
5. Possession or use of tobacco in any form on any property owned or leased by any public school;
6. Willfully or intentionally damaging, destroying, or stealing school property;
7. Possession of any paging device, beeper, or similar electronic communication devices on the school campus during normal school hours unless specifically exempted by the administration for health or other compelling reasons;
8. Possession, selling, distributing, or being under the influence of an alcoholic beverage, any illegal drug, unauthorized inhalants, or the inappropriate use or sharing of prescription or over the counter drugs, or other intoxicants, or anything represented to be a drug;
9. Sharing, diverting, transferring, applying to others (such as needles or lancets), or in any way misusing medication or any medical supplies in their possession;
10. Inappropriate public displays of affection;
11. Cheating, copying, or claiming another person's work to be his/her own;
12. Gambling;
13. Inappropriate student dress;
14. Use of vulgar, profane, or obscene language or gestures;
15. Truancy;
16. Excessive tardiness;
17. Engaging in behavior designed to taunt, degrade, or ridicule another person on the basis of race, ethnicity, national origin, sex, or disability;
18. Possess, view, distribute or electronically transmit sexually explicit or vulgar images or representations, whether electronically, on a data storage device, or in hard copy form;
19. Hazing, or aiding in the hazing of another student;

20. Gangs or gang-related activities, including belonging to secret societies of any kind, are forbidden on school property. Gang insignias, clothing, “throwing signs” or other gestures associated with gangs are prohibited;
21. Sexual harassment
22. Bullying.

The Board directs each school in the District to develop implementation regulations for prohibited student conduct consistent with applicable Board policy, State and Federal laws, and judicial decisions.

DRUGS AND ALCOHOL

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the delirious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Lonoke School District shall possess, attempt to possess, consume, use distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who; is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; is en route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to, alcohol, or any alcoholic beverage, inhalants or any ingestible matter that alter a student’s ability to act, think, or respond, LSD, or any other hallucinogen, marijuana, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, “designer drugs,” look-alike drugs, or any controlled substance.

Selling, distributing, or attempting to sell or distribute, or using over-the-counter or prescription drugs not in accordance with the recommended dosage is prohibited.

Student due process:

In the event no physical evidence of drugs or alcohol is found in the student’s possession and the student and/or his/her parents disagree with the administrator’s belief that a student is under the influence, the student may voluntarily submit to an authorized blood alcohol test or drug test within twenty-four hours of the administrator’s claim of the student being under the influence. If results of the tests are negative, the claim will be dismissed by the school. Any penalties imposed by the school during the suspension time

will be reversed. Records will be expunged. Scheduling and expenses related to the tests will be the responsibility of the student and his/her parent.

Good Behavior - Behavior Bucks (Elementary School Only)

Lonoke Elementary School wants students to be able to manage and control their own behavior during the school day. We would like to award students for being well-behaved during the course of the nine-weeks grading period. Each Friday afternoon, a Good-Guy recess will be attended by students that have accumulated the required amount of Behavior Bucks to attend the extra recess. Each nine weeks period, the required amount of Behavior Bucks will increase to show higher expectations throughout the year. For example, the first nine weeks, a student must earn 80% of the possible bucks. For the 2nd nine weeks, students must earn 88% of the possible bucks, and then the third nine weeks would have a 95% requirement of the bucks possible.

These same percentages each nine weeks would enable students to attend a celebration for those students that earned the appropriate bucks for good behavior, being responsible in their work, and in their attendance. These celebrations may include, but not limited to, pizza parties, ice cream parties, movie and popcorn, or a field trip.

Any student that receives an ISS assignment, suspension, or other serious consequence for behavior from the office will be automatically disqualified. The principal has the final decision of attendance to the celebration.

INFORMATION ON RIGHTS AND RESPONSIBILITIES

The Lonoke School District recognizes that all students have certain rights and responsibilities and that these rights and responsibilities should be exercised within the framework of upholding the individual dignity for both students and other members of the educational community.

EXPECTATIONS FOR BUS STUDENTS

We believe all students can behave appropriately and safely while riding on a school bus. We will not tolerate students stopping drivers from doing their job or preventing other students from having safe transportation.

All buses are covered with liability insurance. All bus drivers have met legal employment requirements.

Buses are operated for the benefit of those students who live more than (2) miles from school.

Riding the school bus is a privilege.

The school bus is an extension of the classroom. Students are subject to the same rules of conduct while traveling to and from school as they are while on school grounds. All school board policies that apply to student conduct and other student related activities apply to the school bus.

Bus students are under the supervision of the bus driver from the time they leave school until they arrive at their bus stop in the afternoon. Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating the student's bus transportation privileges.

Buses may be equipped with video surveillance cameras. Students should be aware that their actions and communications could be recorded at any time. Upon review of a video, disciplinary action may be taken.

Parents are strongly urged to be consistent with the mode of transportation that their student will take to and from school each day. No student will be allowed to get off the bus anywhere in the afternoon except at the student's regular stop. Students should not ask to ride home on another bus without both the required documentation from their parents and prior approval by their administrator. Permission will be granted on a need basis if room is available.

Upon registration or beginning of the year, an information packet which includes bus safety procedures, bus conduct regulations and contact information will be given out at parent/teacher orientation before school starts. In order for your student to ride the bus; the contact information sheet (last page) must be completely filled out, signed by a parent/guardian and turned in to your students' office before school starts or the day after your student receives it. Bus students will not be allowed to continue riding without this.

The driver will explain safety procedures and conduct expectations to the students. Parents should reinforce safe loading and unloading procedures, bus safety procedures and proper bus behavior at home with the student as well.

If a student is suspended from the bus, it is the sole responsibility of the parent/guardian to provide transportation for the student for the period of time suspended. The student will not be permitted to ride any other bus during that period of time.

LONOKE SCHOOL DISTRICT BUS DISCIPLINE PROCEDURES AND CONSEQUENCES

The procedures below classify unacceptable behavior into two classes. The examples are not exhaustive but illustrative. Additionally, all consequences are dependent upon the severity and frequency of the misbehavior. Consequences may involve bus and school as

reflected in handbook. As in the past, the transportation director or administrator can temporarily suspend passengers in special conduct situations. Parents will be notified.

The violation of a rule will occur whether the conduct takes place on the school grounds at any time, off the school grounds at a school-supervised activity, function, or event, or en route to and from school.

When a disciplinary referral is received by a school administrator, the disciplinary action will reflect consequences as outlined in VII. Principals' Consequences, unless otherwise specified.

Act 1149 of 1999 makes parents responsible for allowing students to possess firearms on school property. Act 1150 of 1999 requires school districts to complete the expulsion process for students with weapons on school property and to require parents to acknowledge parental responsibility for allowing students to

Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Rule 11. Alcoholic Beverages, Drugs and Inhalants

Any students who violate this policy will be prohibited from participating in or

attending any extracurricular activities for the duration of the consequence.

Level 1

An orderly and safe environment that is conducive to promoting student achievement requires a student population free from the delirious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Lonoke School District shall possess, attempt to possess, consume, use, distribute, sell, attempt to sell, give to any person, or be under the influence of any substance as defined in this policy. This policy applies to any student who; is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; is in route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to, alcohol, or any alcoholic beverage, inhalants that alter a student's ability to act, think, or respond, LSD, or any other hallucinogen, marijuana, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, "designer drugs," look-alike drugs, or any controlled substance.

Selling, distributing, or attempting to sell or distribute, or using over-the-counter or prescription drugs not in accordance with recommended dosage is prohibited.
--

Selling or attempting to sell prescription or over-the-counter drugs is a violation of this policy.

The administration and subsequent use of over-the-counter or prescription medication will occur under the supervision of authorized school personnel (see student medications procedure, p. 28). Using, distributing, or attempting to distribute over-the-counter or prescription medications will result in a consequence ranging from parent notification (minimum) to recommendation for expulsion (maximum). The consequence will be based on the severity of the infraction.

Student due process:

In the event no physical evidence of drugs or alcohol is found in the student's possession and the student and/or his/her parents disagree with the administrator's belief that a student is under the influence, the student may voluntarily submit to an authorized blood alcohol test within twenty four hours of the administrator's claim of the student being under the influence. If the results of tests are negative, the claim will be dismissed by the school. Any penalties imposed by the school during the suspension time will be reversed. Records will be expunged. Scheduling and expenses related to the tests will be the responsibility of the student and his/her parent.

Consequences for the violation of this policy will be related to the level of the violation. Possession, use, and/or consumption of the above-mentioned substances are Level I infractions. Level II refers to the selling, distribution, attempting to sell or distribute any of the above-mentioned substances.

Consequence - Level I (Possession, Consumption, and/or Use)

The student will be placed on immediate out-school suspension for up to ten (10) days. After a thorough investigation by the building administrator, a disciplinary hearing will be scheduled with a district administrator. The building administrator, parent(s)/guardian(s) and the student should be present at the hearing. The purpose of this hearing is to determine either placement in the alternative learning environment or expulsion from school. Placement in the alternative learning environment will not exceed one (1) school year and will not be for less than six (6) weeks. Placement in an alternative learning environment also requires a drug/alcohol assessment by a qualified counseling agent or a practitioner and participation in any treatment program resulting from the assessment. The assessment must be completed and participation in any required treatment must be started before the student may be considered for reinstatement into the regular education program. The cost of the assessment and treatment is the responsibility of the student and family. Failure on the part of the student and his/her parents to complete a recommended drug/alcohol program or failure to attend class and follow the rules in an alternative learning environment will result in the student being recommended for expulsion for up to one (1) school year. Procedures for providing the school with documentation of alcohol/drug treatment participation will be provided to student's parent(s)/guardian(s) at the discipline hearing with the district administrator.

Level II

A student who sells, attempts to sell, distribute or purchase drugs (or any substance he/she claims to be a controlled substance) or alcohol shall be reported to legal authorities (A.C.A. 5-64-401).

Consequence - Level II

The student will be placed on immediate out-of-school suspension for up to ten (10) days. After a thorough investigation by the building administrator, a disciplinary hearing will be scheduled with a district administrator. The building administrator, parent(s)/guardian(s) and the student should be present at the hearing. The purpose of this hearing will be to determine if placement in alternative school for one (1) year or a recommendation for expulsion for one (1) year would be the most appropriate course of action. Placement in an alternative learning environment also requires a drug/alcohol assessment by a qualified counseling agent or a practitioner and participation in any treatment program resulting from the assessment. The assessment must be completed and participation in any required treatment must be started before the student may be considered for reinstatement into the regular education program. The cost of the assessment and treatment is the responsibility of the student and family. Students under expulsion must fulfill this drug/alcohol assessment requirement in order to be considered for early review.

Any students who violate this policy will be prohibited from participating in or attending any extracurricular activities for the duration of the consequence.

SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. It is the parents' or legal guardians' responsibility to provide current contact information to the district which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student.

A. Corporal Punishment:

Any teacher or school administrator in a school district that authorizes use of corporal punishment in the district's written student discipline policy may use corporal punishment in the presence of an administrator or his/her designee, provided only that the punishment is administered in accord with the district's written discipline policy, against any pupil in order to maintain discipline and order within the public schools. Ark. Code Ann. 6-18-503 (Repl. 1993), as amended by Act 333 of 1995.

The following due process guidelines will be followed:

1. Before corporal punishment is administered, the student should be advised of the rule and the infraction for which the student may be punished.
2. The student should be allowed time to respond.
3. The school administrator should take the action he/she deems is most appropriate.
4. A formal hearing is not required prior to administering corporal punishment.

B. In-School Suspension

The administration will assign students who commit a severe infraction based on the administrators' consequences. Assignments are as follows:

- 1st Assignment – 3 Days
 - *Assignment for students who repeat infractions:
 - 2nd Assignment – 5 Days
 - 3rd Assignment - 7 Days
- *Principal has discretion in all assignments.

Any student who is involved in a severe infraction as stated on pages after attending ISS the third time will be suspended from school. A parent conference is requested before a student is admitted back to school after a suspension. Any student assigned to ISS cannot attend or participate in any school or district sponsored activity or activities during their assigned days or time in In-School Suspension.

C. Out-of-School Suspension (Arkansas Law 6-18-507):

Schools may suspend students from school. A suspension is defined as dismissing the student from school for any time period not exceeding ten (10) days. Each principal in

the Lonoke School District is authorized to suspend students from school for disciplinary reasons. Unless the official imposing the suspension has personally witnessed the infraction, he/she will conduct such investigation into the matter as he/she deems necessary, including an interview with the subject students, before imposing the suspension. A suspended student may be allowed to make-up work for partial credit during the suspended time period.

Suspended students are subjected to the following rights (due process).

1. Prior to any suspension, the school principal, or his/her designee shall advise the student in question of the particular misconduct of which he/she is accused, as well as the basis for the accusation.
2. The pupil shall be given an opportunity at that time to explain his/her version of the facts to the school principal or his/her designee.
3. Written notice of suspension and the reasons for the suspension shall be given to the pupil.
4. The custodial parent or guardian will be notified of each suspension. This notification will include the reasons for the suspension. This notification will include the reasons for the suspension, its duration and the manner in which the students may be readmitted to school. A notice will also be mailed to the parent or guardian at the address reflected on the records of the school on the day the suspension is imposed (Act 159 of 2007)
5. Any parent, legal guardian, or person acting as a parent shall have the right to appeal to the superintendent or his/her designee.
6. All students returning to school after a suspension must be accompanied by a parent or guardian.

D. Alternative School

The district shall have alternative learning environments (ALE), which shall be a part of an intervention program designed to provide guidance, counseling, and academic support to students who are experiencing, emotional, social, or academic problems.

Students may be assigned to the alternative learning environment class as an alternative to the regular classroom when their behaviors are significantly interfering with learning.

Alternative classrooms are located on the elementary campus for grades K-5 and on the middle school campus for grades 6-12.

The ALE program is staffed by licensed instructors and is supported by the services of a school counselor and/or mental health professional. Students placed in the program typically manifest one or more of the following characteristics: disruptive behavior, drop out from school, personal or family problems or situations, recurring absenteeism or transition to or from residential programs. In placing students in the ALE, an agreement will be developed with the parent, ALE teacher and student outlining the responsibilities of each participant. Students may be placed in the ALE program for a time period up to

one school year. An assessment will determine the need to continue in the ALE program or to return to the traditional classroom setting.

E. Expulsion

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for continual misbehavior or for student conduct deemed to be of such gravity that suspension would be inappropriate, or where the student's continued attendance at school would disrupt the orderly learning environment or would pose an unreasonable danger to the welfare of other students or staff.

The Superintendent or his/her designee shall give written notice to the parents or legal guardians (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Hearing Officer, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent or student if age 18 or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent will present evidence, including the calling of witnesses, that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted. However, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

The Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm or other weapon prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

STANDARDS OF CONDUCT

All students are expected to conduct themselves at all times in a manner that will contribute to the best interests of the school and not infringe on the rights of others. School staffs have the authority and the responsibility to take customary and reasonable measures to maintain proper control and discipline among students placed under their care and supervision. Such measures may include the use of reasonable force in the exercise of lawful authority to restrain or correct students and maintain order.

The commission of or participation in criminal acts in school buildings, on school property, or at school-sponsored events by students is prohibited by school regulations. Disciplinary action will be taken by school authorities against students involved in criminal acts regardless of whether or not criminal charges result.

The following activities are among those defined as “criminal” under the laws of the State of Arkansas. However, criminal activities considered under this regulation are not limited to this list.

1. Arson - the intentional setting of fire.
2. Assault and Battery - threat or physical harm to a person.
3. Burglary and Larceny - stealing of school or personal property.

6. Possession of Firearms - firearms are prohibited on school property or at school-sponsored events.
7. Larceny - theft.
8. Malicious Mischief - willful destruction of property.

12. Use of profane, violent, vulgar, or insulting language - the use of profane, violent, vulgar or insulting language toward any person in his/her presence or hearing, which language in its common acceptance is calculated to arouse to anger the person to whom it is spoken.

For the information of all students, infractions to avoid during school hours and at school sponsored events and recommended disciplinary actions are presented below.

DISCIPLINE FOR HANDICAPPED STUDENTS

1. Students with a handicapping condition who engage in misbehavior are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to free appropriate public education.
2. The individualized education plan (IEP) team for a handicapped student should consider whether particular discipline procedures should be adopted for that student and included in the IEP.
3. Students with a handicapping condition may be excluded from school only in emergencies and only for the duration of the emergency. In no case should a student with a handicap be excluded for more than ten days in a school year.
4. After an emergency suspension is imposed on a student with a handicapping condition, an immediate meeting of the student's IEP team should be held to determine the cause and effect of the suspension with a view toward assessing the effectiveness and appropriateness of the student's placement and toward minimizing the harm resulting from the exclusion.
5. The suspended student should be offered an alternate educational programming for the duration of the exclusion.
6. There should be a person designated as a grievance officer for Act 504.

DISCIPLINE FOR DISABLED STUDENTS

1. Discipline for eligible students with disabilities under the Individuals with Disabilities Act (IDEA), Public Law (PL) 94-142: Students who engage in misconduct are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to a free appropriate public education (FAPE).
2. Discipline for students found eligible under Section 504 of the Rehabilitation Act of 1973: Students with 504 eligibility who engage in misconduct are subject to normal school disciplinary rules and procedures unless otherwise stated in an individualized education plan developed by a 504 committee.

SEXUAL HARASSMENT

The Lonoke School District is committed to having an academic environment in which all students are treated with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

Believing that prevention is the best policy, the District will periodically inform students and employees about the nature of sexual harassment, the procedures for registering a complaint, and the possible redress that is available. The information will stress that the district does not tolerate sexual harassment and that students can report inappropriate behavior of a sexual nature without fear of adverse consequences. The information will take into account and be appropriate to the age of the students.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment as defined in this policy. Any student found, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Sexual harassment refers to unwelcome sexual advances, requests for sexual favors, or other personally offensive verbal, visual, or physical conduct of a sexual nature made by someone under any of the following conditions:

1. Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual's education;
2. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
3. Such conduct has the purpose or effect of substantially interfering with an individual's academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms "intimidating," "hostile," and "offensive" include conduct of a sexual nature

which has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student's ability to participate in, or benefit from, an educational program or activity.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances. Depending upon such circumstances, examples of sexual harassment include, but are not limited to: unwelcome touching; crude jokes or pictures; discussions of sexual experiences; pressure for sexual activity; intimidation by words, actions, insults, or name calling; teasing related to sexual characteristics; and spreading rumors related to a person's alleged sexual activities.

Students who believe they have been subjected to sexual harassment, or parents of a student who believes their child has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will assist them in the complaint process. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

To the extent possible, complaints will be treated in a confidential manner. Limited disclosure may be necessary in order to complete a thorough investigation. Students who file a complaint of sexual harassment will not be subject to retaliation or reprisal in any form.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion.

Individuals who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of sexual harassment shall be subject to disciplinary action up to and including expulsion.

ANTI-GANG / SECRET SOCIETIES

The Board of Education of Lonoke School District, the administration, and the staff all have the responsibility to maintain a safe and disruption-free school environment. The School Laws of Arkansas state that "any public school fraternity, sorority, or secret society or organization as defined in this sub-chapter is declared to be inimical to the public free school and therefore unlawful." The School Laws of Arkansas further expressly prohibit hazing. Gangs are hereby found to be included in the definition of secret society or organization and are therefore expressly prohibited from the Lonoke School District. Hazing, as defined in the Arkansas statutes, is hereby expressly prohibited by the Lonoke School District.

Gangs, as defined in this policy, shall mean individuals who associate with each other primarily for criminal, disruptive, and/or other activities as prohibited by law and/or by the School District's rules and regulations including any type of organization or society

which fosters undemocratic practices and seeks to perpetuate itself by taking in additional members from the pupils enrolled in the Lonoke School District on the basis of the decision of its membership rather than upon the free choice of any pupil in the school who is qualified by the rules of the school to fill the special aims of an organization or society. Gang and gang-related activities are not acceptable in the school setting. The Board of Education is aware that the presence of gangs interferes materially and substantially with the educational process and with the requirement of appropriate discipline in the school. Gangs foster anti-social behaviors, attitudes, and practices which may endanger the health, safety, and welfare of our students. Therefore, students are prohibited from participating in any activity related to gangs while at school, while traveling to or from school, or while attending school-sponsored events.

Prohibited activities include (but are not limited to) the following:

1. Soliciting and/or recruiting others for membership;
2. Participating in and/or inciting physical violence;
3. Exhorting or soliciting money and/or services, requesting any person to pay for protection, insurance, or the payment of dues;
4. Coercing, harassing, and/or otherwise intimidating, threatening or causing to harm any person;
5. No sagging. Wearing, possessing, using, displaying in any manner, distributing, or selling any clothing, jewelry, emblem, badge, symbol, sign, or other item commonly associated with membership in or affiliation with a gang. When there is a question as to whether or not possessions or clothes are gang related, determination will be made by the Lonoke Administration.
6. Using any communication, verbal or nonverbal (gestures, handshakes, etc.), suggesting or showing membership in, or affiliation with a gang;
7. Engaging in any activity intended to promote or further the interests of any gang activity including, but not limited to distributing literature, drawing or displaying unauthorized symbols on any surface, teaching others to “represent”, or acting like a member of a gang;
8. Engaging in any activity defined by the laws of Arkansas to be “hazing” including:
 - A. Any willful act on or off the property of the Lonoke School District by one student alone or acting with others which is directed against any other student and done for the purpose of intimidating the student attacked by threatening him with social or other racism or by submitting such student to shame, or disgrace among his fellow students, and acts calculated to produce such results; or

- B. The playing of abusive tricks on or off the property of the Lonoke School District by one student alone or acting with others, upon another student to frighten or scare him; or
 - C. Any willful act on or off the property of the Lonoke School District by one student alone or acting with others which is directing against any other student done for the purpose of humbling the pride, stifling the ambition, or impairing the courage of the student attacked or to discourage him from remaining in the Lonoke School District, or reasonably to cause him to leave the Lonoke School District rather than submit to such acts; or
 - D. Any willful act on or off the property of the Lonoke School District by one student alone or acting with others in striking, beating, bruising, or maiming; or seriously offering, threatening, or attempting to strike, beat, bruise, or maim; or to do seriously offer, threaten, or attempt to do physical violence to any student of the Lonoke School District or any other educational institution; or assault upon any such student made for the purpose of committing any of the acts or producing any of the results to such student as defined by this paragraph.
9. Any act or activity which violated any law or any policy of the Lonoke School District when such act or activity is taken to further the interest of a gang.

In according with Arkansas code Annotated 6-18-605, it shall be the duty of the school district to suspend or expel from the Lonoke School District any pupil who shall:

- a. Be or remain a member, promise to join, become a member, or solicit other person to join, promise to join, or pledge to become a member of any prohibited secret society or organization as described above;
- b. Wear or display any insignia for purpose of identification with any such secret society or organization while in and attending the Lonoke School District.

SEARCH AND SEIZURE

- 1. Student lockers, desks, etc.

In the assignment of school property (lockers, desks, etc.) to a student, the school retains ownership and equal access of such property and the right to inspect it or reclaim it. A general search may be conducted by school personnel based on the following: A search shall be conducted upon receipt of information that the

search would produce evidence indicating the student has violated the law or school rules.

2. Personal Search

A search of a student's person may be conducted by a school administrator based on a situation in which the administrator has reasonable suspicion that the search would produce evidence indicating that the student has violated the law or school rules. The following minimum guidelines should be followed:

- a. An adult witness should be present when a personal search is conducted.
- b. A search must be based on a reasonable suspicion that the student has violated the law or school rules, and the scope of the search must be reasonably related to the objective of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.
- c. The school district may elect to use a metal detector at the entrance of all schools.

Section 4

Academics

SCHOOL DAY SCHEDULE

First bell (to line up) rings at 7:55 a.m. Tardy bell rings at 8:05 a.m. The school day ends at 3:05 p.m. (Elementary-3:20 p.m.) Children who ride in cars and buses are dismissed at 3:05 p.m. (Elementary – 3:20 p.m.)

Breakfast - 7:30 a.m. to 7:55 a.m.

Students should not be dropped off at school before 7:30 a.m. The schools do not have consistent supervision for students before that time.

PROMOTION & RETENTION FOR K-5 SCHOOLS

A disservice is done to students through social promotion and is prohibited by state law. The-District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Each school in the Lonoke School District shall include in the student handbook, the criteria for promotion of students to the next grade. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention shall be included with the student's grades sent home to each parent/guardian. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

Promotion or retention of students shall be based on school policy. If there is doubt concerning the promotion or retention of a student, before a final decision is made, a conference between the parents/guardians, teacher(s), other pertinent personnel, and principal shall be held. The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement, the final decision to promote or retain shall rest with the principal.

Students who do not score proficient or above on their grade level Benchmark Exams shall be required to participate in an Academic Improvement Plan (AIP). Each AIP shall be developed by school personnel and the student's parents and shall be designed to assist the student in attaining the expected achievement level. The AIP shall also state the parent's role as well as the consequences for the student's failure to participate in the plan, which may include the student's retention in their present grade.

Promotion/retention or graduation of students with an Individual Educational Plan (IEP) shall be based on their successful attainment of the goals set forth in their IEP.

GRADING

Parents or guardians shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine-week grading period to keep parents / guardians informed of their student's progress.

The evaluation of each student's performance on a regular basis serves to give the parents / guardians, students, and the school necessary information to help effect academic improvement. Students' grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

The grades of a child in foster care shall not be lowered due to an absence from school due to:

1. A change in the child's school enrollment;
2. The child's attendance at a dependency-neglect court proceeding; or
3. The child's attendance at court-ordered counseling or treatment.

The grading scale for students in grades 1-12 shall be as follows:

- A = 100 – 90
- B = 89 – 80
- C = 79 – 70
- D = 69-60
- F = 59 and below

A mastery of skills checklist will be used to document progress at the kindergarten level.

Lonoke Primary School Reading Expectations

To show proficiency the following are the grade level expectations for the end of each nine week periods:

	1st 9 Weeks	2nd 9 Weeks	3rd 9 Week	4th 9 Weeks
	Reading Levels	Reading Levels	Reading Levels	Reading Levels
Kindergarten				3
First Grade	4	8	12	18
Second Grade	18	20	24	28

The purposes of grading are:

1. To give information for pupil guidance and counseling.
2. To show the achievement of pupils in relation to others.
3. To assist in grouping, promotion, retention, transfer, and grade placement.
4. Inform parents of the progress of their children.
5. Helps administrators evaluate the effectiveness of the school program.

Students are graded according to the level of difficulty on which they are working. Parents should not expect their child to be working at the same level as someone else's child, especially in the area of reading. Each child progresses according to his own individual growth. Parents should refrain from comparing their children.

Grades are to reflect performance of academic objectives. This means conduct and attendance can not be part of the grades.

HOMEWORK

The Lonoke School District believes that student achievement rises significantly when teachers regularly assign homework and students continuously do it.

GUIDELINES:

1. Parents and students may expect the following types of assignments:
 - a. Practice Assignments to provide either massed practice for a skill or concept recently taught or distributed practice for a skill or concept taught earlier but for which review is needed. Practice assignments should be made only after students understand the process and have had enough practice in class to do homework on the subject unaided.
 - b. Preparation-Assignments intended to provide additional background information before a class discussion. Such activities might include readings in the class text.
 - c. Extension-Assignments that encourage individualized and creative learning by emphasizing student initiative and research. Such activities include projects and research papers.
2. Parents can expect an average of 30-90 minutes three to five nights a week. This amount will vary due to the difficulty of the classes and the work habits of individual students. Since homework is an extension of the classroom, students are usually provided some class time to begin work on assignments.

Honor Roll and Merit List Criteria (Elementary School Only)

Academic excellence is recognized by the use of an honor roll and a list of merit. A student must have a grade point average of 3.5 and no grade below a “B” in order to be placed on the honor roll. A student must have a grade point average of 3.0 and no grade below a “C” to be placed on the merit list.

Any parent or student who does not want to have the student identified as an honor student or listed on the honor roll shall submit a written request to the school principal.

Most Improved Student Recognition (Elementary School Only)

A student is considered as improved when he or she has a grade improvement of ten (10) points in a subject area while maintaining other grades and no grade below a “D”. This is only for those students who have not been rewarded on the honor roll or merit list for the nine weeks. An unsatisfactory conduct grade shall prohibit a student from participating in the most improved student recognition activities.

ACADEMIC DISHONESTY

Any student who is found to be cheating, copying, or claiming another person’s work to be his/her own will receive a zero for said assignment/test. Repeated violations may result in additional disciplinary action.

REPORTING TO PARENTS - DEFICIENCY REPORTS

Pupil’s progress is reported to parents four times each year. Supplementary notes of communication, suggestions for improvement, parental conferences, room meetings, and similar means of keeping in touch with parents are emphasized. Parents are invited to visit the schools to confer with teachers and principals relative to the instruction of their children. Except for emergencies, parents will be expected to arrange such conferences by appointment in advance.

Parent-teacher conferences will be held in November and February. Parents are strongly encouraged to attend these conferences.

Students that have D's or F's will receive their progress reports by mail.

REMEDATION

According to the Act 855 of the 1999 Regular Session of the 82nd General Assembly of the State of Arkansas Pertaining to Mandatory Summer School for Students in Kindergarten through Grade 3. Section 2. Students in kindergarten through grade two (K-2) not performing at grade level in reading during the regular school year shall participate in a school approved remediation program or a summer school remediation program to be eligible for promotion to the next grade. Grade level will be determined by diagnostic testing and reading assessments.

Any student in grade three (3) not performing at grade level during the regular school year shall participate in a district remediation program or a district summer school remediation program or a district approved summer school program to be eligible for promotion to the next grade.

Grade level performance will be determined by (1) diagnostic reading assessments and inventories, (2) norm-referenced tests, and (3) Standards and Benchmark Assessments.

Act 35 of 2003
(A.C.A. 6-15-1804)

Public school student progression — Remedial instruction — Reporting requirements — Reading deficiency and parental notification.

(a) It is the ultimate goal of the General Assembly that every student read at or above his or her grade level. Any student who exhibits a substantial deficiency in reading, based upon statewide assessments conducted in grades kindergarten through two (K-2), or through teacher observations, shall be given intensive reading instruction utilizing a reading program approved by the State Board of Education as soon as practicable following the identification of the reading deficiency. The student's reading proficiency shall be reassessed by utilizing assessments within the state board approved reading program. The student shall continue to be provided with intensive reading instruction until the reading deficiency is corrected.

(b) Beginning with the 2005-2006 school year, the parent or guardian of any student who exhibits a substantial deficiency in reading, as described in subsection (a) of this section, shall be notified in writing of the following:

- (1) That his or her child has been identified as having a substantial deficiency in reading;
- (2) A description of the current services that are provided to the child; and
- (3) A description of the proposed supplemental instructional services and supports that will be provided to the child that are designed to remediate the identified area of reading deficiency.

Act 2243 of 2005

Each student shall participate in the statewide program of educational assessment required in §§ 6-15-419 and 6-15-433 by the State Board of Education. Students in grades three through eight (3-8) shall participate in those benchmark assessments required in §§ 6-15-419 and 6-15-433 as established by the State Board of Education.

Students in appropriate grades shall participate in those end-of-course assessments required by §§ 6-15-419 and 6-15-433 as established by the State Board of Education. The State Board of Education shall determine a satisfactory passing level score of student performance on each assessment required in (a)(1), (2), and (3). The State Board of Education shall promulgate the passing levels of student performance in rules and regulations.

Each student identified as not meeting the satisfactory pass levels in the immediate previously administered benchmark assessment shall participate in his or her remediation activities as required in his or her individualized academic improvement plan beginning in the school year the assessment results are reported.

If a student with disabilities identified under the Individuals with Disabilities Education Act, 20 U.S.C. 1400, et seq., has an individualized education program that addresses any academic area or areas in which the student is not proficient on state-mandated criterion-referenced assessments, the individualized education program meets the requirements of an academic improvement plan under this section.

School districts shall notify the student's parent, guardian, or caregiver of the parent's role and responsibilities as well as the consequences for the student's failure to participate in the plan. This notice may be provided via student handbooks issued to students. Beginning with the 2005-2006 school year, students in grades three through eight (3-8) identified as not passing a benchmark assessment and who fail to participate in the subsequent academic improvement plan shall be retained and shall not be promoted to the next appropriate grade until:

- (A) The student is deemed to have participated in an academic improvement plan; or
- (B) The student passes the benchmark assessment for the current grade level in which the student is retained.

GIFTED PROGRAM

Nomination:

Students may be nominated for the gifted and talented program by peers, parents, teachers, or self-nomination.

Selection Procedure:

A committee of trained teachers will select students who show the greatest need for special classes. The selection will be made with multiple criteria, including achievement test scores, creativity test data, grade point data, and inventories by parents and teachers. No cut-off scores will be used to prevent a child from selection. Selections begin in grade 3.

Program Options:

Students in grades 3 to 5 will be in pull-out to a certified gifted education teacher for 150 minutes per week;

Special Testing:

Consent for special testing must be given by parents in order to complete student information files. This will usually consist of Torrance Tests of Creativity and any other creativity or IQ tests needed.

Program Goals:

All instruction generally falls into 5 categories:

- A. Critical thinking
- B. Creative thinking
- C. Communications
- D. Independent study and research skills
- E. Affective development

Removal From Program:

Parents may ask that students be removed from the gifted program at any time, provided that a written cause is given. Students who are not performing up to the expectations of the program will be placed on probation; removal will be only if improvement is not made and the placement committee concurs. The expectation of the program will be documented in the student's quarterly progress report, and those having an excessive number of "Needs Improvement: grades (3 to 6) or below grade of "C" in the core classes, will be considered for probation.

Section 5

Health and Illness Policies

WELLNESS POLICY

The health and physical well-being of our students directly affects their ability to learn. Childhood obesity increases the incidence of adult diseases occurring in children and adolescents such as heart disease, high blood pressure and diabetes. The increased risk carries forward into their adulthood. Research indicates that a healthy diet and regular physical activity can help prevent obesity and the diseases resulting from it. It is understood that the eating habits and exercise patterns of students cannot be magically changed overnight, but at the same time, the board of directors believes it is necessary to strive to create a culture in our schools that consistently promotes good nutrition and physical activity.

The problem of obesity and inactivity is a public health issue. The board is keenly aware that it has taken years for this problem to reach its present level and will similarly take years to correct. The responsibility for addressing the problem lies not only with the schools and the Department of Education, but with the community and its residents, organizations and agencies. Therefore, the district shall enlist the support of the larger community to find solutions which improve the health and physical activity of our students.

Goals

In its efforts to improve the school nutrition environment, promote student health, and reduce childhood obesity, the district will adhere to the Arkansas Rules Governing Nutrition and Physical Activity Standards in Arkansas Public Schools. Adhering to these Rules will include, but is not limited to district efforts to

1. Appoint a district school health coordinator who shall be responsible for ensuring that each school fulfills the requirements of this policy;
2. Implement a grade appropriate nutrition education program that will develop an awareness of and appreciation for nutrition and physical activity throughout the curriculum;
3. Enforce existing physical education requirements and engage students in healthy levels of vigorous physical activity;
4. Strive to improve the quality of physical education curricula and increase the training of physical education teachers;
5. Follow the Arkansas Physical Education and Health Education Frameworks in grades K-12;
6. Not use food or beverages as rewards for academic, classroom, or sports performances;
7. Ensure that drinking water is available without charge to all students;
8. Establish class schedules, and bus routes that don't directly or indirectly restrict meal access;
9. Provide students with ample time to eat their meals in pleasant cafeteria and dining areas;
10. Establish no more than nine (9) school wide events which permit exceptions to the food and beverage limitations established by Rule. The schedule of the events shall be by school, approved by the principal, and shall be part of the annual school calendar;
11. Abide by the current allowable food and beverage portion standards;

12. Meet or exceed the more stringent of Arkansas' or the U.S. Department of Agriculture's Nutrition Standards for reimbursable meals and a la' carte foods served in the cafeteria;
13. Restrict access to vended foods, competitive foods, and foods of minimal nutritional value (FMNV) as required by law and Rule;
14. Conform new and/or renewed vending contracts to the content restrictions contained in the Rules and reduce district dependence on profits from the sale of FMNV.

15. Provide professional development to all district staff on the topics of nutrition and/or physical activity;

16. Utilize the School Health Index available from the Center for Disease Control (CDC) to assess how well the district is doing at implementing this wellness policy and at promoting a healthy environment for its students;

17. Notify parents through school handbooks of their rights to send food items to school for their own children.

Advisory Committee

To enhance the district's efforts to improve the health of our students, a District Nutrition and Physical Activity Advisory Committee (SNPAAC) shall be formed. The membership of the committee shall include representatives from each appropriate grade-level group (primary, elementary, middle and high school). The committee shall be structured in a way that ensures age-appropriate recommendations are made which correlate to our district's grade configurations. The SNPAAC shall have the powers and responsibilities delegated to it by statute and Rule. The overarching goal of the committee shall be to promote student wellness by monitoring how well the district is doing at implementing this policy. The SNPAAC shall use modules 1, 2, 3, 4, and 8 of the CDC's School Health Index as a basis for assessing each school's progress toward meeting the requirements of this policy. The results of the annual assessment shall be included in each school's ACSIP, provided to each school's principal, and reported to the board.

GENERAL REQUIREMENTS FOR FOOD AND BEVERAGES IN PUBLIC SCHOOLS

As per Standard 5.01.2 of the Arkansas Department of Education rules governing nutrition and physical activity, "effective July 01, 2005, during the declared school day, elementary school site may not serve, provide access to, through direct or indirect sales, or use as a reward, any Food of Minimal Nutritional Value (FMNV) or competitive food. This includes FMNV and competitive foods given, sold, or provided by school administrators, or staff (principals, coaches, teachers, club sponsors, etc.) students or student groups, parents or parent groups, or any other person, company or organization

associated with the school site. Exceptions to this requirement are listed in Standard 5.02.

Food Services

The Lonoke School District believes good nutrition contributes to the educational success of every child and strives to provide good, nutritious meals every day. The food service staff works hard to ensure quality control and friendly service. Parents and students are asked to cooperate with all policies and procedures in order to ensure continued quality. Any questions or comments regarding food service issues may be directed to Mrs. Sue Roedel, Food Service Director at 501-676-7020 or e-mailed at sue.roedel@lonokeschools.org.

Prices

School lunches are reasonably priced and include all nutritional requirements mandated by the Arkansas Department of Education. Students at Lonoke Primary School and Lonoke Elementary School pay .75 per meal for breakfast (.30 per meal for reduced) and \$1.55 per meal for lunch (.40 per meal for reduced). Students at Lonoke Middle School and Lonoke High School pay \$1.00 per meal for breakfast (.30 per meal for reduced) and \$1.80 per meal for lunch (.40 per meal for reduced). Free and reduced meals are offered for students who qualify. Any additional costs for extras are identified in the parent and student handbooks.

Payment for Meals

Parents/students may choose to pay for meals daily or in advance (i.e. weekly, monthly, etc.). While it is the intention of the district for every student to eat from the regular menu each day, the district is not able to subsidize meal costs through charges. **All meals must be paid for at the point of service or in advance.** It is understood that emergencies may arise from time to time and that a student may forget lunch money or the parent/student may not realize that there is no balance in the meal account (for those paying in advance). For those situations, the district will permit each student to accrue up to five (5) meal charges during each school year. After the fifth meal charge, students will be offered cereal and milk for breakfast and a sandwich and drink for lunch until charges have been reduced/paid. Charges may only apply to regular meals (no charges for specialty meals will be permitted). All accounts must be promptly paid in full by May 1 of each school year.

EZSchoolPay

For your convenience, you may register to use the EZSchoolPay online system to track meal balances and pay for school meals. Choose the EZSchoolPay link on the district website for more information.

Point of Service

Students in each cafeteria will receive meals after they have paid for them or been approved at the cashier's station.

PHYSICAL FITNESS

Every child has an opportunity, and is expected to participate in our physical fitness program (A.C.A. 6-16-132). This program is a regular part of our school curriculum and is required unless a written statement is received from your family doctor.

PHYSICAL EXAMINATIONS OR SCREENINGS

The Lonoke School District conducts routine health screenings such as hearing, vision, and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to his/her full potential.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.50F or by providing certification from a physician that he/she has recently examined the student.

A student may be required to pass a physical exam before being allowed to participate in certain extracurricular activities to help ensure they are physically capable of withstanding the rigors of the activity. It is understood that students who refuse to take such an exam will not be allowed to participate in the desired activity.

The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

STUDENT ILLNESS

When your child shows symptoms of illness, please keep him/her at home. If your child had a fever of 100 degrees or higher, your child should be kept at home until they have been fever free for at least 24 hours. This will not only benefit your child, but will prevent unnecessary exposure of other children.

SICK STUDENT POLICY

Any student who appears to be sick or exhibits unusual behavior, in the opinion of the teacher and/or principal, will be sent home. A student's sickness can be physical, mental or emotional, i.e. unresponsiveness, lack of ability to concentrate, dramatic mood change, loss of motivation, and/or the usual physical symptoms of illness.

If a student is thought to be ill, he/she will be sent to the office. The parents will be notified and asked to report to the school's office. If the parents will not or cannot come, then they must make arrangements for the student to be sent to a designated place because the student will not be allowed to remain at school.

ALL STUDENTS WHO NEED MEDICATION DURING SCHOOL HOURS MUST DO THE FOLLOWING

Physicians or pharmacists should provide written orders and/or labels on prescription

bottles stating the name of the drug, the dosage and time to be given, and the recommended interval between doses.

1. Have note to be signed by parents. This note should include: request for medication to be given, student's name, grade, medication and dosage plus time to be given; what the medication is for; and emergency numbers in case the child has a reaction to the medication. Long term medication may be given by district personnel provided that the prescribing physician and parent or guardian completes the district medication permission request form.
- 2.
3. All medication should be in the original container with child's name on label. (Pharmacists should provide second container to be sent to school upon request). Drugs should not be mixed in a container.
4. Any OTC medications given to a student must be provided by that child's family and will only be administered by the school nurse. The school will NOT be providing any OTC medications to our students.
5. Two doses of medication may be given at school daily. Parents should be able to give the others. The time should be specified. The exception to this is medication for attention deficit disorder (hyperactivity). Long term medication to be given for attention deficit disorder should have a district medication request form signed by the parent or guardian on file at the school before given.
6. No medicine except for medicines or medication used in first aid will be administered to students by school personnel unless the student requires the medication in order to attend school. Any child who becomes sick or injured at school will be cared for by the teacher, nurse, secretary, or principal. If the child's condition is thought to be serious, the child will be taken home or parents will be contacted to come and get the child. In case immediate attention of a physician is necessary, the child will be taken to a local physician and the parents contacted. Parents are requested to furnish the school with the name of the family doctor of their choice. If no choice is indicated and immediate attention is necessary, the child will be taken to a doctor at the parent's expense.
7. Students may carry and use inhalers if they are prescribed by a physician and documentation is filed in advance in the principal's office (Act 1694 of 2005).

**Asthma Inhaler Use in School
Guidelines for Implementation of Act 1694 of 2005**

Act 1694 of 2005 requires school districts to allow students to carry and use prescription asthma inhalers and auto-injectable epinephrine while in school, at on-site school-sponsored activities, and at off-site school sponsored activities

Introduction

Public Law 108-377 passed by the 108th Congress in 2004 found the following:

Definitions

- “Self-administration” means a person’s discretionary use of a medication pursuant to a prescription or written direction from a licensed health care practitioner: medical doctor, nurse practitioner, or physician’s assistant.
- “Auto-injectable epinephrine” refers to an epi-pen (adult or junior) that is prescribed for a specific student.

Anaphylaxis, or anaphylactic shock, is a systemic allergic reaction that can cause death within minutes. Appropriate emergency treatment is an injection of epinephrine.

COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students who the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: chicken pox, measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant *Staphylococcus aureus*), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis B or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District’s exposure control plan when dealing with any bloodborne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

The District shall maintain a copy of each student’s immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student’s return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at school. The

parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

RIGHT TO PRIVACY

The school shall respect the child/individual's right to privacy and need for confidentiality. Therefore, the knowledge that a student/individual has an infectious/communicable disease will be confined to those with a direct need to know (e.g., principal, school nurse, teacher, and selected administrative personnel) as deemed appropriate by the advisory committee. These persons will be provided pertinent information concerning any needed precautions and will be made aware of confidentiality requirements.

PROCEDURES FOR STUDENTS IDENTIFIED WITH AIDS/ARC

1. Student is identified as having AIDS/ARC.
2. Superintendent of schools and/or coordinator of Nurses call for meeting of Advisory Committee.
3. Committee reviews medical and other relevant data, assesses suitability of school placement, and makes recommendation to Superintendent of Schools
4. If school placement is recommended, the Superintendent of Schools notifies the District Board of Directors.
5. If exclusion from regular school placement is recommended, the Advisory Committee is convened for recommendation of alternative placement. The Superintendent of Schools will notify the Board of Directors of any action taken.
6. If parents of a student eighteen years or younger are not in agreement with the decision of the Advisory Committee, they may appeal that decision to the Board of Directors.
7. Monthly review of all AIDS/ARC exclusions or placements are conducted by the district physician, the student's physician, and the coordinator of nurses.
8. At any time, the Superintendent of Schools, the director of pupil services, the district physician, and the coordinator of nurses may call for the re-convening of the Advisory Committee to consider changes in circumstance.

9. Standard procedures for minimizing the risk of disease transmission shall be followed.
10. Confidentiality is maintained at each step of the process.

HEAD LICE

No student will be allowed to attend the Lonoke School System or activities if he or she is infested with lice or nits.

Examinations of students' hair will be made by school district's nurse to determine if the student is infested with lice or nits.

If a student is infested with lice or nits, information will be sent home with the student instructing the parents on how to treat the problem.

Before a student is readmitted to school, the school district nurse must examine the student's hair to confirm the findings of family doctor or health nurse, and/or parents.

If this condition of lice or nits infestation continues, the following actions shall be taken:

- a. The school nurse may contact Department of Human Service (DHS) of the family's refusal to take care of the problem.
- b. The principal shall suspend the student until the student's hair is free of infestation of lice or nits.

CHILD ABUSE AND NEGLECT

It shall be the policy of the Lonoke School District to comply with all rules, regulations and laws of the State of Arkansas in reporting child abuse and neglect.

The following defined terms will be used in relation to this policy:

- a. Child - Any person under 18 years of age.
- b. Abuse - Any non-accidental physical injury, mental injury, sexual abuse, or sexual exploitation inflicted on a child, including, but not limited to, any one legally responsible for the care and maintenance of the child, or any injury which is at variance with the history given.
- c. Neglect - Failure to provide by those legally responsible for the care and maintenance of the child the proper or necessary support; education, as required by law; or medical, surgical or any other care necessary for his or her well being, or any maltreatment of the child.

The following procedure will be used in reporting abuse:

Any person with reasonable cause to suspect child maltreatment or that a child has died as a result of child maltreatment, or who observes a child being subjected to conditions or circumstances that would reasonably result in child maltreatment, may immediately notify the child abuse hotline.

When any mandated reporter has reasonable cause to suspect that a child has been subjected to child maltreatment or has died as a result of child maltreatment or observes a child being subjected to conditions or circumstances that would reasonably result in child maltreatment, he or she shall immediately notify the child abuse hotline by telephone call, facsimile transmission, or online reporting.

A.C.A. 12-12-507

Counselors will be responsible for making sure teachers are aware of child abuse indicators.

HEALTH SERVICE

Any child who becomes ill or injured at school will be cared for by the teacher, certified first aid person, nurse, or principal. If the child's condition is thought to be serious, the child will be taken home or parents will be contacted to come and get the child. In case immediate attention of a physician is necessary, the child will be taken to a local physician and the parents contacted.

Parents are requested to furnish the school with the name of the family doctor of their choice. If no choice is indicated and immediate attention is necessary, the child will be taken to some doctor at the parents' expense.

Section 6

Transportation and Safety

SAFETY

Follow all safety rules. Walk on the sidewalks. Where there is not a sidewalk, students should walk on the side of the street. Do not walk in yards. Watch for cars. Do not talk to strangers. Go straight home after school. Do not hang around the school.

CAR RIDERS

Every effort should be made to have your children at school by 7:55 a.m. and pick them up at 3:10 p.m. (Elementary – 3:20 p.m.) each day.

Time is valuable to our students and teachers. Students coming in late in the morning or leaving early in the afternoon is a distraction in the classroom that we need to eliminate except in emergencies.

Students, who have not been picked up by 3:30 p.m., will be placed in a STARS after-school classroom until the parent/guardian has picked up him/her. In such a case, the parent/guardian will be charged a day care fee to be specified by the principal.

BICYCLES

Bicycles are to be parked in the racks provided. Improper use of one's bike may mean that the child will be asked to leave his bike at home for a period of time.

FIRE DRILL AND TORNADO DRILLS

FIRE DRILLS

Fire drills will be held monthly and an exit chart is on the bulletin board showing routes of exit from all rooms in the building. The signal for a fire drill is a whooping sound. Upon hearing the signal, all students are expected to file quietly from the building to the designated areas of assembly. The “all clear” signal is one long ring of the bell. The Fire Marshals are in charge of all fire drills and their instructions will be followed without any questions during the fire drill.

TORNADO DRILLS

The alarm for a tornado is **one long continuous ring followed by instructions over the intercom.** (If the power is off, you will be notified by the principal as to what procedures to follow.) Upon hearing the signal for a tornado drill, students are to exit the classroom and walk to designated area. Students are to be seated on the floor and will cover their heads with their hands in the turtle position. Students will stay in that position until the principal announces it is safe to return to the classroom.

All schools in the District shall conduct fire drills at least monthly. Tornado drills shall also be conducted not fewer than four (4) times per year with at least one each in the months of September, October, January, and February. Students, who ride school buses, shall also participate in emergency evacuation drills at least twice each school year.

EMERGENCY CLOSING OF SCHOOL

The superintendent will notify the local TV stations as soon as possible. Alerts will appear on the District website also.

CONTACT WITH STUDENTS WHILE AT SCHOOL

All visitors must check through the principal's office before going to any of the classrooms. Children, unless accompanied by parents, are not permitted as visitors.

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.19 and any other policies that may apply.

Unless prior arrangements have been made with the school's principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of

Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold ” without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal’s designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after hours telephone number.

LONOKE PUBLIC SCHOOLS CRISIS MANAGEMENT PLAN

A district-wide Crisis Plan has been developed. This plan includes: 1) Crisis Communication Procedures, 2) Emergency Telephone Numbers, 3) Procedures For Dealing With The Media, Abduction - Bomb Threat, 4) Weapons On Campus - Hostage Situation - Gang Violence - Riots, 5) Chemical Leaks or Spills - Nuclear Threat - Fire - Explosion, 6) Suicide - Homicide - Death - Sexual Assault, 7) Natural Disasters - Accident Off Campus - Accident or Illness On Campus - Poisoning.

In the event that students **need** to be moved from a school, these sites will be used.

Technology Policies

TECHNOLOGY USE POLICY

The Lonoke School District makes computers and/or computer Internet access available to students, to permit students to perform research and to allow students to learn how to use computer technology. Use of district computers is for educational and/or instructional purposes only. It is the policy of this school district to equip each computer with Internet filtering software designed to prevent users from accessing material that is harmful to minors. For the purposes of this policy “harmful to minors” is defined as any picture, image, graphic image file, or other visual depiction that –

- (A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex or excretion;
- (B) depicts describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
- (C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

No student will be granted Internet access until and unless a computer-use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the computer use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Student use of computers shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their computer use, including email, and that monitoring of student computer use is continuous. Students must not disable or bypass security procedures, compromise, attempt to compromise, or defeat the district’s technology network security or Internet filtering software, alter data without authorization, or disclose passwords to other students. Students who misuse district-owned computers or Internet access in any way, including using computers to violate any other policy or contrary to the computer use agreement, or using the computers to access or create sexually explicit or pornographic text or graphics, will face disciplinary action, as specified in the student handbook and/or computer use agreement.

In an effort to help protect student welfare when they navigate the Internet, the district will work to educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

Students who violate technology user agreements are also subject to the penalties outlined in the agreement.

Students who use technology to violate other policies will be subject to discipline for misuse of technology as well as the policy violation.

Smart Core and Your Child's Future

SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2011-12 AND 2012-13

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are 18 years of age or older, sign *Smart Core Waiver Form* to not participate. While Smart Core is the default option, both a *Smart Core Informed Consent Form* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh grade, or when a 7-12 grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent records. This policy is to be included in student handbooks for grades 6-12 and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means.

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;

- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

The first year of this policy's implementation all employees required to be certified as a condition of their employment shall receive training regarding this policy so that they will be able to help successfully implement it. In subsequent years, administrators, or their designees, shall train newly hired employees, required to be certified as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.
